Undergraduate Program Changes

TABLE ONE

Dale Bumpers College of Agriculture, Food and Life Sciences

School of Human Environmental Sciences

HESCBS – BSHEs, Human Environmental Sciences – Attachments 1A, 1A-1 and 1A-2

The GHES curriculum must be redesigned for several reasons. The deletion of HESC 4813 was due to the interior design program leaving the School of Human Environmental Sciences. Addition of HESC 1603 allows students exposure to the hospitality industry. Changes to HLSC courses are reflected in the program catalog copy because of the changes to the alpha code and changing their titles. The HLSC courses were already utilized by the program. Total hours for the degree remain at 124.

Fay Jones School of Architecture

Department of Landscape Architecture

LARC-M – Minor in Landscape Architecture – Attachments 1B and 1B-1

This minor is being added to assist Horticulture students and others interested in planting design as a career path or an augmentation to their educational studies. It will complement horticulture, architecture and interior design students' educational goals and provide a mechanism for access to courses normally reserved for majors only. This change will not eliminate any programs or program components.
