See attached for current curriculum, showing tracked changes. Indicated curriculum changes to the HRMN major, were requested and approved prior to, and separate from, the effort to bring the degree program into Act 747 compliance. 1) Students who have completed a Science course listed in the core have not been able to apply it to the Hospitality degree because BIOL 1543/1541L and CHEM 1073/1071L have been specified. This change will allow students who have completed courses in accordance with the State Minimum Science core for science to apply those courses to the Hospitality program. 2) HESC 3604: separate into HESC 3603 Lecture and HESC 3601L Lab because lab is no longer required for dietetics students due to new "AND" (Academy of Nutrition and Dietetics) regulations, however, lecture is still required for those students. HRMN students are still required to complete both HESC 3603 and 3601L 3) In response to ACT 747, HESC2112/2111L has been eliminated from the curriculum as well as 1 credit hr of electives to reduce total credit hours required from 124 to 120.
