

requirement 9 hours, specified as follows: "9 hours of another world language, or 6 hours of another world language plus 3 additional hours language-related, or 9 hours language-related". The net change in total number of courses required by the major is reduced by 3 credit hours (substituting general electives).

The 8-semester plan will also be modified to reflect the change to only require 120 total degree credit hours instead of 124 by removing 4 general elective credits.

Check if either of these boxes apply and provide the necessary signature:

- Program change proposal adds courses offered by another academic college, and that college dean's office has been notified. The signature of the dean of that academic college is required here: _____
- Program change proposal deletes courses offered by another academic college, and that college dean's office has been notified. The signature of the dean of that academic college is required here: _____

Check all the boxes that apply and complete the required sections of the form:

- Change of Name and Code (Complete only sections I, II, V and VII.)
- Change Course Requirements: (Complete all sections of the form except "Proposed Name" in II, section III, and section IV.)
- Change Delivery Site/Method (Complete all sections of the form except "Proposed Name" in II, section III, and section IV.)
- Change Total Hours (Complete all sections of the form except "Proposed Name" in II, section III, and section IV.)
- Change in Program Policies

SECTION VI: Justification

Justify this change and state its likely effect on any other degree program (including those outside the school or college). Identify any program or program components (other than courses) to be eliminated if this program is implemented. (Program and course change forms must also be submitted for such related changes.)

After having advised now for nearly a year on the new major requirements, we have agreed in WLLC to simplify and streamline a bit our additional major requirements. This is primarily to eliminate some odd interactions between our additional major requirements and the state minimum core, which we had not anticipated because we had never advised from or used just the state minimum core (we were using rather, the Fulbright College core, very different): for example, the fact that a 2003-numbered world language course counts in the core under humanities and also in our new major requirements as a humanities course; or the fact that the intricacies and inconsistencies of the advanced English exemption policy make it just too complicated and impractical to implement fairly. Our intent is also to make our major requirements more directly pertinent to world language issues, and to make the attainment of a world language double or triple major more straightforward to achieve for students wishing to do so. The change in the total # of hours required for a degree from 124 to 120 is due to a state-wide mandate.

SECTION VII: Catalog Text and Format

In the box below, insert the current catalog text which is to be changed, with changes highlighted with the color yellow. Include all proposed changes identified in Section V. Only changes explicitly stated in Section V will be considered for approval by the University Course and Programs Committee, the Graduate Council and the Faculty Senate. If you are proposing a new program, give proposed text with all of the elements listed below. If you are proposing modified text, include these elements as appropriate.

Include the following elements, in order, in the catalog text for proposed undergraduate program(s) or program changes:

- State complete major/program name
- Briefly define or describe the major/program or discipline.
- Identify typical career goals or paths for graduates. (Optional)
- State admission requirements (if any) for entry or entry into upper/advanced level of major/program.
- Identify location in catalog of university, college/school, and department/program requirements which the student must meet in addition to hours in the major, but do not restate these requirements.
- State course requirements in the major and any allied areas, giving number of hours and specific courses; specify electives or elective areas and give numbers of hours and courses in elective pools or categories; identify any other course requirements.
- State any other requirements (required GPA, internship, exit exam, project, thesis, etc.).
- Identify name and requirements for each concentration (if any).
- Specify whether a minor or other program component is allowed or required and provide details.
- State eight-semester plan requirements

For minors, state requirements in terms of hours, required courses, electives, etc.

For graduate program/units, include elements (as needed) parallel to those listed for undergraduate programs above.

For Law School program/units, prepare text consistent with current catalog style.

For centers, prepare text consistent with current catalog style.
