A statement is being added to the Humanities Colloquium section to indicate that completion of the 4 th semester of Honors Roots Culture HUMN 2124H waives the Humanities Colloquium requirement.
Check if either of these boxes apply and provide the necessary signature:
 □ Program change proposal adds courses offered by another academic college, and that college dean's office has been notified. The signature of the dean of that academic college is required here: □ Program change proposal deletes courses offered by another academic college, and that college dean's office has been notified. The signature of the dean of that academic college is required here:
Check all the boxes that apply and complete the required sections of the form:
 □ Change of Name and Code (Complete only sections I, II, V and VII.) □ Change Course Requirements: (Complete all sections of the form except "Proposed Name" in II, section III, and section IV.) □ Change Delivery Site/Method (Complete all sections of the form except "Proposed Name" in II, section III, and section IV.) □ Change Total Hours (Complete all sections of the form except "Proposed Name" in II, section III, and section IV.) □ Change in Program Policies
SECTION VI: Justification
Justify this change and state its likely effect on any other degree program (including those outside the school or college). Identify any
program or program components (other than courses) to be eliminated if this program is implemented. (Program and course change forms must also be submitted for such related changes.) Option I: The way the catalog copy is stated, a student needs nine hours of core coursework to be chosen from fine arts, world literature, and philosophy. Thus, the student could select WLIT 1113, WLIT 1123, and PHIL 2003 to fulfill the Honor Scholars requirement, leaving him/her without a fine arts course. Option I will be changed to specify that the student must select at least one course from fine arts to be sure to satisfy the state core requirement.

Option II: Similarly, under Option II, a student could select their fine arts/humanities coursework in such a way that the student would be short of a minimum state core requirement. The curriculum is being changed to require that the student complete a university/state core fine arts course. Under Option II, students satisfy the humanities requirement for the university and the state when they complete the first three courses in the Honors Roots Culture sequence (HUMN 1114, 1124 and 2114).

Honors Bachelor of Science Degree Requirements

Requirements for Departmental Honors: Specific academic requirements including course work, participation in departmental honors colloquia or seminars, and independent study projects are established by the faculty of the individual departments or study areas and are approved by the Honors Council. However, all departmental honors students must have a 3.5 cumulative grade-point average, complete and defend an honors thesis, and take 12 hours (which may include six hours of thesis) in Honors Studies. Information concerning these requirements is given within each department's catalog listings.
