- Change in Program Policies

SECTION VI: Justification

Justify this change and state its likely effect on any other degree program (including those outside the school or college). Identify any program or program components (other than courses) to be eliminated if this program is implemented. (Program and course change forms must also be submitted for such related changes.)

Required by Act 747 to reduce the total number of hours in the RESMBS Degree Program from 124-120 credits.

SECTION VII: Catalog Text and Format

In the box below, insert the current catalog text which is to be changed, with changes highlighted with the color yellow. Include all proposed changes identified in Section V. Only changes explicitly stated in Section V will be considered for approval by the University Course and Programs Committee, the Graduate Council and the Faculty Senate. If you are proposing a new program, give proposed text with all of the elements listed below. If you are proposing modified text, include these elements as appropriate.

Include the following elements, in order, in the catalog text for proposed undergraduate program(s) or program changes:

- State complete major/program name
- Briefly define or describe the major/program or discipline.
- Identify typical career goals or paths for graduates. (Optional)
- State admission requirements (if any) for entry or entry into upper/advanced level of major/program.
- Identify location in catalog of university, college/school, and department/program requirements which the student must meet in addition to hours in the major, but do not restate these requirements.
- State course requirements in the major and any allied areas, giving number of hours and specific courses; specify electives or elective areas and give numbers of hours and courses in elective pools or categories; identify any other course requirements.
- State any other requirements (required GPA, internship, exit exam, project, thesis, etc.).
- Identify name and requirements for each concentration (if any).
- Specify whether a minor or other program component is allowed or required and provide details.
- State eight-semester plan requirements

For minors, state requirements in terms of hours, required courses, electives, etc.

For graduate program/units, include elements (as needed) parallel to those listed for undergraduate programs above.

For Law School program/units, prepare text consistent with current catalog style.

For centers, prepare text consistent with current catalog style.

Recreation and Sport Management (RESM) 2012-1013 Catalog 124 hours

- Professor Moiseichik
- Associate Professor Langsner
- Assistant Professors Benton, Dittmore

The program of recreation is designed to prepare candidates for a variety of career opportunities in the field of recreation and sport management. Career opportunities may include park and recreation directors for a city, college and professional sports management, fitness center managers, state and national park managers, camp administrators, or work in YMCAs, Boys and Girls Clubs, or other youth-serving agencies. Graduates of this program should be well prepared to enter the recreation and sport workforce at an entry level position or pursue graduate studies in such areas as recreation management, sport management, or other allied health professional schools.

The candidate for the Bachelor of Science in Education degree with a major in recreation and sport management must select professional electives in an area of interest with help from an academic adviser from the recreation and sport management faculty. Each set of professional electives is developed individually to meet specific career goals. Professional electives are 24 hours, generally in academic areas other than the recreation and sport management program. Examples of professional electives include, but are not limited to, public recreation, children and families, fitness club management, commercial recreation, special event management, camp administration, outdoor leadership, community sports, sport management, youth at risk, and outdoor recreation.

All students must complete the University Core requirements as listed under [University Core Courses](#). In addition, all students must take the required general studies for the recreation and sport management core requirements listed below. Recreation and sport management majors must obtain a “C” or better in all courses beginning with the alpha code RESM. To enroll in RESM 440V, students must have a 2.50 GPA or better in RESM core and professional elective courses.

There are several experiential requirements within the recreation and sport management core. Students are required to do three practicum experiences (RESM 201V) in three different agencies. Each experience totals 45 hours. A more intense experience of an internship (RESM 440V) requires a minimum of 400 hours or work full time for 12-15 weeks in an agency with a qualified park and recreation and sport management professional. Students in the recreation and sport management program must obtain one instructor-level certification and a second certification in another area of expertise, which must be appropriate to recreation and sport management and be pre-approved by the recreation and sport management program. For additional information regarding these certifications see a recreation and sport management faculty adviser. Certifications must be valid at the time of graduation and be completed before a grade will be assigned in RESM 4013 Contemporary Issues in Leisure and Sport. A minimum of 124 hours are required for graduation in the major of recreation and sport management.

An undergraduate minor in recreation and sport management is also available to students enrolled in other majors. Students with interests related to the recreation and sport profession such as business, biology, human environmental science, or horticulture may elect the 15-hour minor. This minor could enhance future career opportunities.

Note: The minimum number of hours required to receive a baccalaureate degree at the University of Arkansas is 124 semester hours.

The Recreation and Sport Management major is exempt from Act 1014, which requires eight-semester degree plans for most majors, because students are recommended to register for RESM 440V (Internship) after the completion of their course work. This is necessary because the recreation and sport management agencies have their busiest season in the summer. For a recommended nine-semester plan, however, please refer to the College of Education and Health Profession's Web site at coehp.uark.edu.
