*** Earlier coursework may be required for successful enrollment and completion of a world language at the 2003 Intermediate I Level. Courses needed prior to enrollment in a world language 2003 Intermediate II course will depend on placement and prior world language coursework taken in high school. Fulbright College requires 2 years of world language study in high school as a condition of admission to Fulbright College. Students with this level of preparation generally begin their language sequence at the 1013 Elementary II level. Credit for language at the 1003 Elementary I level is not applied to a Fulbright College degree if it is in the same language studied in high school or if the student did not meet the Fulbright language admission requirement. In those cases, the 1003 language course is considered remediation and/or satisfaction of the college entrance requirement	XXXX 1003** XXXX 1013 various world language subject codes: ARAB CHIN FREN GERM GREK ITAL JAPN LATN RUSS SPAN SWAH	Beginning I [World Language] Beginning II [World Language]	0 - 6
