

**ADD, CHANGE OR DELETE UNIT, PROGRAM REQUIREMENTS, OR ACADEMIC POLICIES**

Complete this form consistent with the instructions in Academic Policy 1622.20. Use the form to add, change, or delete a program or unit or to change program policies. Proposed additions and changes must be consistent with Academic Policies 1100.40 and 1621.10 and any other policies which apply.

**SECTION I: Approvals**

Department / Program Chair \_\_\_\_\_ Date Submitted \_\_\_\_\_

Graduate Council Chair \_\_\_\_\_ Date \_\_\_\_\_

College Dean \_\_\_\_\_ Date \_\_\_\_\_

Faculty Senate Chair \_\_\_\_\_ Date \_\_\_\_\_

Honors College Dean \_\_\_\_\_ Date \_\_\_\_\_

Provost \_\_\_\_\_ Date \_\_\_\_\_

Core Curriculum Committee \_\_\_\_\_ Date \_\_\_\_\_

Board of Trustees Approval/Notification Date \_\_\_\_\_

University Course and Programs Committee \_\_\_\_\_ Date \_\_\_\_\_

Arkansas Higher Education Coordinating Board Approval/Notification Date \_\_\_\_\_

**SECTION II: Profile Data - Required Information and Name Change Information**Academic Unit:  Major/Field of Study  Minor  Other Unit Geophysics Concentration  PolicyLevel:  Undergraduate  Graduate  Law Effective Catalog Year 2014

Program changes are effective with the next available catalog. See Academic Policy Series 1622.20

Current Name BS, Geology (add Geophysics Concentration)College, School, Division ARSCDepartment Code GEOSCurrent Code (6 digit Alpha) GEOLBS

Proposed Code (6 digit Alpha) \_\_\_\_\_

Prior approval from the Office of the Registrar is required.

 Interdisciplinary ProgramCIP Code 40.0601

Prior assignment from Office of Institutional Research is required.

Proposed Name \_\_\_\_\_

When a program name is changed, enrollment of current students reflects the new name.

**SECTION III: Add a New Program/Unit**

For new program proposals, complete Sections II and VII and use as a cover sheet for a full program proposal as described in 'Criteria and Procedures for Preparing Proposals for New Programs in Arkansas.' ADHE  
[http://www.adhe.edu/divisions/academicaffairs/Pages/aa\\_academicproposals.aspx](http://www.adhe.edu/divisions/academicaffairs/Pages/aa_academicproposals.aspx)

Program proposal uses courses offered by another academic college, and that college dean's office has been notified. The signature of the dean of that academic college is required here: \_\_\_\_\_

**SECTION IV: Eliminate an Existing Program/Unit**

Code/Name \_\_\_\_\_ Effective Catalog Year \_\_\_\_\_

No new students admitted to program after Term: \_\_\_\_ Year: \_\_\_\_\_

Allow students in program to complete under this program until Term: \_\_\_\_ Year: \_\_\_\_\_

**SECTION V: Proposed Changes to an Existing Program or Program Policies**Insert here a statement of the exact changes to be made: Adding a geophysics concentration option to the Geology, BS.

Check if either of these boxes apply and provide the necessary signature:

- Program change proposal adds courses offered by another academic college, and that college dean's office has been notified. The signature of the dean of that academic college is required here: \_\_\_\_\_
- Program change proposal deletes courses offered by another academic college, and that college dean's office has been notified. The signature of the dean of that academic college is required here: \_\_\_\_\_

Check all the boxes that apply and complete the required sections of the form:

- Change of Name and Code (Complete only sections I, II, V and VII.)
- Change Course Requirements: (Complete all sections of the form except "Proposed Name" in II, section III, and section IV.)
- Change Delivery Site/Method (Complete all sections of the form except "Proposed Name" in II, section III, and section IV.)
- Change Total Hours (Complete all sections of the form except "Proposed Name" in II, section III, and section IV.)
- Change in Program Policies

### **SECTION VI: Justification**

*Justify this change and state its likely effect on any other degree program (including those outside the school or college). Identify any program or program components (other than courses) to be eliminated if this program is implemented. (Program and course change forms must also be submitted for such related changes.)*

**A variety of subdisciplines of the geological sciences rely increasingly on quantitative, physics-based understanding of earth materials and geological and hydrological processes. Preparation for work within these fields requires a combination of geology, physics, and mathematics skills that is not typically obtained from a traditional degree program within geology or physics. The proposed concentration option will use existing faculty, courses, and resources to prepare students who are competitive for the top geophysics graduate programs in the country and will also act as a recruiting tool to bring physics majors into a double major in geology. The final aim can be energy or environmental industry (MS terminal degree) or research careers within geophysics broadly-defined (PhD terminal).**

### **SECTION VII: Catalog Text and Format**

*In the box below, insert the current catalog text which is to be changed, with changes highlighted with the color yellow. Include all proposed changes identified in Section V. Only changes explicitly stated in Section V will be considered for approval by the University Course and Programs Committee, the Graduate Council and the Faculty Senate. If you are proposing a new program, give proposed text with all of the elements listed below. If you are proposing modified text, include these elements as appropriate.*

**Include the following elements, in order, in the catalog text for proposed undergraduate program(s) or program changes:**

- State complete major/program name
- Briefly define or describe the major/program or discipline.
- Identify typical career goals or paths for graduates. (Optional)
- State admission requirements (if any) for entry or entry into upper/advanced level of major/program.
- Identify location in catalog of university, college/school, and department/program requirements which the student must meet in addition to hours in the major, but do not restate these requirements.
- State course requirements in the major and any allied areas, giving number of hours and specific courses; specify electives or elective areas and give numbers of hours and courses in elective pools or categories; identify any other course requirements.
- State any other requirements (required GPA, internship, exit exam, project, thesis, etc.).
- Identify name and requirements for each concentration (if any).
- Specify whether a minor or other program component is allowed or required and provide details.
- State eight-semester plan requirements

**For minors, state requirements in terms of hours, required courses, electives, etc.**

**For graduate program/units, include elements (as needed) parallel to those listed for undergraduate programs above.**

**For Law School program/units, prepare text consistent with current catalog style.**

**For centers, prepare text consistent with current catalog style.**

**[to be inserted after requirements for the major in Geology, and before the Writing Requirement]**

**Requirements for a Major in Geology, Geophysics Concentration leading to the B.S. Degree:** In addition to the [University/state core requirements](#) and the [Fulbright College of Arts and Sciences Graduation Requirements](#) (see under College Academic Regulations and Degree Completion Policy), the following course requirements must be met. Bolded courses from the list below may be applied to portions of the University/state minimum core requirements.

Completion of these requirements will result in a double major in both geology and physics.

<a href="#">CHEM 1103</a> & <a href="#">CHEM 1101L</a>	University Chemistry I (Su, Fa) and University of Chemistry I Laboratory (Sp, Su, Fa)	4

## Geology B.S. with Geophysics Concentration

### Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the [Eight-Semester Degree Policy](#) in the Academic Regulations chapter for university requirements of the program as well as Fulbright College requirements.

Core requirement hours may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute a three-hour (or more) general elective in place of a core area. Students should consult their advisers.

<b>First Year</b>		<b>Units</b>
		<b>Fall Spring</b>
<a href="#">ENGL 1013</a>	Composition I (ACTS Equivalency = ENGL 1013) (Sp, Su, Fa)	3
