## SECTION III: Add a New Program/Unit

For new program proposals, complete Sections II and VII and use as a cover sheet for a full program proposal as described in 'Criteria and Procedures for Preparing Proposals for New Programs in Arkansas.' ADHEhttp://www.adhe.edu/divisions/academicaffairs/Pages/academicaffairs.aspx

Insert here a statement of the exact changes to be made: The CSES orientation course is being deleted in response to the creation of the unviersity-wide UNIV 1001 University Perspectives orientation course and the credit is being added to Elective hours. Another change is a provision for students to choose 3 hours Controlled Electives from the Agricultural Business minor, if they are choosing to complete that minor while pursuing the CPSC BS degree. Finally, a course was added to options in Group B.

Check if either of these boxes apply and provide the necessary signature:Program change proposal adds courses offered by another academic college, and that college dean's office has been notified. The signature of the dean of that academic college is required here:Program change proposal deletes courses offered by another academic college, and that college dean's office has been notified. $\square$ Change Delivery Site/Method (Complete all sections of the form except "Proposed Name" in II, section III, and section IV.)Change Total Hours (Complete all sections of the form except "Proposed Name" in II, section III, and section IV.) Change in Program Policies

## SECTION VI: Justification

Justify this change and state its likely effect on any other degree program (including those outside the school or college). Identify any program or program components (other than courses) to be eliminated if this program is implemented. (Program and course change forms must also be submitted for such related changes.)
The CSES orientation course is being deleted in response to the creation of the unviersity-wide UNIV 1001 University Perspectives orientation course and the credit is being added to Elective hours. The CSES 1011 course is not needed any longer. The changes to the AG Business minor are in response to changes made by Agricultural Business to keep the CPSC check sheet in agreement with the choices in the AG Business minor. ENSC 3263 has been revised and soil management covered in that course is relevant to CPSC majors, and is being added to the degree plan as an option.

## SECTION VII: Catalog Text and Format

In the box below, insert the current catalog text which is to be changed, with changes highlighted with the color yellow. Include all proposed changes identified in Section V. Only changes explicitly stated in Section $V$ will be considered for approval by the University Course and Programs Committee, the Graduate Council and the Faculty Senate. If you are proposing a new program, give proposed text with all of the elements listed below. If you are proposing modified text, include these elements as appropriate.

Include the following elements, in order, in the catalog text for proposed undergraduate program(s) or program changes:

- State complete major/program name
- Briefly define or describe the major/program or discipline.
- Identify typical career goals or paths for graduates. (Optional)
- State admission requirements (if any) for entry or entry into upper/advanced level of major/program.
- Identify location in catalog of university, college/school, and department/program requirements which the student must meet in addition to hours in the major, but do not restate these requirements.
- State course requirements in the major and any allied areas, giving number of hours and specific courses; specify electives or elective areas and give numbers of hours and courses in elective pools or categories; identify any other course requirements.
- State any other requirements (required GPA, internship, exit exam, project, thesis, etc.).
- Identify name and requirements for each concentration (if any).
- Specify whether a minor or other program component is allowed or required and provide details.
- State eight-semester plan requirements

For minors, state requirements in terms of hours, required courses, electives, etc.
For graduate program/units, include elements (as needed) parallel to those listed for undergraduate programs above.
For Law School program/units, prepare text consistent with current catalog style.
For centers, prepare text consistent with current catalog style.
