Description and justification of the request:

Justification for music history, applied music, and conducting changes: The proposed changes reflect a comprehensive teaching strategy centered around the study of conducting (the focus of the degree) with courses designed to support that focus. This would balance the degree offering, and accurately reflect in the degree program the amount of private conducting study the students require, and indeed, are already receiving.

Justification for theory changes: The proposed changes to the theory curriculum better reflect the current broad spectrum of music theory studies and research. The new option will give students the opportunity to embrace the theoretical approach most relevant to their educational path. We believe these options also will better engage students and aid in retention.

Made additional edits requested by the department. Changes to headings sections I (removed "and Composition") and II (removed "Ethnomusicology").

 In Section II, removed "Other courses to be selected from 5000-level MUHS or MUSY offerings." Added MUHS 5903. Changed MUHS 4793 from an optional course to a required course.
 In Section III, changed MUAP 510V to MUAP 5001.
 Modified number of electives from "4-8" to just 4 credits to adjust for the addition of specified required courses.
