ARCH Honors	Effective Catalog Year	Fall 2014	Fall 2017
	Department Code	Department of Architecture	Department of Architecture and Design Dean
	Description and Justification of the Request	Updating name of school throughout.	The Fay Jones School of Architecture and Design wishes to have ONE honors track instead of three - on each for the individual departments. This will make it so much easier to advise with all three departments and faculty on the same page. I will be deleting the honors tracks from Interior Design and Landscape Architecture. We want one location (one school policy) to identify our honors program.

	Description and Justification of the Request		We are proposing to add a second test as an alternative to the GRE for admission to the program. This requirement would exempt the program from the GRE requirement at the level of the Graduate School admissions office and would impose either the GRE or SLLA as a program requirement for admission consideration. The School Leadership Licensure Assessment (SLLA) is superior to the GRE in relation to the measurement of program degree applicants' potential for success in the EDLE Education Specialist degree. The SLLA is a national standardized test that is recognized as the equivalent to a Praxis exam for educational leadership.
	Program Reviewer Comments		pkoski Mon, 21 Nov 2016 19:23:16 GMT I have added a statement about what is being proposed. Previously there was only a justification but no statement of the change being proposed.
EDSTBS	Effective Catalog Year	Fall 2016	Summer 2017
	Description and Justification of the Request	<p>The proposed program changes are designed to structure the EDSTBS program to be in alignment with other national EDST programs. National EDST programs contain 12 distinct course areas (psychology, philosophy, politics, history, special education, language acquisition, literacy, literature, multiculturalism, religious education, measurement evaluation, and informal education). Under the current EDSTBS program structure only 4 of the 12 areas are addressed (psychology, philosophy, politics, and informal education). The program is seeking to add the areas of history, special education, language acquisition, literacy, literature, multiculturalism, and religious education to the program of study.</p> <p>Addition of a 'C' or better requirement for transfer credit on courses originating outside of the University of Arkansas system.</p> <p>Specific changes include: Changed Teaching and Learning category to Educational Base Courses. Also removed "Application" category from this group of classes, changing total hours for this group from 18 to 45 credit hours. Added the following courses to this group: CIED 3023, CIED 4413 or CIED 4403, EDST 3203, EDST 3223, EDST 3333, EDST 4213, CNED 3053 or CIED 4003, ENGL 2173 CDIS 2253 or PBHL 2613 or PBHL 2663 or RESM 2853 or SCWK 2133, HRWD 3123 or SCWK 3193 or SCWK 3233 or SCWK 3633.</p> <p>Added an Experiential Courses category of 9 hours. Requiring EDST 3023 twice and EDST 4013. Removed EDST 3223.</p> <p>Removed COEHP Higher Electives category of 30 hours and replaced it with 15 hours of Upper Level COEHP/Advisor Approved Electives and 16 hours of Lower Level Electives.</p>	<p>There was a discrepancy between two contradictory statements in the footnotes for the program plan and the eight-semester plan regarding upper level elective approval. The contradictory statements were that upper level electives needed to be COEHP courses or have program advisor approval OR that electives needed to be 3000/4000 level electives. Both were present during 2016-2017 major program revision. The footnotes have been edited to read "3000/4000 level electives" as intended by the revisions. This is only a correction to the catalog copy. No LON should be required.</p>

IDES Honors	Program Effective Status	Active	
	Effective Catalog Year	Fall 2014	Fall 2017
	Description and Justification of the Request	Updating name of school throughout.	We are forming one overall honors program for the entire school. Departmental requirements will not longer exist. All FJSOA+D students will follow the same requirements. This will make the honors program easier to advise and much more transparent.

INEGBS	Effective Catalog Year	Fall 2016	Fall 2017
	Scheduled Program Review Date	Fall 2020	2020-2021
	Description and Justification of the Request	<p>Changes: INEG 2513 has been renumbered as INEG 3513 and moved from spring 2nd year to spring 3rd year. MEEG 2303 is now required in the 2nd year spring semester MEEG 2403 or CHEG 2313 requirement has been removed from spring 3rd year.</p> <p>Justification: The new INEG 3513 requires introduction to materials (MEEG 2303) as pre-requisite knowledge. Material within MEEG 2303 appears on the Fundamental Exam for industrial engineers. MEEG 2403 or CHEG 2313 has been dropped to maintain total number of credit hours for the degree.</p>	Replaced INEG 4904 in 4th year Spring with INEG 4911 4th year fall and INEG 4923 4th year Spring. This splits our single senior design course into a two course sequence.

KINSBS-PEWL	Effective Catalog Year	Fall 2016	Fall 2017
	Student Demand	155	157
	Description and Justification of the Request	Added program abbreviation to title of 8-semester plan	The pedagogy faculty has voted to move The School Health Program (PHED 3573) class from the listing of pedagogical classes as part of the admission process into teacher education into the listing of regularly required courses for the degree program. The pedagogy class listing are classes that are gate checked with a certain grade point average, passing of the Praxis Core (all three parts) and PHED 1003 as prerequisites. The PHED faculty feel It is important to have enough upper division classes that are not a part of the admission process available for students; particularly transfer students and those students that may just be barely below the standard of admission to teacher education and need another semester to complete that process. The prerequisite for this class; The School Health Program (PHED 3573) is PBHL 1103 (Personal Health and Safety). It always has been the prerequisite and did not change when we inadvertently put the classes in the list of pedagogical class. This does not change the program in any way as to classes required or required hours for the degree. It is just placing the class in a different category in the curriculum.
