MATHBA	Effective Catalog Year	Fall 2016	Fall 2017
	Description and Justification of the Request	<p>We propose to remove MATH 2701 Survey of Higher Mathematics from the BA major requirements as it was posing a hurdle to students transferring into the major in their third or fourth year.</p> <p>In the eight semester degree plan, the one additional hour was assigned to general elective or course work to be applied to the minor.</p>	We propose to allow CSCE 4133 (Algorithms) to count as an elective to fulfill the 12 semester hours of 3000+ MATH/STAT (including MATH 2584).

	Effective Catalog Year	Fall 2016	Fall 2017
	Description and Justification of the Request	Corrected MATH 3423 to 4423	<p>Changing MATH 4423 to MATH 3083 in 8-semester plans to align our program with new math minor requirements. MATH 3083 is needed for an upper level physics course - Intro to Quantum Mechanics (PHYS 4073).</p> <p>Correct type of change to "minor" for workflow purposes.</p>
	Adding Changing or Deleting a Concentration	Yes	No
	Concentrations	Biophysics Concentration	
	Program Reviewer Comments		<p>ddraper Thu, 22 Sep 2016 18:16:48 GMT Made minor modification to 8-semester plan to indicate certain courses as being recommended since they serve as prerequisites for upper-level CHEM and BIOL course options, and also reflected additional options for upper-level concentration requirements.</p> <p>agriffin Fri, 23 Sep 2016 17:56:29 GMT Rollback: Please adjust reason for change to a minor change.</p> <p>agriffin Thu, 29 Sep 2016 13:49:28 GMT The following courses have been noted as recommended options. However, a technical glitch is keeping them from showing the comments in the preview window. I am approving this request while the technical issue gets addressed: BIOL 2533/2531L, BIOL 2013/2011L, CHEM 3603/3601L, CHEM 3613/3611L, BIOL 4003, and BIOL 3023. See attached correspondence for additional details.</p> <p>lkulcza Tue, 04 Oct 2016 20:56:31 GMT Changing requirements within the concentration, but not changing the concentration itself; updated form to reflect this.</p>
