Program Goals:	

Program Goals and Objectives	
<p>The goal of the Birth through Kindergarten (BRKD) program is to ensure that educators are prepared to teach infants, toddlers, preschoolers, and kindergarteners with and without disabilities. The Birth through Kindergarten program will prepare educators to work in settings that serve young children, including public schools, early intervention programs, child care and education centers, and residential placement centers. The BRKD program will meet the need for a teacher licensure program that leads to Arkansas' Integrated Birth through Kindergarten/Special Education teacher license, as set forth in Arkansas Department of Education Rules Regarding Teacher Licensure</p>	
<p>(http://www.arkansased.gov/public/userfiles/Legal/Legal-Current%20Rules/ADE317_Educator_Licensure_EMERGENCY_RULE_SBOE_2015_02_12_Approved.pdf).</p>	
<p>Program Objectives:</p>	
<p>BRKD students are expected to:</p>	
<ol style="list-style-type: none"> 1. Identify and describe accurate and evidence-based knowledge of the bio-ecological context of child development to include being knowledgeable and accepting of the diversity in the lived experiences of children and families. 2. Demonstrate the ability to identify and address complex social problems by forming solutions that are contextually appropriate and feasible. 3. Critically analyze, evaluate, and synthesize information, ideas, and beliefs in the process of forming conclusions and solutions to complex social issues and problems. 4. Be proficient in writing, making presentations, and evaluating human service programs and/or social contexts. 5. Demonstrate the application of their evidence-based knowledge of diversity, engaging in effective and appropriate interactions across the birth – kindergarten years. Their behaviors, attitudes, and interactions demonstrate that they have the cultural competency needed to work effectively cross-culturally. 6. Identify ethical issues and dilemmas, reflect on their own core values, and apply them to complex social problems.

Description and justification of the request

Description of specific change	Justification for this change
<p>Removed the course HESC 1501 Issues and Trends in Human Environmental Sciences (1 credit). Added 1 hour to the general electives for the major.</p>	<p>1. The course content of HESC 1501 Issues and Trends in Human Environmental Sciences (1 credit) is not relevant to students studying birth through kindergarten education. It had previously been included because we believed that it was needed for school-level AAFCS accreditation. However, this has changed and the course is being dropped by other HESC majors. For these reasons we are removing it from the BRKD teacher licensure degree plan.</p>
