Description and justification of the request

Description of specific change	Justification for this change
Changing name of concentration from Insurance to Risk Management.	The term Risk Management is now more commonly used in the business community and it has a wider coverage than insurance. This change in name will also move us into the current form and content of the concentration that, internationally, companies are recruiting and hiring. The fundamental construct of our courses will not be affected by this name change.

Reviewer Comments **Alice Griffin (agriffin) (09/04/17 11:26 am)**: Changed action with concentration from adding a new concentration to changing existing concentration. Changed response to no for the field of interdisciplinary program. The concentration only requires courses from WCOB. Inserted 120 to the total hours field. Inserted scheduled program review date.
