Program Requirements and Description

Requirements

Stage II: Admission to the Communication Disorders Program (CDIS)

Admission to the Communication Disorders Program is competitive and occurs after completion of all Pre-Communication Disorders requirements and prior to the beginning of the fall semester of the junior year.

Applications to the Communication Disorders (CDIS) program must be submitted by January 30th.

The application process includes:
Submission of Communication Disorders Application, Form, Letter of Intent, and Curriculum Guide Form.
Submission of transcripts for all coursework
Submission of passing score on Math, Reading, and Writing sections of Praxis Core Exam
Satisfactory completion of an admission interview with designated faculty
As a result of the competitive process, not all applicants meeting the minimum requirements will be admitted to the program.

Stage III: Requirements for Program Continuation and Completion

Maintain a minimum cumulative GPA of 3.0.
In order to enroll in CDIS 4001 Clinical Practicum: Undergraduate, students must have an overall GPA of 3.0 in the following courses: CDIS 2253, CDIS 3124, CDIS 3213, CDIS 3223, CDIS 3224, CDIS 3203, CDIS 4223 and a "B" in CDIS 3233.   Clinical Practice is an elective for undergraduates and is taken for course credit hours, not a grade.
Meet all university requirements for graduation.

8-Semester Plan

Communication Disorders B.S.E.

Eight-Semester Plan

All CDIS students are accepted as tentative candidates and thus not eligible for the eight-semester degree plan. Students must apply for formal admission to the undergraduate B.S.E. degree program in CDIS prior to taking junior- and senior-level classes in the major. However, students who qualify to finish a degree in four years can follow the suggested order of classes below.

First Year	Units

Description and justification of the request

Description of specific change	**Justification for this change**
One 3-hour upper level in the major course was added (CDIS 3253) and one 1-hour lab was deleted from the major (changed CDIS 3224 to CDIS 3223). One program-specific requirement for the major was deleted (PBHL2663) and one program specific requirement was added (STAT 2303).	The new course, Cultural Diversity in Communication Disorders will cover content relative to speech-language pathology (SLP). Content from the 1-hour lab will be taught in another course later in the CDIS sequence (CDIS 4183). The Program specific requirement change to STAT 2303 is reflective of the requirement for SLPs to take a statistics course in their program of study.

Reviewer Comments   **Ketevan Mamiseishvili (kmamisei) (10/10/17 1:10 pm):** Corrected the 8-semester plan. Removed 3 hours of electives in the Fall semester of third year and added credit hours for two new proposed courses to make sure that the hours added up to 120.
Alice Griffin (agriffin) (10/10/17 3:50 pm): Added course codes to description to help clarify changes. Also added scheduled program review date.
Lisa Kulczak (lkulcza) (10/10/17 3:59 pm): CDIS courses "not found" in approval process for fall 2018.
