	Cross-listed with:	Global Business	
	Syllabus	Global-Business-Outline.docx	ECON 537V MGMT 537V Global Business.docx
	Course Code	ECON 5373	ECON 537V
	Proposed Effective Date	Fall 2015	Fall 2018
	Course Number	5373	537V
	Credit Hours	3	1
	Justification	New course as part of the EMBA revision. To be cross listed with Management (MGMT 5373 is being revised to match). it is being introduced to comply with employer and alum feedback on skills that should be provided in the new EMBA.	Modify to a variable credit course to meet the needs of the MBA programs.
	Typically Offered		Fall and Spring
	Off Campus Delivery		Online/Web-based
	Maximum Credit Hours		3
	Additional Notes		Needs to be cross listed with MGMT 537V. Will not allow in Courseleaf until MGMT 5373 is also modified to MGMT 537V.

GNEG 1514	allcodes	GNEG 1515	GNEG 1514
	Proposed Effective Date	Fall 2017	Fall 2018
	Course Number	1515	1514
	Credit Hours	5	4
	Justification	Updated typically offered field.	We modified the course to 5 credit hours and included some topics associated with our first-year experience course GNEG 1111 Introduction to Engineering. This combination has not worked well in light of students who struggle with the math course also missing out on completing their FYE portion. It will be better for the students to return to having separate courses GNEG 1514 and GNEG 1111. This also helps for the summer program (Engineering Math Accelerated Program) in which we allow students to take this course without the FYE content and require students to begin in GNEG 1111 in the subsequent fall with their calculus course.
	Course Code	GNEG 1515	GNEG 1514
	Additional Notes		Due to the summer program mentioned above, we would like to adjust the course for Summer 2018 if possible.

	Reviewer Comments		ac087 - Fri, 19 Jan 2018 20:03:26 GMT - change in credit hours is considered a major change and must be done with the new catalog cycle.
