01.1102 - Agronomy and Crop Science.

Program Title

Crop, Soil & Environmental Science, Master of Science

Program Delivery

Method

On Campus

Is this program interdisciplinary?

No

Does this proposal impact any courses from another College/School?

No

What are the total hours needed to complete the program?

30

Program Requirements and Description

Requirements

Requirements for the Master of Science Degree:

Thesis option: Minimum of 24 semester hours of course work as outlined by the student's graduate advisory committee plus six semester hours of thesis credit. The student will be given an oral examination after the thesis is completed.

Non-Thesis M.S. option: Some students wishing to obtain an M.S. degree may be better served by a program that emphasizes additional course work in the environmental and crop sciences rather than the research thesis program. Students must be approved by the department's Graduate Committee for admission into the non-thesis option before developing a program of study in concert with the student's major adviser and his/her graduate advisory committee. A minimum of 33 hours of graduate-level course work is required, including a graduate statistics class, a communication course, preferably CSES 5103 Scientific Presentations, a 3-hour research experience taken as CSES 502V Special Problems Research, that requires the student to demonstrate scientific thinking, synthesizing, and writing skills, a minimum of 9 hours of graduate courses at the 5000 level or higher in the plant, soil, or other relevant sciences in addition to the communication (CSES 5103) and Special Problems Research (CSES 502V) courses, and an exit seminar. The student will interact with his/her major adviser and graduate advisory committee in completing the agreed-upon course of study and must pass an oral and a written examination given by the advisory committee over all course work completed for the degree. Students should also be aware of Graduate School requirements with regard to master's degrees.

Are Similar Programs available in the area?

Reviewer Comments

Alice Griffin (agriffin) (12/14/17 1:26 pm): Removed the phrase "Thesis option" from catalog copy with permission from the department.

Alice Griffin (agriffin) (12/14/17 1:29 pm): Updated program review date.

Jefferson Miller (jdmiller) (06/25/18 9:15 am): Rollback: Text regarding the non-thesis option needs to be deleted. Mary Savin requested that the proposal be rolled back to allow her to make the edit.

Alice Griffin (agriffin) (06/26/18 11:27 am): Changed effective catalog date from fall 2018 to fall 2019.
