Description and justification of the request

Description of specific change	Justification for this change

Description of specific change	Justification for this change
Addition of CIED 5363 and 5423 as well as ADLL 5183 as potential electives. Removal of HHPR 5353 as potential elective.	The two CIED courses are part of the ETECGC but can also serve as electives for the MED. The graduate certificate went into effect last year but the courses had not been added to the MED list as electives. The addition of the ADLL 5183 course allows for more variety in elective choices to serve students who are completing the degree who do not have a K-12 focus some choice in courses. The HHPR 5353 course has grown enrollment and in discussions with the program our students are not able to enroll in that course due to seat availability.

Reviewer Comments

Alice Griffin (agriffin) (09/07/18 11:06 am): Changed effective date from fall 2018 to fall 2019. Also indented CIED 5363 and CIED 5423, as well as ADLL 5183 so that the credit hours for program review would total 34, not 43 hours.

Alice Griffin (agriffin) (09/07/18 11:10 am): Corrected typo in justification field. Deleted "s" from the Graduate Record Examination in degree prerequisites.

Lisa Kulczak (lkulcza) (09/11/18 5:00 pm): Admin adjust of online designation; 100% with NO required campus component (Form functionality changeover with CIM refresh).

Gary Gunderman (ggunderm) (09/11/18 5:02 pm): CIP okay.
