(ljrobert): Approved
for AFLS Dean
 11. 09/21/18 10:57 am
Miran Kang (kang):
Approved for Global
Campus
 12. 10/08/18 8:06 am
Terry Martin
(tmartin): Approved
for Provost Review

26.0702 - Entomology.

Program Title

Entomology, Doctor of Philosophy

Program Delivery

Method

On Campus

Is this program interdisciplinary?

No

Does this proposal impact any courses from another College/School?

No

What are the total **42**
hours needed to
complete the
program?

Program Requirements and Description

Requirements

Requirements for the Doctor of Philosophy Degree: A major requirement for the Ph.D. degree is a dissertation based on original research in an area of entomology. Written and oral candidacy examinations covering the student's program of study are required. A final oral examination over course work and in defense of the dissertation is required. Specific requirements follow:

General Course Requirements: The degree program and coursework for each candidate will be arranged on an individual basis by the major professor, the Advisory Committee, and the student. A minimum of 30 hours of graduate coursework, excluding seminar, must be completed. Students progressing directly from the B.S. to the Ph.D. degree may require additional coursework as defined by the Advisory Committee.

Core Course Requirements: The student must take or have taken courses equivalent to:

<u>ENTO 3013</u>	Introduction to Entomology	3
<u>ENTO 4024</u>	Insect Diversity and Taxonomy	4
<u>ENTO 4053</u>	Insect Ecology	3
<u>ENTO 4123</u>	Insect Pest Management	3
<u>ENTO 5013</u>	Morphology of Insects	3
<u>ENTO 6113</u>	Insect Physiology and Molecular Biology	3

A course in statistics for graduate credit is also required. Students with credit for core courses will meet requirements with relevant courses in biology, chemistry, plant or animal science, or as approved by the Advisory Committee.

Seminar Requirements: Four semester hours of seminar are required. Seminar hours may be taken in entomology (ENTO 6071) or as a formal for-credit seminar offered in another department within the University. At least three of the seminar hours must be in entomology unless approved in advance by the Department Head. In addition, each student is required to present a seminar on his/her dissertation research plans during the first year of the degree program and an exit seminar on the dissertation research.

Graduate Hour Requirements: A minimum of 30 hours of graduate coursework, excluding seminar, is required.

Residence Requirement: Students must complete two consecutive semesters of full-time graduate study to achieve residency.

Grade Point Average Requirement: A minimum 3.25 GPA must be maintained. If the cumulative GPA falls below 3.25, or research or general academic progress is unsatisfactory, the student's performance will be reevaluated by the Advisory Committee and a recommendation made on continued status as a graduate student. For details about this process, please see the Graduate Student Handbook on the departmental Web site.

Candidacy Examination: Before completion of the fourth semester, the student will take written candidacy examinations as specified by the Advisory Committee and a comprehensive oral examination covering entomology and supporting areas. These examinations must be successfully completed at least one academic year before the degree is conferred.

Comprehensive Examination: A comprehensive oral examination covering coursework and defense of the dissertation research is required. The examination is generally taken during the student's final semester. Students should also be aware of Graduate School requirements with regard to [doctoral degrees](#).

Description and justification of the request

Description of specific change	Justification for this change
ENTOPH to be replaced by AFLSPH	In an effort to best prepare graduates to enter the interdisciplinary agricultural, food, and life sciences workforce, an interdisciplinary Doctor of Philosophy (PhD) degree in Agricultural, Food, and Life Sciences is needed (AFLSPH).
