Program Goals and

Objectives

**Program Goals and Objectives**

**NA**

**All B.M. students complete a core music curriculum of multiple courses (64 credits) in music theory, aural perception, music history, and piano proficiency. These courses provide students a basic set of tools and vocabulary to communicate about music. These courses also introduce students to paths of exploration and understanding within individual musical works and entire repertoires.**

**These courses along with 24 concentration credits aim for musical literacy, solo and ensemble performance skills, development of aural skills, understanding of a broad repertoire, attainment of analytical skills, and understanding of music history.**

Learning Outcomes

**Learning Outcomes**

**NA**

**Learning Outcomes**

- All students must demonstrate the ability to perform for faculty (through applied juries) and for the general public (through student recitals and public venues).**
- All students will be proficient in theoretical skills. These skills will be demonstrated both aurally and in written form.**
- All students will exhibit critical listening skills as it pertains to the various study areas of the curriculum: performance, theory, and history.**
- All students will perform various keyboard skills. Demonstrating knowledge of theory and harmony at the keyboard.**
- All students will be able to communicate the workings of how various styles of music are constructed.**
