Description and justification of the request

Description of specific change	Justification for this change
PELED candidates will make admission to the ELELBS one semester earlier than past candidates. This change modifies the ELELBS pre-program hours required before candidates make admission to the ELELBS program.	This change modifies catalog language to clarify admission policy changes made to the ELELBS. The changes to the CHED and ELEL programs are being made in response to the Arkansas Department of Education's (ADE) significant revisions of the competencies required for K-6 elementary teacher education programs. In making the changes, program faculty consulted ADE's required content competencies, the content addressed in the Praxis and new state required Reading Exam candidates must pass to obtain licensure, various national and state standards documents, and leading research in the elementary education field.

Reviewer Comments

Lisa Kulczak (lkulcza) (10/10/18 1:20 pm): Rollback: Need to update the pre-code information to include statements for both CHEDBS and PELED. After talking with Denise, I'm fine with the college using PELED as a pre-code for both programs, but there cannot be different information for one program vs. the other, as the same CIM program block information will be displayed on both catalog pages.
