CIM Report Mar 8, 2019 9:15am

Course Changes Pending Approval from University Course and Program Committee

Code	Field	Old Value	New Value
ANTH 1013	Proposed Effective Date	Spring 2018	Fall 2019
	Catalog Description	An introduction to the field of physical anthropology using human evolution as a unifying concept. Areas include human genetics, race, speciation, primate evolution, and human variation and adaptation.	An introduction to the field of biological anthropology using evolution and human variation as unifying concepts. Areas include human genetics, race, speciation, primate and human evolution, and human variation and adaptation.
	Justification	Rebuilding online course, approved.	This is just a minor change to the catalog description of this course to more closely align it with how the course is currently taught (e.g., shift in field terminology from "physical anthropology" to "biological anthropology"). All other information remains the same.
	Reviewer Comments	lkulcza - Mon, 15 May 2017 18:51:02 GMT - Rollback: Returned to submitter for delivery method corrections. agriffin - Fri, 26 May 2017 16:52:49 GMT - Changed effective catalog date from fall 2017 to spring 2018. It is too late to complete the approval process for the fall catalog. tmartin - Tue, 05 Sep 2017 17:56:55 GMT - Rollback: Rolled back for Faculty Senate approval. kjvestal - Thu, 02 Nov 2017 16:30:22 GMT - Removed entry for ONLN to sync data.	agriffin - Tue, 26 Feb 2019 21:29:12 GMT - Effective date of fall 2019 pending successful completion of the approval process.
	Title/Description Change Type		Minor (stylistic/editorial) Change
ANTH 1013H	Proposed Effective Date	Spring 2018	Fall 2019
	Typically Offered	Fall	Fall and Spring
	Catalog Description	An introduction to the field of physical anthropology using human evolution as a unifying concept. Areas include human genetics, race, speciation, primate evolution, and human variation and adaptation.	An introduction to the field of biological anthropology using evolution and human variation as unifying concepts. Areas include human genetics, race, speciation, primate and human evolution, and human variation and adaptation.
	Justification	Updated typically offered field.	This is a minor change in catalog description to align it with ANTH 1013 changes. Mostly this includes small stylistic changes (i.e., change in field terminology from "physical anthropology" to "biological anthropology". All other course content/information stays the same.
	Reviewer Comments		agriffin - Mon, 25 Feb 2019 21:03:29 GMT - Fall 2019 effective date pending successful completion of approval process.
CIED 5913	Added		
CVEG 2015	Inactivated/Deleted		
CVEG 3132	allcodes	CVEG 3133	CVEG 3132
	Proposed Effective Date	Summer 2018	Fall 2019
	Course Number	3133	3132
	Credit Hours	3	2
	Title/Description Change Type	Minor (stylistic/editorial) Change	

	Prerequisite(s)	(MEEG 3013 or CVEG 2014) and (GEOL 1113 or GEOL 3002) and CVEG 2002, each with grades of C or better.	(MEEG 3013 or CVEG 2015) or CVEG 2013 and CVEG 2023 and (GEOL 1113 or GEOL 3002) and CVEG 2002.
	Justification	Instructor noted the need for AutoCAD skills to complete some assignments	Reducing the lecture in soil mechanics from three to two credit hours. The CVEG Department changed CVEG 2015 to two courses, CVEG 2013 and CVEG 2023. This change added 1 hour to our overall program. The faculty decided to take the hour that put us over the allowable 128 out of CVEG 3133. CVEG 3133 at one time included a zero credit hour lab. That was changed several years ago to include a separate one hour cred lab, but the lecture was neve reduced to account for the removal of the zero credit hour lab. This change solves both problems.
	Reviewer Comments	lkulcza - Sat, 10 Feb 2018 00:11:12 GMT - Summer 2018 is the first term this change can be implemented; updated proposal to reflect this.	ac087 - Wed, 20 Feb 2019 21:23:15 GMT - Fall 2019 implementation pending completion of approval process for course and program changes ndennis - Thu, 21 Feb 2019 16:12:20 GMT - Added a revised syllabus and added language to the justification block to clarify what was being done and why it was being done. agriffin - Fri, 01 Mar 2019 15:08:42 GMT - Effective fall 2019 pending successful completion of the campus approval process.
	Course Code	CVEG 3133	CVEG 3132
	Syllabus		CVEG 3132 Syllabus Fall 2019.doc
ELEG 4213		Inactivated/Deleted	
MATH 1203	Proposed Effective Date	Summer 2018	Fall 2019
	Prerequisite(s)	a score of at least 80% on the University of Arkansas Preparedness for Algebra exam, or a score of at least 23 on the math component of the ACT exam, or a score of at least 570 on the math component of the new SAT or 540 on the math component of the old SAT. Students who score at least 70% on the University of Arkansas Preparedness for Algebra exam, or at least 19 on the math component of the ACT exam, or at least 510 on the math component of the new SAT or 460 on the math component of the old SAT must also register for MATH 0001L as a corequisite. Students who score below 70% on the University of Arkansas Preparedness for Algebra exam, or below 19 on the math component of the ACT exam, or below 510 on the math component of the new SAT or below 460 on the math component of the old SAT must also register for MATH 0002L as a corequisite.	a score of at least 46 on the Math Placement Test, or a score of at least 23 on the math component of the ACT exam, or a score of at least 570 on the math component of the new SAT or 540 on the math component of the old SAT. Students who score at least 30 on the Math Placement Test, or at least 19 on the math component of the ACT exam, or at least 510 on the math component of the new SAT or 460 on the math component of the old SAT must also register for MATH 0001L as a corequisite. Students who score below 30 on the Math Placement Test, or below 19 on the math component of the ACT exam, or below 510 on the math component of the new SAT or below 460 on the math component of the old SAT must also register for MATH 0002L as a corequisite.
	Justification	Admin correction to typo in first part of prerequisite. Should have been 540 for the score on the old SAT (instead of 500).	The Department of Mathematical Sciences is moving from an in-house placement exam to a nationally-normed placement examination for beginning mathematics courses.
	Additional Notes		This is a change in one of the prerequisites only.
	Reviewer Comments		agriffin - Tue, 26 Feb 2019 18:32:07 GMT - Fall 2019 effective date pending successful completion of approval process.
MATH 1213	Proposed Effective Date	Fall 2017	Fall 2019

	Prerequisite(s)	MATH 1203 or MATH 1204 with a grade of C or better, or a score of at least 80% on the University of Arkansas Mastery of Algebra Exam, or a score of at least 26 on the math component of the ACT exam, or a score of at least 600 on the math component of the old SAT or 620 on the math component of the new SAT.	MATH 1203 or MATH 1204 with a grade of C or better, or a score of at least 60 on the Math Placement Test, or a score of at least 26 on the math component of the ACT exam, or a score of at least 600 on the math component of the old SAT or 620 on the math component of the new SAT.
	Justification	Syncing data for offering terms.	The Department of Mathematical Sciences is moving from an in-house placement exam to a nationally-normed placement examination for beginning mathematics courses.
	Additional Notes		This is a change in one prerequisite only.
	Reviewer Comments		agriffin - Tue, 26 Feb 2019 18:32:34 GMT - Fall 2019 effective date pending successful completion of approval process.
MATH 1313	Proposed Effective Date	Summer 2018	Fall 2019
	Prerequisite(s)	a score of at least 70% on the University of Arkansas Preparedness for Algebra exam, or a score of at least 19 on the math component of the ACT exam, or a score of at least 510 on the math component of the new SAT or 460 on the math component of the old SAT. Students who score below 70% on the University of Arkansas Preparedness for Algebra exam, or below 19 on the math component of the ACT exam, or below 510 on the math component of the new SAT or below 460 on the math component of the old SAT must also register for MATH 0131L as a corequisite.	a score of at least 40 on the Math Placement Test, or a score of at least 19 on the math component of the ACT exam, or a score of at least 510 on the math component of the new SAT or 460 on the math component of the old SAT. Students who score below 40 on the Math Placement Test, or below 19 on the math component of the ACT exam, or below 510 on the math component of the new SAT or below 460 on the math component of the old SAT must also register for MATH 0131L as a corequisite.
	Justification	Admin update to placement of Prerequisite to sync with UAConnect. Subsequent admin update to new SAT cutoff score (from 500 to 510), based on state requirements.	The Department of Mathematical Sciences is moving from an in-house placement exam to a nationally-normed placement examination for beginning mathematics courses.
	Additional Notes	As a point of clarification, the major updates to the requisites regarding remedial scores and the required one hour lab were effective for spring 2018. The change in cutoff score is effective for summer, hence the summer effective date on this form. We were having difficulties getting the original proposal for requiste updates to sync in CIM.	This is a change in one prerequisite only.
	Reviewer Comments		agriffin - Mon, 25 Feb 2019 21:01:46 GMT - Fall 2019 effective date pending successful completion of approval process.
MATH 2043	Proposed Effective Date	Fall 2017	Fall 2019
	Prerequisite(s)	MATH 1203 or MATH 1204 or MATH 1213 or MATH 1284C or MATH 2053 with a grade of C or better, or a score of at least 80% on the University of Arkansas Mastery of Algebra Exam, or a score of at least 26 on the math component of the ACT exam, or a score of at least 600 on the math component of the old SAT or 620 on the math component of the new SAT.	MATH 1203 or MATH 1204 or MATH 1213 or MATH 1284C or MATH 2053 with a grade of C or better, or a score of at least 60 on the Math Placement Test, or a score of at least 26 on the math component of the ACT exam, or a score of at least 600 on the math component of the old SAT or 620 on the math component of the new SAT.
	Justification	Admin update to typically offered and delivery method.	The Department of Mathematical Sciences is moving from an in-house placement exam to a nationally-normed placement examination for beginning mathematics courses.
	Additional Notes		This is a change in one prerequisite only.

	Reviewer Comments		agriffin - Tue, 26 Feb 2019 18:32:54 GMT - Fall 2019 effective date pending successful completion of approval process.
MATH 2053	Proposed Effective Date	Fall 2017	Fall 2019
	Prerequisite(s)	MATH 1203 or MATH 1204 or MATH 1213 or MATH 1284C or MATH 2043 with a grade of C or better, or a score of at least 80% on the University of Arkansas Mastery of Algebra Exam, or a score of at least 26 on the math component of the ACT exam, or a score of at least 600 on the math component of the old SAT or 620 on the math component of the new SAT.	MATH 1203 or MATH 1204 or MATH 1213 or MATH 1284C or MATH 2043 with a grade of C or better, or a score of at least 60 on the Math Placement Test, or a score of at least 26 on the math component of the ACT exam, or a score of at least 600 on the math component of the old SAT or 620 on the math component of the new SAT.
	Justification	Admin update to typically offered and delivery method.	The Department of Mathematical Sciences is moving from an in-house placement exam to a nationally-normed placement examination for beginning mathematics courses.
	Additional Notes		This is a change in one prerequisite only.
	Reviewer Comments		agriffin - Tue, 26 Feb 2019 18:34:15 GMT - Fall 2019 effective date pending successful completion of approval process.
MATH 2183	Proposed Effective Date	Summer 2018	Fall 2019
	Prerequisite(s)	MATH 1203, MATH 1204, or MATH 1313, or a score of at least 80% on the University of Arkansas Mastery of Algebra Exam, or a score of at least 26 on the math component of the ACT exam, or a score of at least 600 on the math component of the old SAT or 620 on the math component of the new SAT.	MATH 1203, MATH 1204, or MATH 1313, or a score of at least 60 on the Math Placement Test, or a score of at least 26 on the math component of the ACT exam, or a score of at least 600 on the math component of the old SAT or 620 on the math component of the new SAT.
	Justification	Updated typically offered field.	The Department of Mathematical Sciences is moving from an in-house placement exam to a nationally-normed placement examination for beginning mathematics courses.
	Additional Notes		This is a change in one prerequisite only.
	Reviewer Comments		agriffin - Tue, 26 Feb 2019 18:33:19 GMT - Fall 2019 effective date pending successful completion of approval process.
MATH 1284C	Proposed Effective Date	Fall 2018	Fall 2019
	Prerequisite(s)	MATH 1203 or MATH 1204 with a grade of C or better, or a score of at least 80% on the University of Arkansas Mastery of Algebra Exam, or a score of at least 26 on the math component of the ACT exam, or a score of at least 600 on the math component of the old SAT or 620 on the math component of the new SAT.	MATH 1203 or MATH 1204 with a grade of C or better, or a score of at least 60 on the Math Placement Test, or a score of at least 26 on the math component of the ACT exam, or a score of at least 600 on the math component of the old SAT or 620 on the math component of the new SAT.
	Justification	Admin update to add corequisite drill component to description. Admin update to typically offered and delivery method.	The Department of Mathematical Sciences is moving from an in-house placement exam to a nationally-normed placement examination for beginning mathematics courses.
	Additional Notes		This is a change in one prerequisite only.
	Reviewer Comments		agriffin - Tue, 26 Feb 2019 18:33:44 GMT - Fall 2019 effective date pending successful completion of approval process.
MATH 2053C	Proposed Effective Date	Spring 2018	Fall 2019

	Prerequisite(s)	MATH 1203 or MATH 1204 or MATH 1213 or MATH 1284C or MATH 2043 with a grade of C or better, or a score of at least 80% on the University of Arkansas Mastery of Algebra Exam, or a score of at least 26 on the math component of the ACT exam, or a score of at least 600 on the math component of the old SAT or 620 on the math component of the new SAT.	MATH 1203 or MATH 1204 or MATH 1213 or MATH 1284C or MATH 2043 with a grade of C or better, or a score of at least 60 on the Math Placement Test, or a score of at least 26 on the math component of the ACT exam, or a score of at least 600 on the math component of the old SAT or 620 on the math component of the new SAT.
	Justification	Admin update to typically offered field.	The Department of Mathematical Sciences is moving from an in-house placement exam to a nationally-normed placement examination for beginning mathematics courses.
	Additional Notes		This is a change in one prerequisite only.
	Reviewer Comments		agriffin - Mon, 25 Feb 2019 21:02:25 GMT - Fall 2019 effective date pending successful completion of approval process.
SCMT 3663		Added	
SCMT 6483		Added	
SCMT 601V		Added	
STAT 2303	Proposed Effective Date	Summer 2018	Fall 2019
	Prerequisite(s)	Math 1203 or MATH 1204 each with a grade of C or better, or MATH 1313 with a grade of C or better, or a score of at least 80% on the University of Arkansas Mastery of Algebra Exam, or a score of at least 26 on the math component of the ACT exam, or a score of at least 600 on the math component of the old SAT or 620 on the math component of the new SAT.	Math 1203 or MATH 1204 each with a grade of C or better, or MATH 1313 with a grade of C or better, or a score of at least 50 on the Math Placement Test, or a score of at least 26 on the math component of the ACT exam, or a score of at least 600 on the math component of the old SAT or 620 on the math component of the new SAT.
	Justification	This change allows MATH 1313 as a prerequisite, as an alternative to College Algebra. It enhances the Quantitative Reasoning math pathway by allowing students who need Principles of Statistics to by-pass College Algebra. This should facilitate greater success among our non-STEM students, and give them a better preparation for this and future quantitative-based course work.	The Department of Mathematical Sciences is moving from an in-house placement exam to a nationally-normed placement examination for beginning mathematics courses.
	Syllabus	STAT2303 sample syllabus.pdf	
	Reviewer Comments	agriffin - Tue, 05 Dec 2017 18:00:27 GMT - Changed effective date from spring 2018 to summer 2018. It is too late for the request to complete the approval process for spring implementation. lkulcza - Fri, 30 Mar 2018 21:45:40 GMT - Core and Faculty Senate approvals removed, per Terry Martin, in order to expedite this change.	agriffin - Tue, 26 Feb 2019 18:34:36 GMT - Fall 2019 effective date pending successful completion of approval process.
	Additional Notes		This is a change in one prerequisite only.
