Program Requirements and Description

Requirements

The Tax concentration provides students a broad foundation for understanding the taxation of entities and the relationship of taxes to the overall business decision process. Students will be able to analyze tax problems, interpret the relevant tax code, and identify tax strategies for complex tax situations and business scenarios.

Core Courses 12

Areas of Concentration 18

Taxation Concentration

ACCT 5853 State and Local Taxation

Course ACCT 5853 State and Local Taxation Not Found

ACCT 5863 Taxation and Flow-Through Entities

Course ACCT 5863 Taxation and Flow-Through Entities Not Found

ACCT 5873

Advanced Taxation

ACCT 5883

Tax Planning

ACCT 5893

Multi-jurisdictional Tax Issues

BLAW 5003

Commercial Transactions

Total Hours 30

Program Costs

Existing resources on campus will be used. Existing faculty in Accounting, Finance, Supply Chain Management, and Information Systems will teach the courses. Except for the new proposed courses, the other courses are already offered on a regular basis.

Marketing and recruiting costs for the program will be supported by the College.

Library Resources

Description and Justification for this request

Description of request	Justification for request

Description of request	Justification for request
<p>A new, 30 hour Masters of Professional Accounting with concentrations in Analytics and Assurance, Taxation, and Corporate Accounting utilizing existing courses within the Master of Accountancy and other Walton programs. One new tax course, ACCT 5853, State and Local Taxation, is being developed. This is the Taxation concentration proposal.</p>	<p>The MPACC is responsive to the shifting skillset and additional demands within the Accounting Profession. More Universities are adapting specialized content into their graduate accounting degrees. Whereas past accounting Master degrees tended to be general in nature, more specialized degree paths and skills are being sought by career entrants. Emerging technology is changing the core ways that the accounting profession is providing services. As a result, new skills that involve data & analytics are needed. Complementing these technical skills, the workplace has increased its emphasis on the development of soft skills, such as leadership and professionalism. The complexity of business environments that accounting professionals face has also increased the demand for richer content, including complex tax issues, technology environments, regulatory reporting requirements among others. The importance of Internships has also increased. We are also seeing a greater number of our students take initial accounting employment outside of traditional public accounting roles.</p>

Reviewer Comments

Alice Griffin (agriffin) (09/23/19 3:29 pm): Removed program goals and student learning outcomes in order to refer individuals back to the program of study, not the concentration.

Lisa Kulczak (lkulcza) (10/01/19 4:30 pm): ACCT 5853 and 5863 are both in workflow for Spring 2020. A further conversation is needed regarding the program code assigned to this new degree program.
