Description and justification of the request

Description of specific change	Justification for this change
The ePortfolio course is a required course for the program and was accidentally left off of a previous revision. Also an additional elective of ETEC 5253 whas also left from the changes. Changes in the number of credits (30 to 31) and addition of the course to the required course list was added	Course has always been a requirement. Failure to list in the catalog during a recent program update. The ETEC 5253 is a course that has been in existance but is being rebuilt to be offered as an elective
