BMEG 4903	allcodes	BMEG 3903	BMEG 4903
	Proposed Effective Date	Fall 2020	Fall 2021
	Course Number	3903	4903
	Catalog Description	The course introduces entrepreneurship, business model canvas, and lean start-up principles to the students with a focus on medical device customer discovery and technology commercialization.	The course introduces entrepreneurship, business model canvas, and lean start-up principles to the students with a focus on medical device customer discovery and technology commercialization. Degree credit will not be awarded for both BMEG 4903 and BMEG 5903.
	Justification	relevant topic not covered elsewhere in the BMEG curriculum	Course should have been listed as 4903 with a graduate level section. Course was taught as 470V/570V previously. Graduate level section will need to be created as well.
	Syllabus	BMEG 3903 - Entrepreneurial Bioengineering Syllabus.docx	Entrepreneurial Bioengineering Syllabus - Fa21.docx
	Course Code	BMEG 3903	BMEG 4903
	Title/Description Change Type		Major Content Change
	Reviewer Comments		ndennis - Mon, 15 Mar 2021 16:48:18 GMT - Rollback: Need to attach a course syllabus that contains the required course materials, student learning outcomes, grade plan, and topical coverage with time spent on each topic. Need a statement that both 4903 and 5903 cannot be taken for credit. ndennis - Thu, 18 Mar 2021 15:01:32 GMT - Rollback: Please see my earlier comments and comply.
