Description and justification of the request

Description of specific change	Justification for this change
<ol style="list-style-type: none"> 1. Clarifying admission requirements in the catalog to make sure they match what was approved by DESE. 2. Adding program goals and learning outcomes. 3. Making minor changes to the foundations courses (removing EDFD class as an option and adding EDLE 5103 School Building-Level Finance course as an option in addition to EDLE 5003 School and Society). 4. The program has been approved for standardized test exemption. We are clarifying in the catalog that GRE or MAT will only be required for students who do not meet minimum GPA requirements. 	<p>These changes were submitted to DESE in February 2020 and approved by them in the letter to COEHP Dean received on July 7, 2020.</p> <p>Updating the catalog will ensure that the degree and admissions requirements in the catalog align with DESE requirements. Application submitted to DESE and approval letter are uploaded in the attachments as supporting documents. MED in EDLE leads to Building Level Administrator License. DESE instructed EDLE program to complete Section B of their protocol. This allowed the program to explain in more detail the alignment with DESE required competencies and standards.</p>
