Program Requirements and Description

Requirements

Admission Requirements: ~~Applicants~~ **Applicants** for graduate study in Economics may enter the program directly from a bachelor's degree or a master's degree. Applicants must meet the requirements of the Graduate School ~~of Business~~ and be accepted by the Department of Economics. The requirements include a bachelor's degree from an accredited institution with a satisfactory grade-point average and a satisfactory score on the Graduate Record Examination **(GRE)**. **Students from all academic backgrounds are encouraged to apply.** ~~(GRE):~~

~~Students from all academic backgrounds are encouraged to apply.~~ **Prerequisites to Degree**

Program: Satisfactory performance in the following courses: intermediate microeconomics, intermediate macroeconomics, statistics, two semester of calculus, and linear algebra.

Program of Study: The nature of the program of study will vary somewhat depending upon the objective of the prospective candidate, but it will consist of a minimum of 72 graduate semester credit hours beyond the bachelor's degree and 42 graduate-only semester hours beyond the master's **degree.** **Program requirements must balance credit hours for required coursework, research, and dissertation preparation. All doctoral students in Economics must satisfactorily complete the 75 hours of required courses including a graduate seminar each semester they are on graduate assistantships.** ~~degree:~~

Total Hours		75

~~Program requirements must balance credit hours for required coursework, research, and dissertation preparation. All doctoral students must satisfactorily complete the 72 hours of required courses including a graduate seminar each semester they are on graduate assistantships. Candidacy Examinations~~

All students must pass a Candidacy Exam, which consists of two components.

The first component entails written Comprehensive Examinations in microeconomics and macroeconomics. These exams will normally be taken in the summer after a student's first year in the program. Each exam has three possible grades: Pass, Marginal Pass, and Fail. Students must earn a Pass on one of the exams and at least a Marginal Pass on the other exam. A student will normally have two opportunities to pass each Comprehensive Examination, with the second opportunity typically occurring in that January following the first attempt. If a student's exam scores are not satisfactory, all exams for which a grade of Pass was not earned must be retaken. Only the most recent grade will be used in determining if this requirement has been met. Failure to successfully complete this requirement will result in a student being dismissed from the program.

The second component is a Field Examination, which is ~~Exam requirement is satisfied by a~~ **a research paper on a a topic in the student's chosen field of study. specialization: The second component is a**

~~Field Examination:~~ Students complete two fields of study within **economics as part of the required courses: economics, which will normally be a) Industrial Organization and b) International Macroeconomics and Development: Behavioral economics (ECON 6913 Experimental Economics and ECON 6933 Behavioral Economics) and International Trade and Development (ECON 6833 International Trade and Development I and ECON 6843 International Trade and Development II).** Other fields are possible with the approval of the **Ph.D. Director of Graduate Studies: A field will consist of 6 hours of specialized courses (numbered 6000 or above).** ~~Students will select one of their two fields as a major field and must pass a Field Exam in that area. The Field Exam requirement is satisfied by a research paper on a topic in the student's field of specialization.~~ **Coordinator.** The paper is to be completed by the end of the summer following the student's second year during which the student completes the required field courses. The field paper topic must be

approved by the student's advisor and registered with the **Ph.D. Director of Graduate Studies: Coordinator**. The Field Examination is satisfactorily fulfilled when the student's advisor approves the completed paper. When feasible, the paper will be presented at a departmental seminar before it is approved by the student's advisor or soon after. Failure to successfully complete this requirement will result in a student being dismissed from the program.

Enrollment requirements for students on graduate assistantships who have successfully passed the Candidacy Examination can be found in the University's Graduate Catalog.

After passing the Candidacy Examination, doctoral students are required to be enrolled in a minimum of one hour of graded graduate coursework or dissertation credit each semester (Fall and Spring) while on graduate assistantship. **Dissertation**

The dissertation demonstrates a student's ability to select, define, organize, and complete a major research project. It should validate that the student has technical mastery of the field, is capable of doing independent scholarly research, and is able to formulate conclusions that enlarge the body of economic knowledge.

Dissertation requirements include (1) a defense of proposal and (2) completion of an acceptable doctoral dissertation. Students must enroll in a total of 18 hours of dissertation credit.

Final Examination

The final examination is normally an oral defense of the student's dissertation.

Alice Griffin (agriffin) (04/16/21 11:52 am): Please note that the program requirements state the minimum credit hours include 72 hours. Yet, states the requirements are 75 hours. The college is encouraged to review this language to determine if it may confuse students.

Alice Griffin (agriffin) (04/16/21 11:53 am): Courses in red have been submitted into the approval workflow.

Alice Griffin (agriffin) (04/16/21 11:54 am): ATTENTION: This minor program change qualifies for the shortened approval workflow.

Alice Griffin (agriffin) (04/16/21 11:55 am): CORRECTION: Because of the change in total credit hours, this request will require campus approval.
