Applicants who do not meet the above requirements may be referred to the Graduate Admissions Committee for special consideration and may be required to fulfill additional prerequisites.

Progression Requirements for the Doctor of Nursing Practice Degree:

Students are responsible for meeting the standards of academic and professional performance specified by the graduate programs in nursing. In order to progress in the program, students must adhere to the following:

Grade requirements as outlined below

See also Policies of the University of Arkansas Graduate School.

Clinical Practice Guidelines as outlined in the Handbook.

Clinical Compliance Guidelines as outlined in the Handbook.

Maintenance of an unencumbered registered nurse license

Compliance with the nurse practice act(s) which regulate(s) the student's license(s)

Grade Requirement

A. A grade of "C" or lower may be earned in a nursing course only once, with the following exception:

A grade of "B" or better must be earned in didactic courses with a clinical component.

If a grade less than "B" is earned in either the didactic or clinical course, both must be repeated concurrently. A grade of "B" or better must be received upon repeat of the course in order to progress in the program.

Clinical courses and their didactic components may only be repeated once to achieve a grade of "B" or higher.

B. If a second "C" or lower is earned in a nursing course, the student will not be allowed to progress in the program, and will not be allowed to return to the program.

C. A student may only repeat a nursing course in which a "C" or lower has been received one time throughout the program. A student may only withdraw from a course one time.

D. Grades of "D" or "F" are not accepted for credit.

Yes

List institutions in
Arkansas offering
similar programs

Currently, in Arkansas, ASU, UCA, and UAMS offer CCNE-accredited DNP programs; one program in Oklahoma, and two in Tennessee offer the DNP. Arkansas has no ACEN-accredited DNP programs.

List institutions in the
surrounding region
offering similar
programs

Currently, programs in the following states offer CCNE-accredited DNP programs:
Tennessee (8), Missouri (7), Oklahoma (1), Kansas (4). There are two ACEN-accredited programs offered in in Tennessee, and one in Oklahoma.

List institutions in the
nation offering
similar programs

Currently, there are approximately 280 CCNE-accredited DNP programs offered in the United States. There are currently 11 ACEN-accredited DNP programs nationally.

Why is the Program
needed if offered at
other institutions?

DNP programs differ in scope. While other programs in the state offer preparation for advanced practice nurses at the master's level, we are only one of two institutions in the state to offer a post-BSN program of study that will lead to the DNP degree with preparation as an advanced practice nurse. The program also affords MSN-prepared nurse practitioners opportunity to pursue the DNP regardless of area of specialty. Many DNP programs offer only the MSN-DNP option. Furthermore, numerous programs are offered online; however, many are not.

Program Goals and Objectives

Program Goals and Objectives
Graduates are prepared to function independently or in a collaborative role on an interdisciplinary team as change agents to affect nursing practice. Graduate education at the doctoral level builds on the foundation of baccalaureate education to prepare students to assume responsibility for addressing complex health needs of patients in a variety of settings. Graduates are prepared to provide clinical leadership for evidence-based practice and to contribute to the development of nursing science through practice, evaluation, and outcomes research.

Learning Outcomes

Learning Outcomes
1. Evaluate and utilize advanced knowledge and theories from nursing and related disciplined to solve complex health issues for individuals, aggregates, populations, and systems.
2. Design, implement and evaluate strategies that promote and sustain quality improvement at organization and policy levels.
3. Provide leadership in the transformation of health care through inter-professional collaboration, application of technology, and policy development.
4. Incorporate evidence-based clinical prevention and health services for individuals, aggregates, and populations.
5. Demonstrate clinical expertise, systems thinking, and accountability in designing, delivery and evaluating evidence-based care to improve patient outcomes.

Alice Griffin (agriffin) (04/13/21 11:41 am): Rollback: Please change your response to: Does this proposal impact any courses from another College/School? The English course will require campus approval, as well as feedback from ARSC. Also, change the effective date to fall 2022. It is too late to complete approval for 2021. Thank you.

Alice Griffin (agriffin) (04/13/21 2:43 pm): Revised scheduled program review date to 2030, next scheduled site visit for CCNE.
