Subject: CIED 3103 and Birth - Kindergarten program changes

Dear Ed,

I am reaching out to let you know about a proposed change to the Birth – Kindergarten teacher licensure program that involves the course *CIED 3103 Children and Adolescent Literature*.

Currently, the course is a required course for BRKD majors. More specifically, they take the online, self-paced version of the course through Global Campus. Our proposed program change would remove this course as a requirement for BRKD students.

In a typical semester fewer than 5 BRKD students are enrolled in the course, so if our proposed changes are approved it should not make a notable difference in your enrollment.

Please let me know if you have any questions or concerns.

Thanks,
Laura
