Description and justification of the request

Description of specific change	Justification for this change
Remove AGED 4113 - Undergraduate Researchers Improving Student Experience from degree plan.	Changes to the AGED minor are needed to match changes to the AGED degree concentration.
Remove AGED 3111 - Student Management from degree plan.	Changes to the AGED concentration degree plan are necessary in order to provide our students with a more rounded education in relation to holistically managing an agricultural education program.
Changed AGED 4211 - Teachers as Professionals from one hour credit to AGED 4213 three hour credit.	Changes would allow additional instruction in the areas of managing youth organizations and supervising experiential learning outside of a classroom through an expanded AGED 4233 Program Development course.
Change AGED 4231 - Program Development from one hour credit to AGED 4233 three hour credit. This course will change from being offered during the last semester in the degree plan to the spring semester of the junior year. Other electives will be moved to accommodate this change and	These are areas in which recent graduates have indicated we need to provide additional instruction. The removal of the AGED 4113 URISE

Description of specific change	Justification for this change
<p>balance semester credit hours.</p> <p>4 credit hours will be removed (AGED 4113 & AGED 3111) while 4 credit hours will be added in expanded courses (2 in AGED 4213 & 2 in AGED 4233) for a net zero change in credits for the degree plan.</p>	<p>course is necessary because it does not teach skills that are highly sought after by students in our program. The removal of the AGED 3111 Student Management course is necessary because it is repetitive in the concepts taught. Most of the competencies taught in AGED 3111 are also taught in other AGED courses. Any AGED 3111 not covered in other courses can be integrated in the expanded AGED 4213 Teachers as Professionals course. Teachers as Professionals should be expanded to 3 hours to balance credits in the last semester and to provide additional contact time to teach competencies in this area. Currently, the AGED program needs improvement in teacher professionalism TESS standards. 4 credits removed from AGED 4113 and AGED 3111 will be replaced with 4 credits by expanding AGED 4231 to 4233 and AGED 4211 to 4213, adding 2 hours for each course.</p>

Reviewer Comments

Lona Robertson (ljrobert) (11/16/22 11:09 am): Rollback: please make the same corrections to the minor that were made to the concentration

Alice Griffin (agriffin) (01/23/23 10:20 am): Revised the cover sheet to replace the contact information with the Interim Vice Provost. Also updated the name of program to the AGED Minor, revised the CIP Code to match the minor, and replaced BS with Non-Degree. The college is strongly encouraged to review for accuracy.

Alice Griffin (agriffin) (01/23/23 10:20 am): Minor edit to the justification paragraph.

Alice Griffin (agriffin) (01/23/23 10:23 am): Courses in red have been submitted for approval and are currently pending the Undergraduate Council.

Alice Griffin (agriffin) (01/23/23 10:31 am): ATTENTION REGISTRAR: Please insert UTEB and DESE into the approval workflow.

Alice Griffin (agriffin) (01/24/23 8:27 am): Worked with the department to make further edits to the section C document in order to clarify the difference between the concentration changes and the academic minor changes.

Gina Daugherty (gdaugher) (02/06/23 1:50 pm): UTEB and DESE added to workflow.

Nathan Kemper (nkemper) (02/10/23 2:25 pm): Changes to the AGED minor were submitted, presented, and have been approved in sequence with changes to the AGED degree

concentration. Some technical and stylistic changes were required that delayed the system approvals (see other review notes for details). This program change to the AGED-M : Agricultural Education Minor should move forward upon prior approval until it reaches the same current level of the Major program, AECTBS-AGED : Agricultural Education, Communication & Technology: Agricultural Education Concentration.

Alice Griffin (agriffin) (02/16/23 10:41 am): Corrected Dr. Gigantino's title on the cover sheet.
