Data Science Statistics and Computational Analytics Concentration students are advised to select <u>STAT 3013/STAT 3003</u> to meet the prerequisites required in the concentration.

S

SOCI 2013 General Sociology is a required course for the Social Data Analytics Concentration. The course may also be used to meet three hours toward the State Minimum Core Social Science requirements. As such,

Students are required to complete 40 hours of upper-division courses (3000-4000 level). It is recommended that students consult with their adviser when making course selections.

students may complete three hours of general education electives in lieu of an additional State Minimum Core Social Science requirement for a total of 7 hours of general education electives.

Description and justification of the request

Description of specific change	Justification for this change
DASC 1001 & DASC 1222 are updated to DASC 1003 and DASC 1223 as initially designed. DASC 2103 is moved to CMPA Concentration Required matching the original program design.	These provide the courses with the appropriate number of hours and improved course sequencing.
INEG 2314 then INEG 2323 sequence is changed to better match sequencing of STAT 3013 and 3003 per discussions with INEG.	
SOCI 4253 and 3001L sequence (these are joined courses/labs despite the different numbering) were deleted as they are not available and will likely be reworked in the future to fit into the broader SOCI and DASC curriculum.

UoA BS DASC Suggested Plan of Study (8-semester) v23-8a.pdf

Reviewer Comments

Alice Griffin (agriffin) (02/20/23 2:38 pm): Reformatted course listing for DASC 1003 and DASC 1223, removed notation regarding First-Year Science Program. Removed comment field and entered course title in the add course field. Also, reformatted DASC 2133, placing course title in the add course field for consistency with campus formatting.

Alice Griffin (agriffin) (02/20/23 2:40 pm): Rollback: The credit hours were not originally included with DASC 1223. When included, the program reflected 123 credit hours. Please address the discrepancy in order for the program to total the maximum 120 hours in the eight semester plan.

Kevin Hall (kdhall) (02/20/23 4:13 pm): Rollback: rolled back at request of submitter Alice Griffin (agriffin) (02/21/23 9:39 am): Changed the reason for the modification from minor changes that qualify for the shortened approval process to making minor changes. This action was taken because the deletion of SOCI courses impacted courses from ARSC. Thus, this minor program change will require campus approval.

Alice Griffin (agriffin) (03/14/23 2:34 pm): Changed total hours field from 20 to 120 as requested by the Registrar's Office.
