Description and justification of the request

Description of specific change	Justification for this change
Added STAT 2823 Biostatistics as an option for completing the statics requirement.	The advising team suggested adding STAT 2823 as another option to fulfill this requirement.

Description of specific change	Justification for this change
Removed NUTR 1213 because it was causing a bottleneck. It will still be required for the major, just not for the pre-PBHL requirements.	Students will be able to move through the program smoother.
