

UNIVERSITY COURSE AND PROGRAMS COMMITTEE

AGENDA

October 24, 2008

2:30 PM

Upchurch Conference Room

1. Approval of minutes for September 26, 2008. Meeting minutes can be viewed at <http://www.uark.edu/depts/gradinfo/dean/courseprog/minutes/index.html>.
2. Consent Agenda (Course change proposals can be reviewed at <https://www2.uark.edu/web-apps/regr/ccf/Main> or by going to the website of the Registrar and clicking on “Faculty/Staff” then “Curriculum Change Form,” and then “View Changes Pending Before the University Course and Programs Committee.”)
 - a. Undergraduate and Law Course Change Proposals ([Tables A & D](#))
 - b. Graduate and Dual Course Change Proposals ([Tables B and C](#))
3. Old Business: Vote by email for ANSC 4163 with changes.
4. New Business:
 - a. Proposed undergraduate program change for the Bumpers College of Agricultural, Food and Life Sciences – Department of Food Science – FDSCBS – BSA, Food Science ([Table 1](#), [Attachment 1A](#)).
 - b. Proposed undergraduate program change for the College of Education and Health Professions – Department of Curriculum and Instruction – ELELBS – BSE, Elementary Education ([Table 2](#), [Attachment 2A](#)).
 - c. Proposed undergraduate program change for the College of Education and Health Professions – Department of Health Science, Kinesiology, Recreation and Dance – HLSCBS – BSE, Health Science ([Table 2](#), [Attachment 2B](#)).
 - d. Proposed undergraduate program change for the College of Education and Health Professions – Department of Health Science, Kinesiology, Recreation and Dance – KINSBS – BSE, Kinesiology – Exercise Science Concentrations II and III ([Table 2](#), [Attachment 2C](#)).
 - e. Proposed undergraduate program change for the College of Education and Health Professions – Department of Health Science, Kinesiology, Recreation and Dance – KINSBS – BSE, Kinesiology – Exercise Science Concentrations II and III ([Table 2](#), [Attachment 2D](#)).

- f. Proposed undergraduate program change for the College of Education and Health Professions – Department of Health Science, Kinesiology, Recreation and Dance – RECRBS – BSE, Recreation ([Table 2](#), [Attachment 2E](#)).
- g. Proposed undergraduate program change for the College of Education and Health Professions – Mann School of Nursing – NURSBS – BSN, Nursing ([Table 2](#), [Attachment 2F](#)).
- h. Proposed graduate program change for the Department of Rehabilitation, Human Resources and Communication Disorders – WDEDME –MED, Workforce Development Education – Vocational Education Concentration ([Table 3](#), [Attachment 3A](#) and [Attachment 3B](#)).
- i. Proposed graduate program change for the Department of Curriculum and Instruction – EDUCME –MED, Education ([Table 3](#), [Attachment 3C](#) and [Attachment 3D](#)).

5. Other Items for Consideration: None

UNDERGRADUATE PROGRAM CHANGES

TABLE ONE

Dale Bumpers College of Agricultural, Food and Life Sciences

Department of Food Science

FDSCBS - Food Science, BSA - Attachment 1A

Proposal requests to require students to complete both FDSC 4203 and FDSC 4413 instead of the option to chose only one and reduce the elective hours from 18 to 15 hours for the Food Science Concentration. For the Food Technology Concentration add FDSC 4303 as a required course and reduce the elective hours from 18 to 15 hours, see Section V of Attachment 1A for additional details.

TABLE TWO

College of Education and Health Sciences

Department of Curriculum and Instruction

ELELBS - Elementary Education, BSE - Attachment 2A

Proposal requests to drop ARED 3603 and replace it with CIED 4113, and change the entrance GPA requirement from 2.5 to 2.7 as specified in Section V of Attachment 2A.

Department of Health Science, Kinesiology, Recreation and Dance

HLSCBS - Health Science, BSE - Attachment 2B

Proposal requests to eliminate the three hour computer course requirement and add three hours of elective as specified in Section V of Attachment 2B.

KINSBS - Kinesiology, BSE - Exercise Science
Concentrations II and III - Attachment 2C

Proposal requests to eliminate three hour Media/Computer requirement and add three hours of elective as specified in Section V of Attachment 2C.

KINSBS - Kinesiology, BSE - Exercise Science
Concentrations II and III - Attachment 2D

Proposal requests to allow students the option of taking HNED 4003H in place of either KINS 4903 or KINS 405V as specified in Section V of Attachment 2D.

RECRBS - Recreation, BSE - Attachment 2E

Proposal requests to eliminate the Media/Computer requirement and replace it with three hours of elective as specified in Section V of Attachment 2E.

Mann School of Nursing

NURSBS - Nursing, BSN - Attachment 2F

Proposal requests several changes to program admission policies which would require background checks and drug screening. Changes to the academic progression policy are also specified in Section V of Attachment 2F.

SECTION III: Add a New Program/Unit

For new program proposals, complete Sections II and VII and use as a cover sheet for a full program proposal as described in 'Criteria and Procedures for Preparing Proposals for New Programs in Arkansas.' ADHE
<http://www.arkansashighered.com/pdfs/BookAppNewProgramCriteriaandProceduresRevised2005.pdf>.

Program proposal uses courses offered by another academic college, and that college dean's office has been notified. The signature of the dean of that academic college is required here: _____

SECTION IV: Eliminate an Existing Program/Unit

Code/Name _____ Effective Catalog Year _____

No new students admitted to program after Term: ____ Year: _____

Allow students in program to complete under this program until Term: ____ Year: _____

SECTION V: Proposed Changes to an Existing Program or Program Policies

Insert here a statement of the exact changes to be made: **On the Food Science Concentration the proposed change is to require students to complete both FDSC 4203 Quality Evaluation and Control with lab component and FDSC 4413 Sensory**

Evaluation of Food with lab component instead of choosing between the two courses. This change will result in a reduction of the available elective hours to 15-18.

On the Food Technology Concentration the proposed change is to add FDSC 4304 Food Chemistry to the Food Science Core. This change will result in a reduction in the available elective hours to 15-18.

Check if either of these boxes apply and provide the necessary signature:

- Program change proposal adds courses offered by another academic college, and that college dean's office has been notified. The signature of the dean of that academic college is required here: _____
- Program change proposal deletes courses offered by another academic college, and that college dean's office has been notified. The signature of the dean of that academic college is required here: _____

Check all the boxes that apply and complete the required sections of the form:

- Change of Name and Code (Complete only sections I, II, V and VII.)
- Change Course Requirements: (Complete all sections of the form except "Proposed Name" in II, section III, and section IV.)
- Change Delivery Site/Method (Complete all sections of the form except "Proposed Name" in II, section III, and section IV.)
- Change Total Hours (Complete all sections of the form except "Proposed Name" in II, section III, and section IV.)
- Change in Program Policies

SECTION VI: Justification

Justify this change and state its likely effect on any other degree program (including those outside the school or college). Identify any program or program components (other than courses) to be eliminated if this program is implemented. (Program and course change forms must also be submitted for such related changes.)

On the Food Science Concentration the completion of both courses is required for continued approval of the degree program by the Institute of Food Technologists.

On the Food Technology Concentration the proposed changes will strengthen Food Science core and better prepare students for employment in the field of Food Science and/or postgraduate degree programs.

SECTION VII: Catalog Text and Format

In the box below, insert the current catalog text which is to be changed, with changes highlighted with the color yellow. Include all proposed changes identified in Section V. Only changes explicitly stated in Section V will be considered for approval by the University Course and Programs Committee, the Graduate Council and the Faculty Senate. If you are proposing a new program, give proposed text with all of the elements listed below. If you are proposing modified text, include these elements as appropriate.

Include the following elements, in order, in the catalog text for proposed undergraduate program(s) or program changes:

- State complete major/program name
- Briefly define or describe the major/program or discipline.
- Identify typical career goals or paths for graduates. (Optional)
- State admission requirements (if any) for entry or entry into upper/advanced level of major/program.
- Identify location in catalog of university, college/school, and department/program requirements which the student must meet in addition to hours in the major, but do not restate these requirements.
- State course requirements in the major and any allied areas, giving number of hours and specific courses; specify electives or elective areas and give numbers of hours and courses in elective pools or categories; identify any other course requirements.
- State any other requirements (required GPA, internship, exit exam, project, thesis, etc.).
- Identify name and requirements for each concentration (if any).
- Specify whether a minor or other program component is allowed or required and provide details.
- State eight-semester plan requirements

For minors, state requirements in terms of hours, required courses, electives, etc.

For graduate program/units, include elements (as needed) parallel to those listed for undergraduate programs above.

For Law School program/units, prepare text consistent with current catalog style.

For centers, prepare text consistent with current catalog style.

Food science is the application of science and technology to processing, packaging, safety, product invention and distribution of food products. Food science deals with all aspects of food between production and consumption and involves many disciplines, including chemistry, microbiology, nutrition, engineering and sensory science.

Food science prepares students for many interesting, rewarding and challenging professional career opportunities in industry, business, governmental and educational organizations associated with food and food-related products. Due to the diversity and abundance of opportunities available, students graduating with a B.S.A. in food science readily obtain employment or continue studies for graduate school. Additionally, requirements for several pre-professional programs can be fulfilled while meeting requirements for the food science degree.

Students may choose one of two areas of concentration for their degree program: Food Science (FDSC) or Food Technology (FDTN). The FDSC concentration at the University of Arkansas is one of only 53 programs in the United States and the only one in Arkansas that is approved by the Institute of Food Technologists. It provides students with a strong background in basic and applied sciences and food chemistry, microbiology, analysis, quality and engineering.

The FDTN concentration provides students interested in food business and management careers with an integrated background in food science and business. With proper course selection, students in the food technology concentration can complete a minor in agribusiness or general business while completing their core requirements, thus leaving elective hours available for further educational enhancement.

Students in both concentrations are offered opportunities for research, internships, international experiences and selection of a minor.

Department of Curriculum and Instruction

ELELBS - Elementary Education, BSE - Attachment 2A

Proposal requests to drop ARED 3603 and replace it with CIED 4113, and change the entrance GPA requirement from 2.5 to 2.7 as specified in Section V of Attachment 2A.

Department of Health Science, Kinesiology, Recreation and Dance

HLSCBS - Health Science, BSE - Attachment 2B

Proposal requests to eliminate the three hour computer course requirement and add three hours of elective as specified in Section V of Attachment 2B.

KINSBS - Kinesiology, BSE - Exercise Science
Concentrations II and III - Attachment 2C

Proposal requests to eliminate three hour Media/Computer requirement and add three hours of elective as specified in Section V of Attachment 2C.

KINSBS - Kinesiology, BSE - Exercise Science
Concentrations II and III - Attachment 2D

Proposal requests to allow students the option of taking HNED 4003H in place of either KINS 4903 or KINS 405V as specified in Section V of Attachment 2D.

RECRBS - Recreation, BSE - Attachment 2E

Proposal requests to eliminate the Media/Computer requirement and replace it with three hours of elective as specified in Section V of Attachment 2E.

SECTION IV: Eliminate an Existing Program/Unit

Code/Name Effective Catalog Year

No new students admitted to program after Term: Year:
Allow students in program to complete under this program until Term: Year:

SECTION V: Proposed Changes to an Existing Program or Program Policies

Insert here a statement of the exact changes to be made: The first proposed change will raise the required entrance GPA from a 2.5 to a 2.7. The other proposed change will remove ARED 3603 Public School Art and replace it with CIED 4113 Integrated Communication Skills. The order of existing courses will also change to a more logical progression.

Check if either of these boxes apply and provide the necessary signature:

- Program change proposal adds courses offered by another academic college, and that college dean's office has been notified. The signature of the dean of that academic college is required here: _____
- Program change proposal deletes courses offered by another academic college, and that college dean's office has been notified. The signature of the dean of that academic college is required here: _____

Check all the boxes that apply and complete the required sections of the form:

- Change of Name and Code (Complete only sections I, II, V and VII.)
- Change Course Requirements: (Complete all sections of the form except "Proposed Name" in II, section III, and section IV.)
- Change Delivery Site/Method (Complete all sections of the form except "Proposed Name" in II, section III, and section IV.)
- Change Total Hours (Complete all sections of the form except "Proposed Name" in II, section III, and section IV.)
- Change in Program Policies

SECTION VI: Justification

Justify this change and state its likely effect on any other degree program (including those outside the school or college). Identify any program or program components (other than courses) to be eliminated if this program is implemented. (Program and course change forms must also be submitted for such related changes.)

The proposed change in the GPA from 2.5 to 2.7 will serve to align the standards of our off-campus program to the standards of our on-campus program. The proposed coursework change will remove ARED 3603 (Public School Art) which neither Curriculum and Instruction nor the Art Department currently have the staff to facilitate and no longer offer. By replacing ARED 3603 with CIED 4113 (Integrated Communication Skills) graduates from the Elementary Education Licensure Program will be more knowledgeable in the area of literacy, both emergent literacy and extending literacy into the various content areas. The other changes in regards to order of courses allow the students to take the coursework in a more logical progression.

SECTION VII: Catalog Text and Format

In the box below, insert the current catalog text which is to be changed, with changes highlighted with the color yellow. Include all proposed changes identified in Section V. Only changes explicitly stated in Section V will be considered for approval by the University Course and Programs Committee, the Graduate Council and the Faculty Senate. If you are proposing a new program, give proposed text with all of the elements listed below. If you are proposing modified text, include these elements as appropriate.

Include the following elements, in order, in the catalog text for proposed undergraduate program(s) or program changes:

- State complete major/program name
- Briefly define or describe the major/program or discipline.
- Identify typical career goals or paths for graduates. (Optional)
- State admission requirements (if any) for entry or entry into upper/advanced level of major/program.
- Identify location in catalog of university, college/school, and department/program requirements which the student must meet in addition to hours in the major, but do not restate these requirements.
- State course requirements in the major and any allied areas, giving number of hours and specific courses; specify electives or elective areas and give numbers of hours and courses in elective pools or categories; identify any other course requirements.
- State any other requirements (required GPA, internship, exit exam, project, thesis, etc.).
- Identify name and requirements for each concentration (if any).
- Specify whether a minor or other program component is allowed or required and provide details.
- State eight-semester plan requirements

For minors, state requirements in terms of hours, required courses, electives, etc.

For graduate program/units, include elements (as needed) parallel to those listed for undergraduate programs above.

For Law School program/units, prepare text consistent with current catalog style.

For centers, prepare text consistent with current catalog style.

The Department of Curriculum and Instruction also offers the B.S.E. in elementary education licensure program. Students enrolled in this program typically complete their first two years of study on another campus prior to admission to the program. The final two years of the program are University of Arkansas courses offered at an off-campus location.

Academic Regulations for Elementary Education Majors are as follows:

Stage I: Admission

1. Enroll in the undergraduate B.S.E. program in childhood education.
2. Complete first two years of study at Northwest Arkansas Community College (NWACC).
3. Establish a GPA of 2.70 or better in the pre-requisite courses.
5. Pass Praxis I (deadline for submission of scores is April 15 prior to Fall enrollment).

Stage II: Program Progression

1. Register for coursework.
2. Eligibility to enroll in subsequent program courses is contingent upon successful screening as well as meeting ALL Stage I requirements.
3. Maintain a GPA of 2.7 or better.
4. Pass Praxis II (Early Childhood Content Knowledge in the junior year AND Principles of Learning and Teaching: Early Childhood in the senior year.

NOTE: All professional education courses in CIED must have a grade of "C" or better. A passing score on required Praxis exams and a GPA of 2.7 or better are required for enrollment in upper-division professional education courses. No teaching methods courses may be taken by correspondence.

** B.S.E. students will apply to the University of Arkansas and request the transfer of freshman and sophomore credits to UA during the semester before their junior year. UA accepts transfers of no more than 68 lower division credit hours. Taking freshman or sophomore courses directly from UA (as a correspondence course) may prevent you from exceeding this 68 credit-hour transfer limit.

*** The University of Arkansas requires that all students take ENGL 2003 Advanced Composition or ENGL 2013 Essay Writing on the UA campus before graduation unless the student has passed the Advanced Composition Exemption Exam. This exam is available at the Northwest Arkansas Community College Testing Center. Essay Writing (ENGL 2013) is available as a correspondence course at <http://offcampus.uark.edu>.

Online delivery of Masters of Education in Elementary Education is available. Information can be found in the University of Arkansas *Graduate School Catalog*.

HEALTH SCIENCE (HLSC)

- o Professor Jones (C.)
- o Clinical Assistant Professor Williams
- o Visiting Assistant Professors Mink, Wyandt

The program in health science is designed to prepare candidates for a variety of career options in the vast field of health education and health promotion. Career opportunities may include planning, development, and delivery of health programs in various settings. These settings may include hospitals, government agencies,

non-profit organizations, community organizations, corporations, and other places of occupation. Graduates of this program should be well prepared to enter the workforce at an entry level position in community health or graduate programs of study in such areas as health education and health promotion, corporate health, public health, health care administration, and other allied health professional schools.

The candidate for the Bachelor of Science in Education degree with a major in health science will focus on community health. All students must complete the University Core requirements as listed on page 40. In addition, all students must take the courses listed below under required general studies for the health science major and the additional health science major requirements. A minimum of 127 semester hours is required for graduation in the major of health science.

SECTION V: Proposed Changes to an Existing Program or Program Policies

Insert here a statement of the exact changes to be made: Eliminating the Media/Computer requirement and making those 3 hours elective.

Check if either of these boxes apply and provide the necessary signature:

- Program change proposal adds courses offered by another academic college, and that college dean's office has been notified. The signature of the dean of that academic college is required here: _____
- Program change proposal deletes courses offered by another academic college, and that college dean's office has been notified. The signature of the dean of that academic college is required here: _____

Check all the boxes that apply and complete the required sections of the form:

- Change of Name and Code (Complete only sections I, II, V and VII.)
- Change Course Requirements: (Complete all sections of the form except "Proposed Name" in II, section III, and section IV.)
- Change Delivery Site/Method (Complete all sections of the form except "Proposed Name" in II, section III, and section IV.)
- Change Total Hours (Complete all sections of the form except "Proposed Name" in II, section III, and section IV.)
- Change in Program Policies

SECTION VI: Justification

Justify this change and state its likely effect on any other degree program (including those outside the school or college). Identify any program or program components (other than courses) to be eliminated if this program is implemented. (Program and course change forms must also be submitted for such related changes.)

The KINSBS faculty is making this change because there is not an appropriate college/university computer course for the kinesiology profession. Note this change affects two concentrations: KINSBS: EXPP and KINSBS: Applied Exercise Science.

SECTION VII: Catalog Text and Format

In the box below, insert the current catalog text which is to be changed, with changes highlighted with the color yellow. Include all proposed changes identified in Section V. Only changes explicitly stated in Section V will be considered for approval by the University Course and Programs Committee, the Graduate Council and the Faculty Senate. If you are proposing a new program, give proposed text with all of the elements listed below. If you are proposing modified text, include these elements as appropriate.

Include the following elements, in order, in the catalog text for proposed undergraduate program(s) or program changes:

- State complete major/program name
- Briefly define or describe the major/program or discipline.
- Identify typical career goals or paths for graduates. (Optional)
- State admission requirements (if any) for entry or entry into upper/advanced level of major/program.
- Identify location in catalog of university, college/school, and department/program requirements which the student must meet in addition to hours in the major, but do not restate these requirements.
- State course requirements in the major and any allied areas, giving number of hours and specific courses; specify electives or elective areas and give numbers of hours and courses in elective pools or categories; identify any other course requirements.
- State any other requirements (required GPA, internship, exit exam, project, thesis, etc.).
- Identify name and requirements for each concentration (if any).
- Specify whether a minor or other program component is allowed or required and provide details.
- State eight-semester plan requirements

For minors, state requirements in terms of hours, required courses, electives, etc.

For graduate program/units, include elements (as needed) parallel to those listed for undergraduate programs above.

For Law School program/units, prepare text consistent with current catalog style.

For centers, prepare text consistent with current catalog style.

The program in kinesiology is designed to prepare candidates for a variety of career options in the vast field of movement science. Career opportunities may include teaching physical education, coaching, analyzing and prescribing fitness programs, athletic training, or preparation for professional programs in allied health. Graduates of this program should be well prepared to enter graduate programs of study in such areas as pedagogy or adapted physical education, exercise physiology, biomechanics, athletic training, sport management, medical school, physical therapy school, and other allied health professional schools.

The candidate for the Bachelor of Science in Education degree with a major in kinesiology must select one of three concentrations:

- I. P-12 Teaching Physical Education/Wellness & Leisure
- II. Exercise Science – Pre-Professional Science
- III. Applied Exercise Science

All students must complete the state minimum core (University Core) requirements as listed on page 40. In addition, all students must take the required general studies for the kinesiology major and the kinesiology core requirements listed below. As part of the University Core requirements, specific math and science courses are required within the kinesiology major and concentrations. A student preparing to teach in the public schools must select the P-12 teaching concentration and must have a grade point average of 2.5 or greater to enter the senior block. For additional Information on licensure, contact academic advisor. Students interested in obtaining an endorsement in coaching should contact the Coordinator of Teacher Education. Students applying for other post-baccalaureate programs should inquire as to prerequisite requirements. Students majoring in kinesiology with a concentration in exercise science (concentrations II, III.) must earn a grade of “C” or better in KINS 3153, KINS 3353, and KINS 3533, and meet the appropriate concentration requirements. A minimum of 124 semester hours is required for graduation in the major of kinesiology.

Only changes explicitly stated in Section V will be considered for approval by the University Course and Programs Committee, the Graduate Council and the Faculty Senate. If you are proposing a new program, give proposed text with all of the elements listed below. If you are proposing modified text, include these elements as appropriate.

Include the following elements, in order, in the catalog text for proposed undergraduate program(s) or program changes:

- State complete major/program name
- Briefly define or describe the major/program or discipline.
- Identify typical career goals or paths for graduates. (Optional)
- State admission requirements (if any) for entry or entry into upper/advanced level of major/program.
- Identify location in catalog of university, college/school, and department/program requirements which the student must meet in addition to hours in the major, but do not restate these requirements.
- State course requirements in the major and any allied areas, giving number of hours and specific courses; specify electives or elective areas and give numbers of hours and courses in elective pools or categories; identify any other course requirements.
- State any other requirements (required GPA, internship, exit exam, project, thesis, etc.).
- Identify name and requirements for each concentration (if any).
- Specify whether a minor or other program component is allowed or required and provide details.
- State eight-semester plan requirements

For minors, state requirements in terms of hours, required courses, electives, etc.

For graduate program/units, include elements (as needed) parallel to those listed for undergraduate programs above.

For Law School program/units, prepare text consistent with current catalog style.

For centers, prepare text consistent with current catalog style.

- o Instructors Forbess, Mayes

The program in kinesiology is designed to prepare candidates for a variety of career options in the vast field of movement science. Career opportunities may include teaching physical education, coaching, analyzing and prescribing fitness programs, athletic training, or preparation for professional programs in allied health. Graduates of this program should be well prepared to enter graduate programs of study in such areas as pedagogy or adapted physical education, exercise physiology, biomechanics, athletic training, sport management, medical school, physical therapy school, and other allied health professional schools.

The candidate for the Bachelor of Science in Education degree with a major in kinesiology must select one of three concentrations:

- I. P-12 Teaching Physical Education/Wellness & Leisure
- II. Exercise Science – Pre-Professional Science
- III. Applied Exercise Science

All students must complete the state minimum core (University Core) requirements as listed on page 40. In addition, all students must take the required general studies for the kinesiology major and the kinesiology core requirements listed below. As part of the University Core requirements, specific math and science courses are required within the kinesiology major and concentrations. A student preparing to teach in the public schools must select the P-12 teaching concentration and must have a grade point average of 2.5 or greater **to enter the senior block**. For additional information on licensure, contact academic advisor. Students interested in obtaining an endorsement in coaching should contact the Coordinator of Teacher Education. Students applying for other post-baccalaureate programs should inquire as to prerequisite requirements. Students majoring in kinesiology with a concentration in exercise science (concentrations II, III.) must earn a grade of “C” or better in KINS 3153, KINS 3353, and KINS 3533, and meet the appropriate concentration requirements. A minimum of 124 semester hours is required for graduation in the major of kinesiology.

- Change Total Hours (Complete all sections of the form except "Proposed Name" in II, section III, and section IV.)
- Change in Program Policies

SECTION VI: Justification

Justify this change and state its likely effect on any other degree program (including those outside the school or college). Identify any program or program components (other than courses) to be eliminated if this program is implemented. (Program and course change forms must also be submitted for such related changes.)

Recreation faculty are unable to find an appropriate media/computer class for their major of study. The one previously used has been deleted from the college.

SECTION VII: Catalog Text and Format

In the box below, insert the current catalog text which is to be changed, with changes highlighted with the color yellow. Include all proposed changes identified in Section V. Only changes explicitly stated in Section V will be considered for approval by the University Course and Programs Committee, the Graduate Council and the Faculty Senate. If you are proposing a new program, give proposed text with all of the elements listed below. If you are proposing modified text, include these elements as appropriate.

Include the following elements, in order, in the catalog text for proposed undergraduate program(s) or program changes:

- State complete major/program name
- Briefly define or describe the major/program or discipline.
- Identify typical career goals or paths for graduates. (Optional)
- State admission requirements (if any) for entry or entry into upper/advanced level of major/program.
- Identify location in catalog of university, college/school, and department/program requirements which the student must meet in addition to hours in the major, but do not restate these requirements.
- State course requirements in the major and any allied areas, giving number of hours and specific courses; specify electives or elective areas and give numbers of hours and courses in elective pools or categories; identify any other course requirements.
- State any other requirements (required GPA, internship, exit exam, project, thesis, etc.).
- Identify name and requirements for each concentration (if any).
- Specify whether a minor or other program component is allowed or required and provide details.
- State eight-semester plan requirements

For minors, state requirements in terms of hours, required courses, electives, etc.

For graduate program/units, include elements (as needed) parallel to those listed for undergraduate programs above.

For Law School program/units, prepare text consistent with current catalog style.

For centers, prepare text consistent with current catalog style.

RECREATION (RECR)

- o Professors Hunt, Moiseichik
- o Associate Professor Langsner
- o Assistant Professor Benton
- o Visiting Professor van der Smissen

The program of recreation is designed to prepare candidates for a variety of career opportunities in the field of recreation and parks. Career opportunities may

include park and recreation directors for a city, sports management, fitness center managers, state and national park managers, camp administrators, or work in YMCAs, Boys and Girls Clubs, or other youth-serving agencies. Graduates of this program should be well prepared to enter the recreational workforce at an entry level position or pursue graduate studies in such areas as recreation management, sport management, or other allied health professional schools.

The candidate for the Bachelor of Science in Education degree with a major in recreation must select professional electives in an area of interest with help from an academic adviser from the recreation faculty. Each set of professional electives is developed individually to meet specific career goals. Professional electives are 18-21 hours, generally in academic areas other than the recreation program. Examples of professional electives include, but are not limited to, public recreation, children and families, fitness club management, commercial recreation, aquatic management, therapeutic recreation, camp administration, outdoor leadership, community sports, youth at risk, and outdoor recreation.

All students must complete the University Core requirements as listed on page 40. In addition, all students must take the required general studies for the recreation core requirements listed below. Recreation majors must obtain a "C" or better in all courses beginning with the alpha code RECR. To enroll in RECR 440V, students must have a 2.50 GPA or better in RECR core and professional elective courses. Many courses in the recreation curriculum are taught in sequential order. Please check catalog course descriptions for prerequisites.

There are several experiential requirements within the recreation core. Students are required to do three practicum experiences (RECR 201V) in three different agencies. Each experience totals 45 hours. A more intense experience of an internship (RECR 440V) requires a minimum of 400 hours or work full time for 12-15 weeks in an agency with a qualified park and recreation professional. Students in the recreation program must obtain one instructor-level certification and a second certification in another area of expertise, three certifications which must be appropriate to recreation and be pre-approved by the recreation program. For additional information regarding these certifications see a recreation faculty adviser. Certifications must be valid at the time of graduation and be completed before a grade will be assigned in RECR 4013 Contemporary Issues in Leisure. Examples of these certifications include, but are not limited to, water safety instructor, aerobics instructor, American Red Cross canoeing instructor, first-aid instructor, and hunter safety instructor. A minimum of 124 hours are required for graduation in the major of recreation.

An undergraduate minor in recreation is also available to students enrolled in other colleges. Students with interests related to the recreation profession such as business, biology, human environmental science, or horticulture may elect the 15-hour minor. This minor could enhance future career opportunities.

<p>Note: The minimum number of hours required to receive a baccalaureate degree at the University of Arkansas is 124 semester hours.</p> <p>The Recreation major is exempt from Act 1014, which requires eight-semester degree plans for most majors, because students are recommended to register for RECR 440V (Internship) after the completion of their course work. This is necessary because the recreation agencies have their busiest season in the summer. For a recommended nine-semester plan, however, please refer to the College of Education and Health Profession's Web site at http://coehp.uark.edu/.</p> <p>SEE PAGE 389 FOR RECREATION (RECR) COURSES</p> <p>SEE PAGE 381 FOR PHYSICAL EDUCATION ACTIVITIES (PEAC) COURSES</p> <p>*Please note since this program is not required to have an eight semester plan since it requires an additional semester for a 9 hour internship.</p>

SECTION III: Add a New Program/Unit

[] For new program proposals, complete Sections II and VII and use as a cover sheet for a full program proposal as described in 'Criteria and Procedures for Preparing Proposals for New Programs in Arkansas.' ADHE
http://www.arkansashighered.com/pdfs/BookAppNewProgramCriteriaandProceduresRevised2005.pdf.

[] Program proposal uses courses offered by another academic college, and that college dean's office has been notified. The signature of the dean of that academic college is required here:

SECTION IV: Eliminate an Existing Program/Unit

Code/Name Effective Catalog Year
No new students admitted to program after Term: Year:
Allow students in program to complete under this program until Term: Year:

SECTION V: Proposed Changes to an Existing Program or Program Policies

Insert here a statement of the exact changes to be made: EMSON is requesting to change our admission policy to give a conditional and a full admission. A conditional admission will be based on our previous admission criteria (GPA and

completion of prerequisites). A full admission to the nursing program will be contingent upon students providing proof of a satisfactory background check and negative drug screen in addition to our current requirements of CPR certification, TB testing, Hepatitis B vaccination and health insurance. An unsatisfactory background result may lead to denial of admission to the nursing program. A positive drug screen will lead to denial of admission to the nursing program.

EMSON is also proposing a change in our academic progression policy. Students will be allowed to retake a nursing course in which they received less than a "C" grade. Students may repeat a nursing course only once and may only repeat a maximum of two nursing courses while in the nursing program. This change also establishes a student priority guideline for re-enrolling students into a clinical course. Students who receive a "D" or "F" in a Role Implementation (Clinical) Course for safety, ethical, or dishonesty issues will be withdrawn from the course and school following a full review and will not be readmitted to the program.

Check if either of these boxes apply and provide the necessary signature:

- Program change proposal adds courses offered by another academic college, and that college dean's office has been notified. The signature of the dean of that academic college is required here: _____
- Program change proposal deletes courses offered by another academic college, and that college dean's office has been notified. The signature of the dean of that academic college is required here: _____

Check all the boxes that apply and complete the required sections of the form:

- Change of Name and Code (Complete only sections I, II, V and VII.)
- Change Course Requirements: (Complete all sections of the form except "Proposed Name" in II, section III, and section IV.)
- Change Delivery Site/Method (Complete all sections of the form except "Proposed Name" in II, section III, and section IV.)
- Change Total Hours (Complete all sections of the form except "Proposed Name" in II, section III, and section IV.)
- Change in Program Policies

SECTION VI: Justification

Justify this change and state its likely effect on any other degree program (including those outside the school or college). Identify any program or program components (other than courses) to be eliminated if this program is implemented. (Program and course change forms must also be submitted for such related changes.)

This change will not effect any other program or program components. The addition of student background checks and drug screens are requirements in agencies used for clinical learning. The proposed change in the academic progression policy will delete our current policy in which students who make below a "C" in a course are dismissed from the program and have to re-apply to the nursing program. It also eliminated the one petition for readmission policy. The academic progression policy provides students the ability to repeat a course in which the student received less than a "C" in the nursing program without having to apply for readmission to the program. Students may use the University's grade forgiveness policy if it has not been previously used. This change will align our program progression policies with the University policy on grade forgiveness.

SECTION VII: Catalog Text and Format

In the box below, insert the current catalog text which is to be changed, with changes highlighted with the color yellow. Include all proposed changes identified in Section V. Only changes explicitly stated in Section V will be considered for approval by the University Course and Programs Committee, the Graduate Council and the Faculty Senate. If you are proposing a new program, give proposed text with all of the elements listed below. If you are proposing modified text, include these elements as appropriate.

Include the following elements, in order, in the catalog text for proposed undergraduate program(s) or program changes:

- State complete major/program name
- Briefly define or describe the major/program or discipline.
- Identify typical career goals or paths for graduates. (Optional)
- State admission requirements (if any) for entry or entry into upper/advanced level of major/program.
- Identify location in catalog of university, college/school, and department/program requirements which the student must meet in addition to hours in the major, but do not restate these requirements.
- State course requirements in the major and any allied areas, giving number of hours and specific courses; specify electives or elective areas and give numbers of hours and courses in elective pools or categories; identify any other course requirements.
- State any other requirements (required GPA, internship, exit exam, project, thesis, etc.).
- Identify name and requirements for each concentration (if any).
- Specify whether a minor or other program component is allowed or required and provide details.
- State eight-semester plan requirements

For minors, state requirements in terms of hours, required courses, electives, etc.

For graduate program/units, include elements (as needed) parallel to those listed for undergraduate programs above.

For Law School program/units, prepare text consistent with current catalog style.

For centers, prepare text consistent with current catalog style.

The section of the catalogue below will be replaced with the highlighted section:

Admission Policies

Admission to the B.S.N. program is limited. Final approval for admission will be determined by the Eleanor Mann School of Nursing faculty. Requirements for admission into the professional program of study are as follows:

1. Overall minimum grade-point average (GPA) of 2.75. Transfer GPA will be factored in if it is to the student's benefit. If the UA GPA is based on at least 12 hours of study and is greater than the transfer GPA, the UA GPA will be used. The transfer GPA will be factored in if the student has less than 12 hours at the University of Arkansas.
2. Students will be ranked according to GPA for admission to the program.
3. Applications for admission must be submitted by December 1 to be considered for fall semester admission and by June 15 for spring semester admission. Late applications will be considered on a space-available basis.
4. All pre-requisite requirements must be completed prior to beginning the nursing professional program of studies. Students applying for a spring semester admission must have all pre-requisites completed by the end of the preceding fall semester; students applying for a fall semester admission must have all pre-requisite courses completed by the end of the preceding summer semester. Additionally, the student must maintain the required 2.75 minimum GPA.
5. Students transferring from another nursing program must be eligible to return to that program to be considered for admission.
6. Students must meet the performance standards for the professional program of study.
7. CPR certification (American Heart Association program) is required.
8. The completed Hepatitis B vaccine series and Diphtheria-Tetanus (DT) must be verified.
9. Negative Tuberculin skin test or X-ray is required.
10. Diphtheria-Tetanus (DT) required.
11. Health and liability insurance is required (check with the School of Nursing).
12. A criminal background check with fingerprinting is required and reported to the Arkansas State Board of Nursing.
13. Some clinical agencies require students to complete a negative drug screening and criminal background check before students can be placed in the agency. To complete appropriate clinical experiences, students will have to comply with these requirements.

Admission to the B.S.N. Program

Conditional Admission to the BSN Program

Admission to the BSN program is limited. Conditional admission will be determined by the Eleanor Mann School of Nursing faculty. Requirements for conditional admission into the professional program of study are:

1. Overall minimum grade-point average (GPA) of 2.75
2. Students will be ranked according to GPA for admission to the program.
3. Applications for admission must be submitted by December 1 to be considered for fall semester admission and by June 15 for spring semester admission. Late applications will be considered on a space-available basis.
4. Transfer nursing students requesting admission must provide a letter from their previous nursing program stating they are in good standing and eligible to return to that program.
5. Students must meet the performance standards for the professional program of study.

Full Admission to the B.S.N. Program is contingent upon successfully meeting the following requirements:

1. All prerequisite course requirements have been completed. Students applying for a spring semester admission must have all pre-requisite courses completed by the end of the preceding fall semester; students applying for the fall semester admission must have all pre-requisite courses completed by the end of the preceding summer semester.
2. Students must maintain the required 2.75 minimum GPA.
3. Proof of the following:
 - a. American Heart Association Basic Certified Life Support and Automated Emergency Defibrillation (BCLS & AED) CPR for Health Care Providers certification
 - b. Completed Hepatitis B vaccine (HBV) with dates of each injection or immune titer if the vaccine was received over 10 years ago. Three (3) HBV injections are required. Students are required to have obtained HBV injection 1 within two weeks of the beginning of the scheduled admission semester, followed by injection 2 in one month, and injection 3 within six months of injection 1. Students will not be permitted to participate in patient care contact required in the clinical experience if they fail to obtain the completed series (3 injections), according to the Center for Disease Control (CDC) established timeframe.
 - c. Negative tuberculin skin test or if the student has ever tested positive for tuberculosis, a negative chest X-ray result within two years.
 - d. Students must submit proof of current healthcare coverage.
 - e. Liability insurance is provided through an established student fee at the University of Arkansas.
 - f. Criminal background check is required. Results are reported to the EMSON and any healthcare facility in which the student is placed as part of their clinical education. An unsatisfactory background check result may lead to denial of admission to the nursing program.
 - g. Proof of a negative drug screen is required within two weeks prior to entrance into the nursing program. Results are reported to EMSON. A positive drug screen will lead to denial of admission to the nursing program. Student failure to submit to a drug screen, attempting to tamper with, contaminate, or switch a sample will result in the student not being admitted to the nursing program and will be referred to the Dean of Students in the Division of Student Affairs at the University of Arkansas.
 - h. RNs and LPN/LPTNs admitted to the program must provide proof of, and maintenance of, an unencumbered license to practice as an RN or LPN/LPTN in the state of Arkansas.

The section of the catalogue below will be replaced with the highlighted section:

Progression, Probation, Suspension, Withdrawal, and Dismissal

1. Any nursing course in which a letter grade of "D" or lower is received must be repeated before the student progresses (Repetition of courses depends on clinical space available).
2. Students who receive a grade of "D" or lower or withdraw from any nursing course for any reason must petition the school's Undergraduate Admission Committee for readmission to the nursing program no later than fourteen (14) days prior to the semester the student intends to re-enter. Final decisions for readmission rests with the nursing faculty.
3. Junior Progression Exam Requirement (Students should contact their adviser for details).
4. Senior Progression Exam Requirement (Students should contact their adviser for details).
5. Students are limited to one petition for readmission. Readmission is limited by space availability.
6. Students who are dismissed from any clinical course will be suspended from all clinical courses until the dismissal is reviewed by the faculty of the school (Suspension means the student will not be permitted to attend any clinical assignment until the school reviews the issue).

Progression, Withdrawal and Dismissal

1. For progression in the nursing program only grades of "C" or above in nursing courses will be accepted. Students who make less than a "C" may not progress into courses for which that course is a prerequisite until the course is repeated and the required minimum grade of "C" is attained.
2. Students may repeat a specific nursing course only once. If a "D", "F", or "W" is earned on the second attempt, the student will be required to withdraw from the EMSON.
3. No more than two nursing courses within the program of study may be repeated. If the student does not earn a grade of at least "C" upon repeating a course, the student may not enroll in any nursing course or continue in the EMSON.

Professional Role Implementation (Clinical) Courses

1. A student who needs to repeat a Professional Role Implementation Course must make a petition to the Undergraduate Admission Committee and are encouraged to do so as soon as they are aware of the need to repeat a course.

2. Students will be readmitted on a space-available basis according to the following priority guidelines:

Priority Groups for Placement in Required Clinical Courses	
First Priority	Continuing full-time students
Second Priority	Continuing part-time students
Third Priority	Repeating students who were unable to repeat a course for one or more semesters
Fourth Priority	Repeating students in the semester immediately following the one in which they failed a nursing course.

3. Spaces in clinical courses are limited and tightly controlled by accreditation standards, the Arkansas State Board of Nursing and clinical agency policies. A student re-enrolling in a Professional Role Implementation Course (whether due to illness, course failure, part-time status, or other reasons) will not be assured clinical placement space in subsequent courses.

4. A student dismissed from a Professional Role Implementation Course due to safety, ethical, or dishonesty issues will be administratively withdrawn from all clinical courses and from the School of Nursing following a full review.

The section of the catalogue below will be replaced with the highlighted section:

Readmission Policies

Any student whose enrollment in the professional program of study has been interrupted may seek readmission following the steps below:

1. Seek readmission into the University of Arkansas (if applicable).
2. Complete Readmission Application to the School of Nursing the semester prior to the semester of intended re-entry into the program (Readmission is limited by space availability).
3. If the student's enrollment was interrupted to attend another college, the University's transfer student admission policies would also apply for readmission.
4. Readmission will not be considered for any student dismissed from the School of Nursing who obtained a "D" or "F" from two (2) nursing courses or who was dismissed from a Professional Role Implementation Course due to safety, ethical, or dishonesty issues. Exceptions to this policy will be considered by the Undergraduate Admissions Committee on an individual basis.

WorkforceDevelopmentEducation(WDED)

(M.Ed.) Workforce Development Education program prepares scholar/practitioners to develop and facilitate interventions designed to enhance individual and organization performance. This program combines adult education and human resource development (HRD) theory and best practices to advance professionals interested in improving the capacity of individual and organizational development within the workplace.

Requirements for the Master of Education Degree in Workforce Development Education: The M.Ed. program is a 33-hour non-thesis online

program. This is not a teacher licensure program; however, licensure or endorsement is available for public school teachers who meet the requirements. The student's program of study consists of the requirements listed below. All candidates who seek admission to the program must have (1) a minimum grade-point average (GPA) of 3.0 on the last 60 hours of attempted course work prior to the receipt of the baccalaureate degree from a regionally accredited institution; or (2) if the GPA is less than a 3.0 but at least 2.7 on the last 60 credit hours of attempted baccalaureate course work, the applicant may be considered for admission by special consideration, which includes satisfactory scores on the Graduate Record Examination (GRE) or the General Test of the Miller's Analogy Test (MAT); or (3) a conferred post-baccalaureate degree (excluding professional degrees) from a regionally accredited institution of higher education. Graduation requirements include (1) completing 33 semester hours (no thesis) with a minimum cumulative GPA of 3.0 (six hours may be transferred); and (2) passing a written comprehensive examination in the final academic semester.
