UNIVERSITY COURSE AND PROGRAMS COMMITTEE

AGENDA

March 27, 2009
2:30 PM
Upchurch Conference Room

1. Approval of minutes for February 27, 2009. Meeting minutes can be viewed at
   http://www.uark.edu/depts/gradinfo/dean/courseprog/minutes/index.html.

2. Consent Agenda (Course change proposals can be reviewed at https://www2.uark.edu/web-
   apps/regr/ccf/Main or by going to the website of the Registrar and clicking on "Faculty/Staff"
   then "Curriculum Change Form," and then "View Changes Pending Before the University Course
   and Programs Committee.")

   a. Undergraduate and School of Law Course Change Proposals (Tables A & C)

   b. Graduate Course Change Proposals (Table B)

3. Old Business: None

4. New Business:

   a. Proposed undergraduate program change for the Bumpers College of Agricultural, Food
      and Life Sciences – Department of Crop, Soil and Environmental Sciences – PMGT-M –
      Pest Management Minor (Table 1, Attachment 1A).

   b. Proposed undergraduate program change for the Bumpers College of Agricultural, Food
      and Life Sciences – Department of Crop, Soil and Environmental Sciences – WLHA-M –
      Wildlife Habitat Minor (Table 1, Attachment 1B).

   c. Proposed undergraduate program change for the Bumpers College of Agricultural, Food
      and Life Sciences – Department of Plant Pathology – PLPA-M – Plant Pathology Minor
      (Table 1, Attachment 1C).

   d. Proposed undergraduate program change for the Walton College of Business –
      Department of Management – GBUSBS – BSBA, General Business (Table 2,
      Attachment2A).

   e. Proposed undergraduate program change for the Walton College of Business –
      Department of Management – MGMTBS – BSBA, Management (Table 2, Attachment
      2B).

   f. Proposed undergraduate program change for the Walton College of Business –
      Department of Marketing and Logistics – TRNSBS – BSBA, Transportation (Table2,
      Attachment 2C).

g. Proposed graduate program change for the Graduate School - Department of Health Science Kinesiology, Recreation and Dance - KINSMS – MS, Kinesiology ([Table 3](), [Attachment 3A](), [Attachment 3B]() and [Attachment 3C]()).

h. Proposed program change for the School of Law – AGLWLM – LLM, Agricultural Law ([Table 4](), [Attachment 4A]() and [Attachment 4B]()).

5. Other Items for Consideration: None

Current Code (6 digit Alpha) **PMGT-M**   Proposed Code (6 digit Alpha)   _____
                          Prior approval from the Office of the Registrar is required.

☒Interdisciplinary Program   CIP Code 01.1102
                          Prior assignment from Office of Institutional Research is required.

Proposed Name _____
When a program name is changed, enrollment of current students reflects the new name.

SECTION III: Add a New Program/Unit

☐   For new program proposals, complete Sections II and VII and use as a cover sheet for a full program proposal as described in 'Criteria and Procedures for Preparing Proposals for New Programs in Arkansas.' ADHE
http://www.arkansashighered.com/pdfs/BookAppNewProgramCriteriaandProceduresRevised2005.pdf.

☐ Program proposal uses courses offered by another academic college, and that college dean's office has been notified. The signature of the dean of that academic college is required here: _____

SECTION IV: Eliminate an Existing Program/Unit

Code/Name _____   Effective Catalog Year _____

No new students admitted to program after Term: ____ Year: _____
Allow students in program to complete under this program until Term: ____ Year: _____

SECTION V: Proposed Changes to an Existing Program or Program Policies

Insert here a statement of the exact changes to be made: **Change in course offerings and requirements of the minor. CSES 2003 has been removed as the prerequisite to CSES 4143 and 4133 so it will be no longer required but can be selected as an elective, drop ENTO 4024, add PLPA 4304. Students must enroll in two courses in each pest discipline for the minor: entomology, plant pathology, and weed science.**

Check if either of these boxes apply and provide the necessary signature:

☐ Program change proposal adds courses offered by another academic college, and that college dean's office has been notified. The signature of the dean of that academic college is required here: _____

☐ Program change proposal deletes courses offered by another academic college, and that college dean's office has been notified. The signature of the dean of that academic college is required here: _____

Check all the boxes that apply and complete the required sections of the form:

☐ Change of Name and Code (Complete only sections I, II, V and VII.)

☒ Change Course Requirements: (Complete all sections of the form except "Proposed Name" in II, section III, and section IV.)

☐ Change Delivery Site/Method (Complete all sections of the form except "Proposed Name" in II, section III, and section IV.)

☒ Change Total Hours (Complete all sections of the form except "Proposed Name" in II, section III, and section IV.)

☐ Change in Program Policies

SECTION VI: Justification

Justify this change and state its likely effect on any other degree program (including those outside the school or college). Identify any program or program components (other than courses) to be eliminated if this program is implemented. (Program and course change forms must also be submitted for such related changes.)

Changes in the course offerings and requirements are designed to provide greater flexibility for students to complete the requirements for the minor

SECTION VII: Catalog Text and Format

In the box below, insert the current catalog text which is to be changed, with changes highlighted with the color yellow. Include all proposed changes identified in Section V. Only changes explicitly stated in Section V will be considered for approval by the University Course and Programs Committee, the Graduate Council and the Faculty Senate. If you are proposing a new program, give proposed text with all of the elements listed below. If you are proposing modified text, include these elements as appropriate.

Include the following elements, in order, in the catalog text for proposed undergraduate program(s) or program changes:

- State complete major/program name
- Briefly define or describe the major/program or discipline.
- Identify typical career goals or paths for graduates. (Optional)
- State admission requirements (if any) for entry or entry into upper/advanced level of major/program.
- Identify location in catalog of university, college/school, and department/program requirements which the student must meet in addition to hours in the major, but do not restate these requirements.
- State course requirements in the major and any allied areas, giving number of hours and specific courses; specify electives or elective areas and give numbers of hours and courses in elective pools or categories; identify any other course requirements.
- State any other requirements (required GPA, internship, exit exam, project, thesis, etc.).
- Identify name and requirements for each concentration (if any).
- Specify whether a minor or other program component is allowed or required and provide details.
- State eight-semester plan requirements

For minors, state requirements in terms of hours, required courses, electives, etc.

For graduate program/units, include elements (as needed) parallel to those listed for undergraduate programs above.

For Law School program/units, prepare text consistent with current catalog style.

For centers, prepare text consistent with current catalog style.

The Pest Management Minor ~~will~~ consists of a minimum of 19 semester hours of courses to include two courses in each pest discipline; entomology (ENTO), plant pathology (PLPA), and weed science (CSES):

_____ ENTO 3013 Introduction to Entomology (FA, BIOL 1543/1541L)

_____ PLPA 3004 Principles of Plant Pathology (FA)

In addition, students may ~~must~~ select from the following ~~one~~ course~~s from each Alpha Code (CSES, ENTO, PLPA) below~~:

_____ CSES 2003 Introduction to Weed Science (FA, CSES 1203 or CSES 2103 or Hort 2003~~CHEM 1074 or CHEM 1103~~)++

_____ CSES 4143 Principles of Weed Control++ (SP, CHEM 2613/2611L ~~and CSES 2003~~)

_____ CSES 4133 Weed ID, Morphology and Ecology++ (FA, CSES 2103 or HORT 2003)

_____ ~~ENTO 4024 Insect Diversity and Taxonomy (FA)~~

_____ ENTO 4123 Insect Pest Management (SP odd, ENTO 3013)

_____ ENTO 4133 Advanced Applied Entomology (SP ~~FA~~ even, ENTO 3013)

_____ PLPA 4103 Plant Disease Control (FA, PLPA 3004)

_____ PLPA 4304 Applied Plant Disease Management (irregular)

Justify this change and state its likely effect on any other degree program (including those outside the school or college). Identify any program or program components (other than courses) to be eliminated if this program is implemented. (Program and course change forms must also be submitted for such related changes.)

Changes in the course offerings to reflect courses offered in the discipline.

SECTION VII: Catalog Text and Format

In the box below, insert the current catalog text which is to be changed, with changes highlighted with the color yellow. Include all proposed changes identified in Section V.   Only changes explicitly stated in Section V will be considered for approval by the University Course and Programs Committee, the Graduate Council and the Faculty Senate. If you are proposing a new program, give proposed text with all of the elements listed below. If you are proposing modified text, include these elements as appropriate.

Include the following elements, in order, in the catalog text for proposed undergraduate program(s) or program changes:

- State complete major/program name
- Briefly define or describe the major/program or discipline.
- Identify typical career goals or paths for graduates. (Optional)
- State admission requirements (if any) for entry or entry into upper/advanced level of major/program.
- Identify location in catalog of university, college/school, and department/program requirements which the student must meet in addition to hours in the major, but do not restate these requirements.
- State course requirements in the major and any allied areas, giving number of hours and specific courses; specify electives or elective areas and give numbers of hours and courses in elective pools or categories; identify any other course requirements.
- State any other requirements (required GPA, internship, exit exam, project, thesis, etc.).
- Identify name and requirements for each concentration (if any).
- Specify whether a minor or other program component is allowed or required and provide details.
- State eight-semester plan requirements

For minors, state requirements in terms of hours, required courses, electives, etc.

For graduate program/units, include elements (as needed) parallel to those listed for undergraduate programs above.

For Law School program/units, prepare text consistent with current catalog style.

For centers, prepare text consistent with current catalog style.

General Business Major

General Business is the broadest major in Walton College. This program provides the student exposure to all facets of the business process. Maximum flexibility is retained by the student. At the same time, careful use of general and junior/senior business electives allows the student to concentrate additional course work in one or more selected functional areas.

☐ Program change proposal deletes courses offered by another academic college, and that college dean's office has been notified. The signature of the dean of that academic college is required here: _____

Check all the boxes that apply and complete the required sections of the form:

☐ Change of Name and Code (Complete only sections I, II, V and VII.)

☒ Change Course Requirements: (Complete all sections of the form except "Proposed Name" in II, section III, and section IV.)

☐ Change Delivery Site/Method (Complete all sections of the form except "Proposed Name" in II, section III, and section IV.)

☐ Change Total Hours (Complete all sections of the form except "Proposed Name" in II, section III, and section IV.)

☐ Change in Program Policies

SECTION VI: Justification

Justify this change and state its likely effect on any other degree program (including those outside the school or college). Identify any program or program components (other than courses) to be eliminated if this program is implemented. (Program and course change forms must also be submitted for such related changes.)

Several Information Systems courses were modified and deleted from the department and new Information Systems courses are necessary to replace them in the major requirements for other major areas in business. One Accounting course has been deleted from Accounting and needs replaced.

SECTION VII: Catalog Text and Format

In the box below, insert the current catalog text which is to be changed, with changes highlighted with the color yellow. Include all proposed changes identified in Section V. Only changes explicitly stated in Section V will be considered for approval by the University Course and Programs Committee, the Graduate Council and the Faculty Senate. If you are proposing a new program, give proposed text with all of the elements listed below. If you are proposing modified text, include these elements as appropriate.

Include the following elements, in order, in the catalog text for proposed undergraduate program(s) or program changes:

- State complete major/program name
- Briefly define or describe the major/program or discipline.
- Identify typical career goals or paths for graduates. (Optional)
- State admission requirements (if any) for entry or entry into upper/advanced level of major/program.
- Identify location in catalog of university, college/school, and department/program requirements which the student must meet in addition to hours in the major, but do not restate these requirements.
- State course requirements in the major and any allied areas, giving number of hours and specific courses; specify electives or elective areas and give numbers of hours and courses in elective pools or categories; identify any other course requirements.
- State any other requirements (required GPA, internship, exit exam, project, thesis, etc.).
- Identify name and requirements for each concentration (if any).
- Specify whether a minor or other program component is allowed or required and provide details.
- State eight-semester plan requirements

For minors, state requirements in terms of hours, required courses, electives, etc.

For graduate program/units, include elements (as needed) parallel to those listed for undergraduate programs above.

For Law School program/units, prepare text consistent with current catalog style.

For centers, prepare text consistent with current catalog style.

Management Major Requirements	
The major in management requires 24 hours of major and collateral courses in the discipline as well as satisfying the other requirements for the B.S.B.A. degree. A maximum of 27 hours is allowed in a WCOB major or discipline field of study (i.e., core, major, electives) unless the extra courses are part of an interdisciplinary minor or collateral track. See an adviser for selection of courses.

Management Eight-Semester Degree Program:

Students wishing to follow the eight-semester degree plan should see page 42 in the Academic Regulations chapter for university requirements of the program. The Management major has three concentrations:

- Human Resources Management
- Organizational Leadership
- Small Business and Entrepreneurship

The eight-semester plan for each concentration is listed below.

Courses in BOLD must be taken in the designated semester. Courses in ITALIC may be taken in varied sequences as long as other designated requirements for these courses are met. Although other courses listed are not required to be completed in the designated sequence, the recommendations below are preferred.

Transportation and Logistics Major

    The major in transportation and logistics is designed to prepare students for careers in carrier management and logistics management. Carrier management is the management of the domestic and international modes of transportation. Logistic management applies analytical techniques and uses the systems approach in managing the flow of materials into and through the production and manufacturing processes of a firm to its customers.

    Basic employment opportunities exist in marketing, sales, and operations positions with carriers in all transportation modes, and in positions with shippers having responsibility in one or more of the areas under logistics management, warehousing, packaging, and materials handling. Opportunities also exist in governmental agencies.

Insert here a statement of the exact changes to be made: **Request to change the current concentration in Athletic Training within the M.S. Kinesiology degree program to a separate master's degree program in Athletic Training.**

Check if either of these boxes apply and provide the necessary signature:

☐ Program change proposal adds courses offered by another academic college, and that college dean's office has been notified. The signature of the dean of that academic college is required here: _____

☐ Program change proposal deletes courses offered by another academic college, and that college dean's office has been notified. The signature of the dean of that academic college is required here: _____

Check all the boxes that apply and complete the required sections of the form:

☒ Change of Name and Code (Complete only sections I, II, V and VII.)

☐ Change Course Requirements: (Complete all sections of the form except "Proposed Name" in II, section III, and section IV.)

☐ Change Delivery Site/Method (Complete all sections of the form except "Proposed Name" in II, section III, and section IV.)

☐ Change Total Hours (Complete all sections of the form except "Proposed Name" in II, section III, and section IV.)

☐ Change in Program Policies

SECTION VI: Justification

Justify this change and state its likely effect on any other degree program (including those outside the school or college). Identify any program or program components (other than courses) to be eliminated if this program is implemented. (Program and course change forms must also be submitted for such related changes.)

The decision to request the above stated change was based upon the following: 1) The Commission on Accreditation of Athletic Training (CAATE) requires that all accredidated programs be degree programs e.g. - Masters in Athletic Training instead of a concentration, 2) currently within the United States there are 18 entry level graduate progras in the area of Athletic Training and the University of Arkansas program is the only one which is not a degree program, and 3) the number of students enrolled in the Athletic Training concentration during the past three years has ranged from 24 - 30 and the number of program graduated has been 12, 14, and 13 respectively. These numbers indicate that the program is highly viable and without accredidation the program would cease to exist.

SECTION VII: Catalog Text and Format

In the box below, insert the current catalog text which is to be changed, with changes highlighted with the color yellow. Include all proposed changes identified in Section V.   Only changes explicitly stated in Section V will be considered for approval by the University Course and Programs Committee, the Graduate Council and the Faculty Senate. If you are proposing a new program, give proposed text with all of the elements listed below. If you are proposing modified text, include these elements as appropriate.

Include the following elements, in order, in the catalog text for proposed undergraduate program(s) or program changes:

- State complete major/program name
- Briefly define or describe the major/program or discipline.
- Identify typical career goals or paths for graduates. (Optional)
- State admission requirements (if any) for entry or entry into upper/advanced level of major/program.
- Identify location in catalog of university, college/school, and department/program requirements which the student must meet in addition to hours in the major, but do not restate these requirements.
- State course requirements in the major and any allied areas, giving number of hours and specific courses; specify electives or elective areas and give numbers of hours and courses in elective pools or categories; identify any other course requirements.
- State any other requirements (required GPA, internship, exit exam, project, thesis, etc.).
- Identify name and requirements for each concentration (if any).
- Specify whether a minor or other program component is allowed or required and provide details.
- State eight-semester plan requirements

For minors, state requirements in terms of hours, required courses, electives, etc.

For graduate program/units, include elements (as needed) parallel to those listed for undergraduate programs above.

For Law School program/units, prepare text consistent with current catalog style.

For centers, prepare text consistent with current catalog style.

Degrees Conferred:
M.S., Ph.D. (KINS)

Areas of Concentration for the Master of Science Degree:
Adapted movement science, athletic training, and exercise science.
Areas of specialization within the Exercise Science Concentration
include biomechanics, exercise management, and exercise physiology.
Prerequisites to Degree Program: For acceptance to the master's
degree programs the program area requires, in addition to the general
requirements for admission to the Graduate School, an undergraduate
degree in kinesiology or in a related field and the following admission
standards: an overall undergraduate GPA of 3.00 or if the overall
undergraduate GPA is between 2.70 and 2.99, the student must
have a 3.00 GPA on the last 60 hours of undergraduate course work
(excluding student teaching), or a GRE score of 1000 on the verbal
and quantitative parts of the general test.
Requirements for the Master of Science Degree: Candidates for the
M.S. degree in kinesiology with a concentration in either adapted
movement science or exercise science must complete 27 semester
hours of graduate work and a thesis or 33 semester hours without a
thesis. The athletic training concentration requires 51 semester hours
of graduate work and an independent research project or thesis. A
graduate GPA of 3.0 or better is required for graduation. In addition,
all degree candidates must successfully complete a written comprehensive
examination.
Athletic Training Concentration: Presently, the athletic training
education program has been granted candidacy status by the Joint
Review Committee on Athletic Training Education and is seeking
accreditation by the Commission on Accreditation of Allied Health
Education Programs (CAAHEP). Candidacy status does not guarantee
the program will receive accreditation status. In addition, candidacy
and submission of the self-study do not guarantee accreditation.
Students may have to make alternate plans in order to be eligible to
sit for the NATABOC examination if accreditation is not achieved.
See the Program Director for options. The student is offered the
opportunity to interact with high quality researchers/teachers in the
field of exercise science throughout the two and half years of course
work, clinical rotations, and the research thesis, project or case study.
Employment opportunities for graduates include serving as health
care professionals for sports medicine clinics and hospitals. Other
employment opportunities include professional teams as well as university,
college, and secondary school athletic teams. This athletic
training program is a pre-certification program in athletic training
and is not intended for students who are already eligible to sit for the
NATABOC examination. This is a full-time graduate program and
requires considerable clinical experience as part of the requirements
for graduation. This is a competitive concentration that requires
admission to the HKRD department and the Graduate Athletic
Training Education Program.
**Deficiency/Prerequisite Courses for Admission to the Athletic
Training Concentration:** Students desiring admission to the athletic
training education program must complete the following deficiency/
prerequisite courses prior to admission: HESC 1213 Nutrition in
Health, HLSC 1002 Wellness Concepts, KINS 2393 Prevention and
Care of Athletic Injuries, KINS 3153 Exercise Physiology, KINS
3353 Mechanics of Human Movement, BIOL 2213/2211L Human
Physiology and Lab, BIOL 2443/2441L Anatomy and Lab. If the
above courses were obtained at a college/university other than the
University of Arkansas, course syllabi/outlines for courses that are
requested to meet the requirements must be submitted to the Program

Director of Athletic Training Education for approval. It is imperative that students have the equivalent of the above undergraduate deficiencies/prerequisites to satisfy the competencies set forth by the National Athletic Trainers' Association Board of Certification. Students will be assigned to complete the above deficiency/prerequisite courses if no evidence of the above courses is presented.

Students who desire consideration for admission to the athletic training education program must submit the following information: 1) current CPR/First Aid Certification; 2) each student must provide evidence of a preprogram physical examination based on the University of Arkansas athletic training education program's technical standards by a board certified physician; 3) evidence of immunizations (mumps, measles, rubella, tetanus, and diphtheria); 4) Hepatitis B vaccination or waiver prior to beginning the clinical field base experience (the University of Arkansas Student Health Center offers the Hepatitis B vaccination for $120.00 for all three shots); 5) a current tuberculosis screening test; 6) a minimum of 50 hours of observation under the direct supervision of a NATABOC certified athletic trainer; 7) three professional letters of recommendation; 8) completion of the University of Arkansas Graduate School Application (because of national accreditation standards/guidelines, admission into the athletic training education program is selective, and therefore, admission to the Graduate School of the University of Arkansas does not guarantee admission into the Athletic Training Education Program); 9) completion of Athletic Training Education Program Application (see athletic training Web site http://uark. edu/depts/atepweb/; 10) an official copy of all transcripts; and 11) all prospective students must satisfy required athletic training technical standards that are listed below.

Athletic Training Education Technical Standards: Because the Master of Science degree in Kinesiology with a concentration in Athletic Training and NATABOC certification signifies that the holder is a clinician prepared for entry into the practice of athletic training within a variety of employment and education settings, it follows that graduates must have the knowledge and skills to function in a broad variety of clinical situations and to render a wide spectrum of patient care. Therefore, the students must meet technical standards before being admitted to the Athletic Training Education Program. The technical standards set forth by the Athletic Training Educational Program establish the essential qualities considered necessary for students admitted to this program to achieve the knowledge, skills, and competencies of an entry-level athletic trainer, as well as meet the expectations of the program's accrediting agency (Commission on Accreditation of Allied Health Education Programs (CAA-HEP)). Applicants who may not meet these technical standards are encouraged to contact the Program Director of Athletic Training Education, 308H HPER Building, University of Arkansas. The following are the technical standards:

1. Candidates must be able to actively learn from observations, demonstrations, and experiments in the basic sciences.
2. Candidates must be able to learn to analyze, synthesize, solve problems, and reach assessment and therapeutic judgments distinguished from the norm.
3. Candidates must have sufficient sensory function and coordination to perform appropriate physical examinations using acceptable techniques.
4. Candidates must be able to relate effectively to athletes and the physically active and to establish sensitive, professional relationships with them.
5. Candidates are expected to be able to communicate the results of the assessment to the injured or ill exerciser, to responsible officials, to parents or guardians, and to colleagues with accuracy, clarity, and efficiency.
6. Candidates are expected to learn and perform routine prevention, assessment, emergency care, and therapeutic procedures.
7. Candidates are expected to be able to display good judgment in the assessment and treatment of injured or ill athletes and physically active individuals.
8. Candidates must be able to learn to respond with precise, quick, and appropriate action in emergency situations.
9. Candidates are expected to be able to accept criticism and respond by appropriate modification of behavior.

10. Candidates are expected to possess the perseverance, diligence, and consistency to complete the athletic training degree curriculum as outlined and sequenced, to attempt NATABOC certification within the year of program completion, and to enter the practice of athletic training.

Prospective students are required to consult the athletic training Web site: http://www.uark.edu/depts/atepweb/ for information concerning application procedures and specific policies and procedures of the athletic training education program. Following the deadline for application acceptance, the athletic training selection committee, which is comprised of the three athletic training faculty, an exercise science faculty member, HKRD graduate coordinator, and the head athletic trainers from both Men's and Women's Athletics, will evalu ate and rate each applicant. This rating is determined by a 5 point Likert scale and written verbal comments in the areas of GPA, work experience, letters of recommendation, and writing ability (essay requirement). Once a determination has been rendered concerning the applicant's desire for admission, a formal letter noting acceptance, denial, or placement on a wait-list will be sent to the applicant.

The University of Arkansas Graduate School transfer of credit policy will apply if a student desires to transfer credit hours from another institution into the athletic training education program (see transfer credit policy for the Master of Science Degree Program located in the Graduate Catalog).

**Areas of Concentration for the Doctor of Philosophy
Degree: Pedagogy and exercise science.**
Prerequisites to Ph.D. Degree Program: The applicant must
have completed a master's degree or its equivalent in kinesiology
or a closely related field and meet general admission requirements
of the Graduate School. An application should include identification
of the applicant's objectives, supportive background information,
including three letters of recommendation supporting the applicant's
ability to successfully pursue a Ph.D. in kinesiology, a GPA of at
least 3.00 on all graduate course work, and an acceptable score on
the Graduate Record Examinations (GRE). Additional prerequisites
may be prescribed after review of application materials. Furthermore,
applicants who present a GRE score of 1200 or greater on the combined
verbal/quantitative portions, a GRE writing score of 5.5 or
greater, an overall GPA of 3.85 or higher, and faculty approval may
apply for admission to the Ph.D. Kinesiology program after completion
of their bachelor's degree.
Requirements for the Doctor of Philosophy Degree: A
minimum of 96 graduate credit hours beyond the baccalaureate
is required for the degree. A doctoral advisory committee will be
established by the student in consultation with the Coordinator of
Graduate Study during the first semester of enrollment subsequent
to acceptance into the degree program. If competency cannot be
determined, successful completion of a preliminary examination
may be required of the student prior to the completion of 48 hours of
graduate course work beyond the bachelor's degree or as soon after
admission to the doctoral degree program as possible. The degree
program also requires successful completion of candidacy examinations,
an acceptable doctoral dissertation, and oral defense of the
dissertation. These last requirements are described elsewhere in this
catalog. Further requirements for the Doctor of Philosophy degree in
Kinesiology include the following:
Exercise Science Concentration:
Departmental Core Requirements
Required Prerequisites: (12)
HKRD 5353 Research in HKRD
KINS 5323 Biomechanics I
KINS 5513 Physiology of Exercise I
KINS 5593 Practicum in Laboratory Instrumentation
Required Courses: (6)
KINS 6323 Biomechanics II
KINS 6343 Physiology of Exercise II
Research and Statistical Requirements: (18)
(A minimum of 18 hours approved by doctoral advisory
committee.)
Field of Study: (18)

The student, in consultation with the doctoral advisory committee,
will identify further course work comprising a field of study in kinesiology
and consistent with the goals and objectives of the student
and institution. Course work may be selected from several related
disciplines or a single discipline.

Dissertation: (18)

Pedagogy Concentration:
Departmental Core Requirements
Required Prerequisites: (6)
PHED 5233 Research in Teaching Physical Education
HKRD 5353 Research in HKRD

Required Courses: (12)

Education
PHED 6363 Supervision in Physical Education
KINS 674V Internship: College Teaching
HKRD 689V Directed Research
Research and Statistical Requirements: (18) (A minimum of 18
hours approved by the doctoral advisory committee)
Cognate: (6)
(A minimum of 6 hours approved by doctoral advisory committee.)
Field of Study: (12)
The student, in consultation with the doctoral advisory committee,
will identify further course work comprising a field of study
in kinesiology and consistent with the goals and objectives of
the student and institution. Course work may be selected from
several related disciplines or a single discipline.
Dissertation: (18)

Through an agreement with the Academic common market, residents
of certain Southern states may qualify for graduate enrollment
in the masters or doctoral program in kinesiology.

Athletic Training Education Technical Standards: Because the Master of Science degree in Kinesiology with a concentration in Athletic Training and NATABOC certification signifies that the holder is a clinician prepared for entry into the practice of athletic training within a variety of employment and education settings, it follows that graduates must have the knowledge and skills to function in a broad variety of clinical situations and to render a wide spectrum of patient care. Therefore, the students must meet technical standards before being admitted to the Athletic Training Education Program. The technical standards set forth by the Athletic Training Educational

Program establish the essential qualities considered necessary for students admitted to this program to achieve the knowledge, skills, and competencies of an entry-level athletic trainer, as well as meet the expectations of the program's accrediting agency (Commission on Accreditation of Allied Health Education Programs (CAA-HEP)). Applicants who may not meet these technical standards are encouraged to contact the Program Director of Athletic Training Education, 308H HPER Building, University of Arkansas. The following are the technical standards:

1. Candidates must be able to actively learn from observations, demonstrations, and experiments in the basic sciences.
2. Candidates must be able to learn to analyze, synthesize, solve problems, and reach assessment and therapeutic judgments distinguished from the norm.
3. Candidates must have sufficient sensory function and coordination to perform appropriate physical examinations using acceptable techniques.
4. Candidates must be able to relate effectively to athletes and the physically active and to establish sensitive, professional relationships with them.
5. Candidates are expected to be able to communicate the results of the assessment to the injured or ill exerciser, to responsible officials, to parents or guardians, and to colleagues with accuracy, clarity, and efficiency.
6. Candidates are expected to learn and perform routine prevention, assessment, emergency care, and therapeutic procedures.
7. Candidates are expected to be able to display good judgment in the assessment and treatment of injured or ill athletes and physically active individuals.
8. Candidates must be able to learn to respond with precise, quick, and appropriate action in emergency situations.
9. Candidates are expected to be able to accept criticism and respond by appropriate modification of behavior.
10. Candidates are expected to possess the perseverance, diligence, and consistency to complete the athletic training degree curriculum as outlined and sequenced, to attempt NATABOC certification within the year of program completion, and to enter the practice of athletic training.

Prospective students are required to consult the athletic training Web site: http://www.uark.edu/depts/atepweb/ for information concerning application procedures and specific policies and procedures of the athletic training education program. Following the deadline for application acceptance, the athletic training selection committee, which is comprised of the three athletic training faculty, an exercise science faculty member, HKRD graduate coordinator, and the head athletic trainers from both Men's and Women's Athletics, will evaluate and rate each applicant. This rating is determined by a 5 point Likert scale and written verbal comments in the areas of GPA, work experience, letters of recommendation, and writing ability (essay requirement). Once a determination has been rendered concerning the applicant's desire for admission, a formal letter noting acceptance, denial, or placement on a wait-list will be sent to the applicant. The University of Arkansas Graduate School transfer of credit policy will apply if a student desires to transfer credit hours from another institution into the athletic training education program (see transfer credit policy for the Master of Science Degree Program located in the Graduate Catalog).

Areas of Concentration for the Doctor of Philosophy Degree: Pedagogy and exercise science.
Prerequisites to Ph.D. Degree Program: The applicant must have completed a master's degree or its equivalent in kinesiology or a closely related field and meet general admission requirements of the Graduate School. An application should include identification of the applicant's objectives, supportive background information, including three letters of recommendation supporting the applicant's ability to successfully pursue a Ph.D. in kinesiology, a GPA of at least 3.00 on all graduate course work, and an acceptable score on the Graduate Record Examinations (GRE). Additional prerequisites may be prescribed after review of application materials. Furthermore, applicants who present a GRE score of 1200 or greater on the combined verbal/quantitative portions, a GRE writing score of 5.5 or greater, an overall GPA of 3.85 or higher, and faculty approval may apply for admission to the Ph.D. Kinesiology program after completion of their bachelor's degree.
Requirements for the Doctor of Philosophy Degree: A minimum of 96 graduate credit hours beyond the baccalaureate is required for the degree. A doctoral advisory committee will be established by the student in consultation with the Coordinator of Graduate Study during the first semester of enrollment subsequent to acceptance into the degree program. If competency cannot be determined, successful completion of a preliminary examination may be required of the student prior to the completion of 48 hours of graduate course work beyond the bachelor's degree or as soon after

admission to the doctoral degree program as possible. The degree program also requires successful completion of candidacy examinations, an acceptable doctoral dissertation, and oral defense of the dissertation. These last requirements are described elsewhere in this catalog. Further requirements for the Doctor of Philosophy degree in Kinesiology include the following:

Exercise Science Concentration:
Departmental Core Requirements
Required Prerequisites: (12)
HKRD 5353 Research in HKRD
KINS 5323 Biomechanics I
KINS 5513 Physiology of Exercise I
KINS 5593 Practicum in Laboratory Instrumentation
Required Courses: (6)
KINS 6323 Biomechanics II
KINS 6343 Physiology of Exercise II
Research and Statistical Requirements: (18)
(A minimum of 18 hours approved by doctoral advisory committee.)
Field of Study: (18)
The student, in consultation with the doctoral advisory committee, will identify further course work comprising a field of study in kinesiology and consistent with the goals and objectives of the student and institution. Course work may be selected from several related disciplines or a single discipline.
Dissertation: (18)

Pedagogy Concentration:
Departmental Core Requirements
Required Prerequisites: (6)
PHED 5233 Research in Teaching Physical Education
HKRD 5353 Research in HKRD
Required Courses: (12)
PHED 6353 Systematic Observation Research in Physical Education
PHED 6363 Supervision in Physical Education
KINS 674V Internship: College Teaching
HKRD 689V Directed Research
Research and Statistical Requirements: (18) (A minimum of 18 hours approved by the doctoral advisory committee)
Cognate: (6)
(A minimum of 6 hours approved by doctoral advisory committee.)
Field of Study: (12)
The student, in consultation with the doctoral advisory committee, will identify further course work comprising a field of study in kinesiology and consistent with the goals and objectives of the student and institution. Course work may be selected from several related disciplines or a single discipline.
Dissertation: (18)
Through an agreement with the Academic common market, residents of certain Southern states may qualify for graduate enrollment in the masters or doctoral program in kinesiology.

RECONFIGURATION OF EXISTING DEGREE PROGRAMS
(Consolidation or Separation of Degrees)

1. Institution submitting request:
   University of Arkansas, Fayetteville

2. Contact person/title:
   Nancy Ellen Talburt, Vice Provost - Academic Affairs and Vice Chancellor for Academic Affairs, ADMN 422, University of Arkansas Fayetteville, AR 72701 Phone: 479-575-2151, netal@uark.edu

3. Title(s) of degree programs to be separated:
   Concentration in Athletic Training under the M.S. in Kinesiology degree.

4. Current CIP Code(s):
   31.0505

5. Current Degree Code(s):
   3905

6. Proposed title of separated program:
   The current M.S. in Kinesiology degree program will remain the same. The Athletic Training concentration under the M.S. in Kinesiology will become a separate degree program (Master of Athletic Training).

7. Proposed CIP Code
   51.0913 for the Master of Athletic Training

8. Proposed Effective Date
   Summer Session 2010

9. Reason for proposed separation:
   The decision to request the above stated change was based upon the following: 1) The Commission on Accreditation of Athletic Training (CAATE) requires that all accredited programs be either degree programs or majors e.g. Master of Athletic Training or MS in Athletic Training instead of a concentration, 2) currently within the United States there are 18 entry level graduate programs in the area of Athletic Training and the University of Arkansas program is the only one which is not a degree program, and 3) the number of students enrolled in the Athletic Training concentration during the past three years has ranged from 24 - 30 and the number of program graduates has been 12, 14, and 13 respectively. These numbers indicate that the program is highly viable and without accreditation the program would cease to exist.

10. Provide **current** and **proposed** curriculum outline.
    No course or program changes are required. The current curriculum will remain the same. The only difference is that the Athletic Training concentration will become a degree program.

11. Provide current and proposed organizational chart.
   Current Organization:
   Department of Health Science, Kinesiology, Recreation and Dance
   MS 31.0505 Kinesiology with concentrations in
             Adapted Movement Science
             Athletic Training
             Exercise Science
   Proposed Organization:
   Department of Health Science, Kinesiology, Recreation and Dance
   MS 31.0505 Kinesiology with concentrations in
             Adapted Movement Science
             Exercise Science

   Master of Athletic Training 51.0913

12. Amount of funds available for reallocation?
   No new funding is required

1. Are the existing degrees offered off-campus or via distance delivery?
   No

2. Will the proposed degree be offered on-campus, off-campus, or via distance delivery?
   No changes - program offered only on-campus

3. Identify off-campus location.
   NA

16. Provide documentation that proposed program has received full approval by licensure/certification entity. (A program offered for teacher licensure must be approved by the Arkansas Department of Education prior to consideration by the Coordinating Board).

17. Provide copy of written notification to other institutions in the area of the proposed program and their responses.
   NA - within the state of Arkansas there are no other entry level masters degree programs in Athletic Training.

12. Degree Code:

13. Reason for proposed action:
    The current concentration in Athletic Training within the M.S. Kinesiology degree program will change to a Master of Athletic Training. Note - The M.S. in Kinesiology degree program is not being eliminated. The reasons for the proposed action are 1) The Commission on Accreditation of Athletic Training (CAATE) requires that all accredited programs be either degree programs or majors e.g. Master of Athletic Training or MS in Athletic Training instead of a concentration, 2) currently within the United States there are 18 entry level graduate programs in the area of Athletic Training and the University of Arkansas program is the only one which is not a degree program, and 3) the number of students enrolled in the Athletic Training concentration during the past three years has ranged from

☐ Program change proposal deletes courses offered by another academic college, and that college dean's office has been notified. The signature of the dean of that academic college is required here: _____

Check all the boxes that apply and complete the required sections of the form:

☐ Change of Name and Code (Complete only sections I, II, V and VII.)
☐ Change Course Requirements: (Complete all sections of the form except "Proposed Name" in II, section III, and section IV.)
☐ Change Delivery Site/Method (Complete all sections of the form except "Proposed Name" in II, section III, and section IV.)
☐ Change Total Hours (Complete all sections of the form except "Proposed Name" in II, section III, and section IV.)
☐ Change in Program Policies

SECTION VI: Justification

Justify this change and state its likely effect on any other degree program (including those outside the school or college). Identify any program or program components (other than courses) to be eliminated if this program is implemented. (Program and course change forms must also be submitted for such related changes.)

SECTION VII: Catalog Text and Format

In the box below, insert the current catalog text which is to be changed, with changes highlighted with the color yellow. Include all proposed changes identified in Section V. Only changes explicitly stated in Section V will be considered for approval by the University Course and Programs Committee, the Graduate Council and the Faculty Senate. If you are proposing a new program, give proposed text with all of the elements listed below. If you are proposing modified text, include these elements as appropriate.

Include the following elements, in order, in the catalog text for proposed undergraduate program(s) or program changes:

- State complete major/program name
- Briefly define or describe the major/program or discipline.
- Identify typical career goals or paths for graduates. (Optional)
- State admission requirements (if any) for entry or entry into upper/advanced level of major/program.
- Identify location in catalog of university, college/school, and department/program requirements which the student must meet in addition to hours in the major, but do not restate these requirements.
- State course requirements in the major and any allied areas, giving number of hours and specific courses; specify electives or elective areas and give numbers of hours and courses in elective pools or categories; identify any other course requirements.
- State any other requirements (required GPA, internship, exit exam, project, thesis, etc.).
- Identify name and requirements for each concentration (if any).
- Specify whether a minor or other program component is allowed or required and provide details.
- State eight-semester plan requirements

For minors, state requirements in terms of hours, required courses, electives, etc.

For graduate program/units, include elements (as needed) parallel to those listed for undergraduate programs above.

For Law School program/units, prepare text consistent with current catalog style.

For centers, prepare text consistent with current catalog style.
