- Program change proposal deletes courses offered by another academic college, and that college dean's office has been notified. The signature of the dean of that academic college is required here: _____

Check all the boxes that apply and complete the required sections of the form:

- Change of Name and Code (Complete only sections I, II, V and VII.)
- Change Course Requirements: (Complete all sections of the form except "Proposed Name" in II, section III, and section IV.)
- Change Delivery Site/Method (Complete all sections of the form except "Proposed Name" in II, section III, and section IV.)
- Change Total Hours (Complete all sections of the form except "Proposed Name" in II, section III, and section IV.)
- Change in Program Policies

SECTION VI: Justification

Justify this change and state its likely effect on any other degree program (including those outside the school or college). Identify any program or program components (other than courses) to be eliminated if this program is implemented. (Program and course change forms must also be submitted for such related changes.)

Currently, it is difficult for potential undergraduate students to locate the degree program (B.S.E. Recreation) in the catalog which offers available coursework for students interested in the area of sport and sport management. Also, due to the increased number of both internship/placement opportunities in NW Arkansas and the State in the area of sport management, the faculty believes that it is appropriate to change the existing degree program name to reflect sport management in it's title.

SECTION VII: Catalog Text and Format

In the box below, insert the current catalog text which is to be changed, with changes highlighted with the color yellow. Include all proposed changes identified in Section V. Only changes explicitly stated in Section V will be considered for approval by the University Course and Programs Committee, the Graduate Council and the Faculty Senate. If you are proposing a new program, give proposed text with all of the elements listed below. If you are proposing modified text, include these elements as appropriate.

Include the following elements, in order, in the catalog text for proposed undergraduate program(s) or program changes:

- State complete major/program name
- Briefly define or describe the major/program or discipline.
- Identify typical career goals or paths for graduates. (Optional)
- State admission requirements (if any) for entry or entry into upper/advanced level of major/program.
- Identify location in catalog of university, college/school, and department/program requirements which the student must meet in addition to hours in the major, but do not restate these requirements.
- State course requirements in the major and any allied areas, giving number of hours and specific courses; specify electives or elective areas and give numbers of hours and courses in elective pools or categories; identify any other course requirements.
- State any other requirements (required GPA, internship, exit exam, project, thesis, etc.).
- Identify name and requirements for each concentration (if any).
- Specify whether a minor or other program component is allowed or required and provide details.
- State eight-semester plan requirements

For minors, state requirements in terms of hours, required courses, electives, etc.

For graduate program/units, include elements (as needed) parallel to those listed for undergraduate programs above.

For Law School program/units, prepare text consistent with current catalog style.

For centers, prepare text consistent with current catalog style.

Recreation (RECR)

- Professors Hunt, Moiseichik
- Associate Professor Langsner
- Assistant Professor Benton
- Visiting Professor van der Smissen

The program of recreation is designed to prepare candidates for a variety of career opportunities in the field of recreation and parks. Career opportunities

may include park and recreation directors for a city, sports management, fitness center managers, state and national park managers, camp administrators, or work in YMCAs, Boys and Girls Clubs, or other youth-serving agencies. Graduates of this program should be well prepared to enter the recreational workforce at an entry level position or pursue graduate studies in such areas as recreation management, sport management, or other allied health professional schools.

The candidate for the Bachelor of Science in Education degree with a major in recreation must select professional electives in an area of interest with help from an academic adviser from the recreation faculty. Each set of professional electives is developed individually to meet specific career goals. Professional electives are 18-21 hours, generally in academic areas other than the recreation program. Examples of professional electives include, but are not limited to, public recreation, children and families, fitness club management, commercial recreation, aquatic management, therapeutic recreation, camp administration, outdoor leadership, community sports, youth at risk, and outdoor recreation.

All students must complete the University Core requirements as listed on page 40. In addition, all students must take the required general studies for the recreation core requirements listed below. Recreation majors must obtain a "C" or better in all courses beginning with the alpha code RECR. To enroll in RECR 440V, students must have a 2.50 GPA or better in RECR core and professional elective courses. Many courses in the recreation curriculum are taught in sequential order. Please check catalog course descriptions for prerequisites.

There are several experiential requirements within the recreation core. Students are required to do three practicum experiences (RECR 201V) in three different agencies. Each experience totals 45 hours. A more intense experience of an internship (RECR 440V) requires a minimum of 400 hours or work full time for 12-15 weeks in an agency with a qualified park and recreation professional. Students in the recreation program must obtain one instructor-level certification and a second certification in another area of expertise, three certifications which must be appropriate to recreation and be pre-approved by the recreation program. For additional information regarding these certifications see a recreation faculty adviser. Certifications must be valid at the time of graduation and be completed before a grade will be assigned in RECR 4013 Contemporary Issues in Leisure. Examples of these certifications include, but are not limited to, water safety instructor, aerobics instructor, American Red Cross canoeing instructor, first-aid instructor, and hunter safety instructor. A minimum of 124 hours are required for graduation in the major of recreation.

An undergraduate minor in recreation is also available to students enrolled in other colleges. Students with interests related to the recreation profession such as business, biology, human environmental science, or horticulture may elect the 15-hour minor. This minor could enhance future career opportunities.

Note: The minimum number of hours required to receive a baccalaureate degree at the University of Arkansas is 124 semester hours. The Recreation major is exempt from Act 1014, which requires eightsemester degree plans for most majors, because students are recommended to register for RECR 440V (Internship) after the completion of their course work. This is necessary because the recreation agencies have their busiest season in the summer. For a recommended nine-semester plan, however, please refer to the College of Education and Health Profession's Web site at <http://coehp.uark.edu/>.

Currently, it is difficult for potential undergraduate students to locate the degree program (B.S.E. Recreation) in the catalog which offers available coursework for students interested in the area of sport and sport management. Also, due to the increased number of both internship/placement opportunities in NW Arkansas and the State in the area of sport management, the faculty believes that it is appropriate to change the existing degree program name to reflect sport management in it's title.

Justify this change and state its likely effect on any other degree program (including those outside the school or college). Identify any program or program components (other than courses) to be eliminated if this program is implemented. (Program and course change forms must also be submitted for such related changes.)

In anticipation of changing the degree name to a B.S.E. in Recreation and Sport Management the department requests the same name change for the minor. The new name of the minor would be Recreation and Sport Management.

SECTION VII: Catalog Text and Format

In the box below, insert the current catalog text which is to be changed, with changes highlighted with the color yellow. Include all proposed changes identified in Section V. Only changes explicitly stated in Section V will be considered for approval by the University Course and Programs Committee, the Graduate Council and the Faculty Senate. If you are proposing a new program, give proposed text with all of the elements listed below. If you are proposing modified text, include these elements as appropriate.

Include the following elements, in order, in the catalog text for proposed undergraduate program(s) or program changes:

- State complete major/program name
- Briefly define or describe the major/program or discipline.
- Identify typical career goals or paths for graduates. (Optional)
- State admission requirements (if any) for entry or entry into upper/advanced level of major/program.
- Identify location in catalog of university, college/school, and department/program requirements which the student must meet in addition to hours in the major, but do not restate these requirements.
- State course requirements in the major and any allied areas, giving number of hours and specific courses; specify electives or elective areas and give numbers of hours and courses in elective pools or categories; identify any other course requirements.
- State any other requirements (required GPA, internship, exit exam, project, thesis, etc.).
- Identify name and requirements for each concentration (if any).
- Specify whether a minor or other program component is allowed or required and provide details.
- State eight-semester plan requirements

For minors, state requirements in terms of hours, required courses, electives, etc.

For graduate program/units, include elements (as needed) parallel to those listed for undergraduate programs above.

For Law School program/units, prepare text consistent with current catalog style.

For centers, prepare text consistent with current catalog style.

Recreation (RECR)

- Professors Hunt, Moiseichik
- Associate Professor Langsner
- Assistant Professor Benton
- Visiting Professor van der Smissen

The program of recreation is designed to prepare candidates for a variety of career opportunities in the field of recreation and parks. Career opportunities may include park and recreation directors for a city, sports management, fitness center managers, state and national park managers, camp administrators, or work in YMCAs, Boys and Girls Clubs, or other youth-serving agencies. Graduates of this program should be well prepared to enter the recreational workforce at an entry level position or pursue graduate studies in such areas as recreation management, sport management, or other allied health professional schools.

The candidate for the Bachelor of Science in Education degree with a major in recreation must select professional electives in an area of interest with help from an academic adviser from the recreation faculty. Each set of professional electives is developed individually to meet specific career goals. Professional electives are 18-21 hours, generally in academic areas other than the recreation program. Examples of professional electives include, but are not limited to, public recreation, children and families, fitness club management, commercial recreation, aquatic management, therapeutic recreation, camp administration, outdoor leadership, community sports, youth at risk, and outdoor recreation.

All students must complete the University Core requirements as listed on page 40. In addition, all students must take the required general studies for the recreation core requirements listed below. Recreation majors must obtain a "C" or better in all courses beginning with the alpha code RECR. To enroll in RECR 440V, students must have a 2.50 GPA or better in RECR core and professional elective courses. Many courses in the recreation curriculum are taught in sequential order. Please check catalog course descriptions for prerequisites.

There are several experiential requirements within the recreation core. Students are required to do three practicum experiences (RECR 201V) in three different agencies. Each experience totals 45 hours. A more intense experience of an internship (RECR 440V) requires a minimum of 400 hours or work full time for 12-15 weeks in an agency with a qualified park and recreation professional. Students in the recreation program must obtain one instructor-level certification and a second certification in another area of expertise, three certifications which must be appropriate to recreation and be pre-approved by the recreation program. For additional information regarding these certifications see a recreation faculty adviser. Certifications must be valid at the time of graduation and be completed before a grade will be assigned in RECR 4013 Contemporary Issues in Leisure. Examples of these certifications include, but are not limited to, water safety instructor, aerobics instructor, American Red Cross canoeing instructor, first-aid instructor, and hunter safety instructor. A minimum of 124 hours are required for graduation in the major of recreation.

An undergraduate minor in recreation is also available to students enrolled in other colleges. Students with interests related to the recreation profession such as business, biology, human environmental science, or horticulture may elect the 15-hour minor. This minor could enhance future career opportunities.

Note: The minimum number of hours required to receive a baccalaureate degree at the University of Arkansas is 124 semester hours. The Recreation major is exempt from Act 1014, which requires eightsemester degree plans for most majors, because students are recommended to register for RECR 440V (Internship) after the completion of their course work. This is necessary because the recreation agencies have their busiest season in the summer. For a recommended nine-semester plan, however, please refer to the College of Education and Health Profession's Web site at <http://coehp.uark.edu/>.

- Change Total Hours (Complete all sections of the form except "Proposed Name" in II, section III, and section IV.)
- Change in Program Policies

SECTION VI: Justification

Justify this change and state its likely effect on any other degree program (including those outside the school or college). Identify any program or program components (other than courses) to be eliminated if this program is implemented. (Program and course change forms must also be submitted for such related changes.)

Currently, within the Master of Education Degree program in recreation there exists three concentrations (recreation management, therapeutic recreation, and sports management). The sports management concentration is the only one of the three concentrations which the name is not reflected in the degree title. For this reason, it is difficult for prospective students to locate the sports management concentration in the graduate catalog. The sports management concentration also has the greatest number of students (over 72%) within the degree program. Lastly, Northwest Arkansas has seen a growth in the area over the past few years in terms of professional sports teams (Northwest Arkansas Naturals minor league baseball team, Ladies Professional Golf Association Tour Event) and because of this there exists more internship and placement opportunities for the program graduates. Sports management is the most popular concentration among the students.

SECTION VII: Catalog Text and Format

In the box below, insert the current catalog text which is to be changed, with changes highlighted with the color yellow. Include all proposed changes identified in Section V. Only changes explicitly stated in Section V will be considered for approval by the University Course and Programs Committee, the Graduate Council and the Faculty Senate. If you are proposing a new program, give proposed text with all of the elements listed below. If you are proposing modified text, include these elements as appropriate.

Include the following elements, in order, in the catalog text for proposed undergraduate program(s) or program changes:

- State complete major/program name
- Briefly define or describe the major/program or discipline.
- Identify typical career goals or paths for graduates. (Optional)
- State admission requirements (if any) for entry or entry into upper/advanced level of major/program.
- Identify location in catalog of university, college/school, and department/program requirements which the student must meet in addition to hours in the major, but do not restate these requirements.
- State course requirements in the major and any allied areas, giving number of hours and specific courses; specify electives or elective areas and give numbers of hours and courses in elective pools or categories; identify any other course requirements.
- State any other requirements (required GPA, internship, exit exam, project, thesis, etc.).
- Identify name and requirements for each concentration (if any).
- Specify whether a minor or other program component is allowed or required and provide details.
- State eight-semester plan requirements

For minors, state requirements in terms of hours, required courses, electives, etc.

For graduate program/units, include elements (as needed) parallel to those listed for undergraduate programs above.

For Law School program/units, prepare text consistent with current catalog style.

For centers, prepare text consistent with current catalog style.

Area of Concentration: The program prepares qualified students for professional competence and service in the area of recreation.

Prerequisites for Acceptance to the Ed.D. Degree Program:

The applicant must have completed a master's degree or its equivalent in recreation or a closely-related field and meet general admission requirements of the Graduate School. An application should include identification of the applicant's objectives, supportive background information including three letters of recommendation supporting the applicant's ability to successfully pursue an Ed.D. in Recreation, a GPA of at least 3.00 on all graduate course work, and an acceptable score on the Graduate Record Examinations (GRE). Additional prerequisites may be prescribed after review of application materials. Furthermore, applicants who present a GRE score of 1200 or greater on the combined verbal/quantitative portions, a GRE writing score of 5.5 or greater, an overall GPA of at least 3.85 and faculty approval may apply for admission to the Ed.D. Recreation program after completion of their bachelor's degree.

Requirements for the Doctor of Education Degree: This program is designed for those wishing to prepare for college, university, or community college positions in recreation. The program must include the general degree requirements of the College of Education and Health Professions in addition to courses selected with the approval of the candidate's advisory committee.

Recreation (RECR)

RECR4093 Fundamentals of Therapeutic Recreation (Sp) An introduction to the field of therapeutic recreation. This survey encompasses history, philosophy, programs, treatment, research, populations served, and professional aspects of therapeutic recreation practice. Requirements are different for graduate credit.

RECR4263 Aquatic Facilities Management (Irregular) Prepares students to organize, administer, and supervise aquatic facilities, staff, and programs in school, community, and camp settings.

RECR5003 Graduate Prerequisites (Fa) Gives students entering a recreation degree program with no course background in recreation the necessary understanding of the recreation field. This course will not count toward a graduate degree in recreation.

RECR5213 Social Psychology of Recreation (Irregular) Application of social psychological theory to leisure, recreation, and travel behavior. Additional emphasis placed on the contribution of this theory to current practice in the recreation and tourism management field.

RECR5223 Applied Leisure Behavior (Irregular) Examines antecedents and consequences of leisure behavior from a social psychological perspective. Emphasis on assisting recreation managers to facilitate quality leisure experiences in their agency programs.

RECR5273 The Intramural Sports Program (Odd Years, Fa) Historical development, aim and objectives, organization, administration, units of competition, program of activities, schedule making, scoring plans, rules and regulations, awards, and special administrative problems.

RECR5293 Sports Management (Fa) Deals primarily with high school athletics and considers historical development, objectives, controlling agencies, eligibility and contest regulations, local organization and administration, staff program, finances, inventories, facilities and equipment, safety, legal aspects, awards, publicity, and public relations.

RECR5433 Medical Aspects of Disability (Irregular) Orientation to medical and medically related aspects of various disabling conditions with emphasis on the severely disabled. (Same as RHAB 5433)

RECR5453 Psychological Aspects of Disability (Irregular) Intensive study of the psychological aspects of adjustment to atypical physique and prolonged handicapping condition. (Same as RHAB 5453)

RECR5473 Techniques in Therapeutic Recreation (Irregular) Advances the student's understanding and application of therapeutic recreation techniques. It provides knowledge and the opportunity to apply skills for the student to gain competencies necessary for the provision of therapeutic recreation services. Prerequisite: RECR 4093.

RECR5483 Treatment Planning in Therapeutic Recreation (Irregular) Prepares students with the skills and understanding to apply the "TR Process" (assessment, planning, implementation, evaluation) in the development of individual client treatment plans in Therapeutic Recreation. Prerequisite: RECR 4093.

RECR5493 Trends and Issues in Therapeutic Recreation (Irregular) Advances the student's knowledge of issues and concerns that moderate therapeutic recreation services to the client. The student is expected to critically examine and discuss each issue in an effort to develop a sound, practical philosophy of therapeutic recreation. The ultimate goal is to prepare the student to enter the profession confident in his or her ability to provide exemplary services. Prerequisite: RECR 4093.

RECR560V Workshop (Irregular) (1-3) May be repeated for 3 hours.

RECR574V Internship (Irregular) (1-3)

RECR5813 Principles of Recreation (Su) Considers history, philosophy, current trends, basic issues, and fundamental principles of recreation. Using these principles as basic criteria, students make critical appraisals of current practices in organization and administration

of recreation programs, program content, leadership methods, and evaluative procedures.

RECR5823 Outdoor Recreation Program (Irregular) An examination of the history, use, and management of adventure recreation programs with consideration of leadership and risk management skills and current issues. Field trips are required as part of this class.

RECR5833 Recreation for Special Populations (Irregular) Skills, knowledge, and concepts within recreation which are appropriate to planning and implementing recreation programs and services for the handicapped.

RECR5843 Tourism (Even Years, Fa) Explores major concepts of tourism to discover what makes tourism work, how tourism is organized, and its social and economic effects.

RECR5853 The School and Community Recreation Program (Sp) Nature, background, significance, and trends in recreation in the school and community. Attention is given to departmental organization, administrative practices, program financing, personnel, safety, and legal aspects.

RECR5863 Operation of Commercial Recreation Enterprise (Irregular) Explores the operational requirements of commercial recreation enterprises. Students analyze the current status and future prospects of various recreational enterprises with respect to entry opportunities, operational and financial requirements, and market orientation.

RECR5883 Recreation Services Promotion (Fa) Examines specific strategies for promoting recreation programs in the local community.

RECR5893 Field Work in Recreation (Sp, Su, Fa) Provides practical work experience in recreation programs and the opportunity to study special programs under the supervision of specialists.

RECR599V Seminar (Irregular) (1-6)

RECR600V Master's Thesis (Sp, Su, Fa) (1-18)

RECR605V Independent Study (Sp, Su, Fa) (1-3) May be repeated for 3 hours.

RECR612V Directed Reading in Recreation (Sp, Su, Fa) (1-3) Critical analysis of literature in the area of recreation.

RECR6533 Legal and Political Aspects (Sp) An overview of major legislation affecting HKRD professions; how to operate within these laws; and methods for influencing new legislation. Also discusses political aspects of professions both outside and inside government agencies.

RECR674V Internship (Sp, Su, Fa) (1-3) Students will learn diverse teaching techniques and implement them in an on-going undergraduate recreation class serving as the teaching laboratory. The "what" "when" and "how" relative to integrating various teaching techniques with specific content areas in the class will be explored by both the student and the instructor.

RECR699V Seminar (Irregular) (1-6) Discussion of selected topics and review of current literature in the recreation field. Prerequisite: advanced graduate standing.

12. Degree Code:
5830
13. Reason for proposed action:
Currently, within the Master of Education Degree program in Recreation there exists three concentrations (recreation management, therapeutic recreation, and sports management). The sports management concentration is the only one of the three concentrations which the name is not reflected in the degree title. For this reason, it is difficult for prospective students to locate the sports management concentration in the graduate catalog. The sports management concentration also has the greatest number of students (over 72%) within the degree program. Lastly, Northwest Arkansas has seen a growth in the area over the past few years in terms of professional sports teams/events (Northwest Arkansas Naturals minor

league baseball team, Ladies Professional Golf Association Tour Event) and because of this there exists more internship and placement opportunities for the program graduates. Sports management is the most popular concentration among the students.

SECTION V: Proposed Changes to an Existing Program or Program Policies

Insert here a statement of the exact changes to be made: Name of degree is to change from EDD, Recreation to EDD, Recreation and Sport Management and course alpha codes for all recreation courses will change from RECR to RESM.

Check if either of these boxes apply and provide the necessary signature:

- Program change proposal adds courses offered by another academic college, and that college dean's office has been notified. The signature of the dean of that academic college is required here: _____
- Program change proposal deletes courses offered by another academic college, and that college dean's office has been notified. The signature of the dean of that academic college is required here: _____

Check all the boxes that apply and complete the required sections of the form:

- Change of Name and Code (Complete only sections I, II, V and VII.)
- Change Course Requirements: (Complete all sections of the form except "Proposed Name" in II, section III, and section IV.)
- Change Delivery Site/Method (Complete all sections of the form except "Proposed Name" in II, section III, and section IV.)
- Change Total Hours (Complete all sections of the form except "Proposed Name" in II, section III, and section IV.)
- Change in Program Policies

SECTION VI: Justification

Justify this change and state its likely effect on any other degree program (including those outside the school or college). Identify any program or program components (other than courses) to be eliminated if this program is implemented. (Program and course change forms must also be submitted for such related changes.)

Currently, graduate students in the Ed.D. Recreation program receive coursework in both areas of recreation and sport management. However, the name, sport management, is not reflected in the title of the degree program. Hence, potential students have a difficult time locating the program in the graduate catalog. At the master's level, the most popular concentration is in sport management and some of those students might want to matriculate into a doctoral program with a similar degree title (Ed.D. Recreation and Sport Management). Also, the name change would increase the placement opportunities and overall marketability of the program graduates.

SECTION VII: Catalog Text and Format

In the box below, insert the current catalog text which is to be changed, with changes highlighted with the color yellow. Include all proposed changes identified in Section V. Only changes explicitly stated in Section V will be considered for approval by the University Course and Programs Committee, the Graduate Council and the Faculty Senate. If you are proposing a new program, give proposed text with all of the elements listed below. If you are proposing modified text, include these elements as appropriate.

Include the following elements, in order, in the catalog text for proposed undergraduate program(s) or program changes:

- State complete major/program name
- Briefly define or describe the major/program or discipline.
- Identify typical career goals or paths for graduates. (Optional)
- State admission requirements (if any) for entry or entry into upper/advanced level of major/program.
- Identify location in catalog of university, college/school, and department/program requirements which the student must meet in addition to hours in the major, but do not restate these requirements.
- State course requirements in the major and any allied areas, giving number of hours and specific courses; specify electives or elective areas and give numbers of hours and courses in elective pools or categories; identify any other course requirements.
- State any other requirements (required GPA, internship, exit exam, project, thesis, etc.).
- Identify name and requirements for each concentration (if any).
- Specify whether a minor or other program component is allowed or required and provide details.
- State eight-semester plan requirements

For minors, state requirements in terms of hours, required courses, electives, etc.

For graduate program/units, include elements (as needed) parallel to those listed for undergraduate programs above.

For Law School program/units, prepare text consistent with current catalog style.

For centers, prepare text consistent with current catalog style.

Area of Concentration: The program prepares qualified students for professional competence and service in the area of recreation.

Prerequisites for Acceptance to the Ed.D. Degree Program:

The applicant must have completed a master's degree or its equivalent in recreation or a closely-related field and meet general admission requirements of the Graduate School. An application should include identification of the applicant's objectives, supportive background information including three letters of recommendation supporting the applicant's ability to successfully pursue an Ed.D. in Recreation, a GPA of at least 3.00 on all graduate course work, and an acceptable score on the Graduate Record Examinations (GRE). Additional prerequisites may be prescribed after review of application materials. Furthermore, applicants who present a GRE score of 1200 or greater on the combined verbal/quantitative portions, a GRE writing score of 5.5. or greater, an overall GPA of at least 3.85 and faculty approval may apply for admission to the Ed.D. Recreation program after completion of their bachelor's degree.

Requirements for the Doctor of Education Degree: This program is designed for those wishing to prepare for college, university, or community college positions in recreation. The program must include the general degree requirements of the College of Education and Health Professions in addition to courses selected with the approval of the candidate's advisory committee.

Recreation (RECR)

RECR4093 Fundamentals of Therapeutic Recreation (Sp) An introduction to the field of therapeutic recreation. This survey encompasses history, philosophy, programs, treatment, research, populations served, and professional aspects of therapeutic recreation practice. Requirements are different for graduate credit.

RECR4263 Aquatic Facilities Management (Irregular) Prepares students to organize, administer, and supervise aquatic facilities, staff, and programs in school, community, and camp settings.

RECR5003 Graduate Prerequisites (Fa) Gives students entering a recreation degree program with no course background in recreation the necessary understanding of the recreation field. This course will not count toward a graduate degree in recreation.

RECR5213 Social Psychology of Recreation (Irregular) Application of social psychological theory to leisure, recreation, and travel behavior. Additional emphasis placed on the contribution of this theory to current practice in the recreation and tourism management field.

RECR5223 Applied Leisure Behavior (Irregular) Examines antecedents and consequences of leisure behavior from a social psychological perspective. Emphasis on assisting recreation managers to facilitate quality leisure experiences in their agency programs.

RECR5273 The Intramural Sports Program (Odd Years, Fa) Historical development, aim and objectives, organization, administration, units of competition, program of activities, schedule making, scoring plans, rules and regulations, awards, and special administrative problems.

RECR5293 Sports Management (Fa) Deals primarily with high school athletics and considers historical development, objectives, controlling agencies, eligibility and contest regulations, local organization and administration, staff program, finances, inventories, facilities and equipment, safety, legal aspects, awards, publicity, and public relations.

RECR5433 Medical Aspects of Disability (Irregular) Orientation to medical and medically related aspects of various disabling conditions with emphasis on the severely disabled. (Same as RHAB 5433)

RECR5453 Psychological Aspects of Disability (Irregular) Intensive study of the psychological aspects of adjustment to atypical physique and prolonged handicapping condition. (Same as RHAB 5453)

RECR5473 Techniques in Therapeutic Recreation (Irregular) Advances the student's understanding and application of therapeutic recreation techniques. It provides knowledge and the opportunity to apply skills for the student to gain competencies necessary for the provision of therapeutic recreation services. Prerequisite: RECR 4093.

RECR5483 Treatment Planning in Therapeutic Recreation (Irregular) Prepares students with the skills and understanding to apply the "TR Process" (assessment, planning, implementation, evaluation) in the development of individual client treatment plans in Therapeutic Recreation. Prerequisite: RECR 4093.

RECR5493 Trends and Issues in Therapeutic Recreation (Irregular) Advances the student's knowledge of issues and concerns that moderate therapeutic recreation services to the client. The student is expected to critically examine and discuss each issue in an effort to develop a sound, practical philosophy of therapeutic recreation. The ultimate goal is to prepare the student to enter the profession confident in his or her ability to provide exemplary services. Prerequisite: RECR 4093.

RECR560V Workshop (Irregular) (1-3) May be repeated for 3 hours.

RECR574V Internship (Irregular) (1-3)

RECR5813 Principles of Recreation (Su) Considers history, philosophy, current trends, basic issues, and fundamental principles of recreation. Using these principles as basic criteria, students make critical appraisals of current practices in organization and administration of recreation programs, program content, leadership methods, and evaluative procedures.

RECR5823 Outdoor Recreation Program (Irregular) An examination of the history, use, and management of adventure recreation programs with consideration of leadership and risk management skills and current issues. Field trips are required as part of this class.

RECR5833 Recreation for Special Populations (Irregular) Skills, knowledge,

and concepts within recreation which are appropriate to planning and implementing recreation programs and services for the handicapped.

RECR5843 Tourism (Even Years, Fa) Explores major concepts of tourism to discover what makes tourism work, how tourism is organized, and its social and economic effects.

RECR5853 The School and Community Recreation Program (Sp) Nature, background, significance, and trends in recreation in the school and community. Attention is given to departmental organization, administrative practices, program financing, personnel, safety, and legal aspects.

RECR5863 Operation of Commercial Recreation Enterprise (Irregular) Explores the operational requirements of commercial recreation enterprises. Students analyze the current status and future prospects of various recreational enterprises with respect to entry opportunities, operational and financial requirements, and market orientation.

RECR5883 Recreation Services Promotion (Fa) Examines specific strategies for promoting recreation programs in the local community.

RECR5893 Field Work in Recreation (Sp, Su, Fa) Provides practical work experience in recreation programs and the opportunity to study special programs under the supervision of specialists.

RECR599V Seminar (Irregular) (1-6)

RECR600V Master's Thesis (Sp, Su, Fa) (1-18)

RECR605V Independent Study (Sp, Su, Fa) (1-3) May be repeated for 3 hours.

RECR612V Directed Reading in Recreation (Sp, Su, Fa) (1-3) Critical analysis of literature in the area of recreation.

RECR6533 Legal and Political Aspects (Sp) An overview of major legislation affecting HKRD professions; how to operate within these laws; and methods for influencing new legislation. Also discusses political aspects of professions both outside and inside government agencies.

RECR674V Internship (Sp, Su, Fa) (1-3) Students will learn diverse teaching techniques and implement them in an on-going undergraduate recreation class serving as the teaching laboratory. The "what" "when" and "how" relative to integrating various teaching techniques with specific content areas in the class will be explored by both the student and the instructor.

RECR699V Seminar (Irregular) (1-6) Discussion of selected topics and review of current literature in the recreation field. Prerequisite: advanced graduate standing.

13. Reason for proposed action:
Currently, graduate students in the Ed.D. Recreation program receive coursework in both areas of recreation and sport management. However, the name, sport management, is not reflected in the title of the degree program. Hence, potential students have a difficult time locating the program in the graduate catalog. At the master's level, the most popular concentration is in sport management and some of those students might want to matriculate into a doctoral program with a similar degree title (Ed.D. Recreation and Sport Management). Also, the name change would increase the placement opportunities and overall marketability of the program graduates.

Insert here a statement of the exact changes to be made:

Check if either of these boxes apply and provide the necessary signature:

- Program change proposal adds courses offered by another academic college, and that college dean's office has been notified. The signature of the dean of that academic college is required here: _____
- Program change proposal deletes courses offered by another academic college, and that college dean's office has been notified. The signature of the dean of that academic college is required here: _____

Check all the boxes that apply and complete the required sections of the form:

- Change of Name and Code (Complete only sections I, II, V and VII.)
- Change Course Requirements: (Complete all sections of the form except "Proposed Name" in II, section III, and section IV.)
- Change Delivery Site/Method (Complete all sections of the form except "Proposed Name" in II, section III, and section IV.)
- Change Total Hours (Complete all sections of the form except "Proposed Name" in II, section III, and section IV.)
- Change in Program Policies

SECTION VI: Justification

Justify this change and state its likely effect on any other degree program (including those outside the school or college). Identify any program or program components (other than courses) to be eliminated if this program is implemented. (Program and course change forms must also be submitted for such related changes.)

The BSE/MAT program was a 5-year initial licensure program in special education. The changes in state licensure eliminated initial licenses in special education, The existing MEd in special education met the new licensure requirements so the MAT initial licensure program is being eliminated.

SECTION VII: Catalog Text and Format

In the box below, insert the current catalog text which is to be changed, with changes highlighted with the color yellow. Include all proposed changes identified in Section V. Only changes explicitly stated in Section V will be considered for approval by the University Course and Programs Committee, the Graduate Council and the Faculty Senate. If you are proposing a new program, give proposed text with all of the elements listed below. If you are proposing modified text, include these elements as appropriate.

Include the following elements, in order, in the catalog text for proposed undergraduate program(s) or program changes:

- State complete major/program name
- Briefly define or describe the major/program or discipline.
- Identify typical career goals or paths for graduates. (Optional)
- State admission requirements (if any) for entry or entry into upper/advanced level of major/program.
- Identify location in catalog of university, college/school, and department/program requirements which the student must meet in addition to hours in the major, but do not restate these requirements.
- State course requirements in the major and any allied areas, giving number of hours and specific courses; specify electives or elective areas and give numbers of hours and courses in elective pools or categories; identify any other course requirements.
- State any other requirements (required GPA, internship, exit exam, project, thesis, etc.).
- Identify name and requirements for each concentration (if any).
- Specify whether a minor or other program component is allowed or required and provide details.
- State eight-semester plan requirements

For minors, state requirements in terms of hours, required courses, electives, etc.

For graduate program/units, include elements (as needed) parallel to those listed for undergraduate programs above.

For Law School program/units, prepare text consistent with current catalog style.

For centers, prepare text consistent with current catalog style.

The section describing the MAT has been deleted from the Graduate School catalog text.

Justify this change and state its likely effect on any other degree program (including those outside the school or college). Identify any program or program components (other than courses) to be eliminated if this program is implemented. (Program and course change forms must also be submitted for such related changes.)

This degree program has been inactive for several years. One student is being admitted for Fall 2009. We do not expect any more as most counseling students move from the masters degree to the doctoral degree with little demand for the ED.S. degree. The elimination of the degree will not affect any other degree programs.
