

From Academic Policy Series 1622.20 with suggested changes marked:

Actions involving only administrative or organizational changes that have no impact on degree requirements, such as changing a name or code, eliminating or creating departments, moving degree programs from one unit to another, or changing a center or non-academic unit, are forwarded, following unit approval, for information only (no vote) to the initiating college faculty program approval process, the University Course and Programs Committee, the Graduate Council (if appropriate) and the Faculty Senate, before being sent to the provost for review and approval by the chancellor and other entities as required and for implementation.

**Deleted:** (organizational or administrative changes)

**Deleted:** following college or school approval to the

**Deleted:** Actions involving changes to a center or non-academic unit are forwarded following college or school (including Graduate School) approval to the provost for review and approval by the chancellor and other entities as required and for implementation.
