Check if either of these boxes apply and provide the necessary signature:

- Program change proposal adds courses offered by another academic college, and that college dean's office has been notified. The signature of the dean of that academic college is required here: _____
- Program change proposal deletes courses offered by another academic college, and that college dean's office has been notified. The signature of the dean of that academic college is required here: _____

Check all the boxes that apply and complete the required sections of the form:

The changes noted reflect ACT 747 requiring 120 hours of coursework for the Bachelor's degree in Arkansas. The reduction from 124 to 120 hours is shown in the program requirements below. Other changes increase the rigor of the program (adding CIED 1002: Introduction to Education).

For Law School program/units, prepare text consistent with current catalog style.

For centers, prepare text consistent with current catalog style.

A Bachelor of Science in Education degree with a concentration in Technology Education is a licensure program that prepares students to teach technology, preengineering, or other technical subject matter at the high school, middle-level, or community college. Additionally, the program prepares one to enter mid-level technical/management careers in business and industry. The concentration is a specialized field of study within the Career and Technical Education program at the University of Arkansas.
