## SECTION VI: Justification

*Justify this change and state its likely effect on any other degree program (including those outside the school or college). Identify any program or program components (other than courses) to be eliminated if this program is implemented. (Program and course change forms must also be submitted for such related changes.)*

**A change from the Department of Drama to the Department of Theatre is a more accurate representation of the academic and production work completed on this campus. A Department of Theatre typically represents a program that produces theatre and offers the Master of Fine Arts terminal degree, whereas, a Department of Drama historically has had an active scholarly component such as Master of Arts and/or Ph.D. program in Drama. Since the University of Arkansas has not offered the Master of Arts degree since the mid-1990's and has been offering the B.A. and M.F.A. for over 20 years, the change to Department of Theatre is the industry standard whereas the Department of Drama is an anomaly. As a result, the name of the major in Drama needs to be changed to reflect the departmental name change.**

## SECTION VII: Catalog Text and Format

*In the box below, insert the current catalog text which is to be changed, with changes highlighted with the color yellow. Include all proposed changes identified in Section V. Only changes explicitly stated in Section V will be considered for approval by the University Course and Programs Committee, the Graduate Council and the Faculty Senate. If you are proposing a new program, give proposed text with all of the elements listed below. If you are proposing modified text, include these elements as appropriate.*

**Include the following elements, in order, in the catalog text for proposed undergraduate program(s) or program changes:**

- State complete major/program name
- Briefly define or describe the major/program or discipline.
- Identify typical career goals or paths for graduates. (Optional)
- State admission requirements (if any) for entry or entry into upper/advanced level of major/program.
- Identify location in catalog of university, college/school, and department/program requirements which the student must meet in addition to hours in the major, but do not restate these requirements.
- State course requirements in the major and any allied areas, giving number of hours and specific courses; specify electives or elective areas and give numbers of hours and courses in elective pools or categories; identify any other course requirements.
- State any other requirements (required GPA, internship, exit exam, project, thesis, etc.).
- Identify name and requirements for each concentration (if any).
- Specify whether a minor or other program component is allowed or required and provide details.
- State eight-semester plan requirements

**For minors, state requirements in terms of hours, required courses, electives, etc.**

**For graduate program/units, include elements (as needed) parallel to those listed for undergraduate programs above.**

**For Law School program/units, prepare text consistent with current catalog style.**

**For centers, prepare text consistent with current catalog style.**

[Please note: tables, superscripts, and notes from 2013 catalog version do not copy well into Word for tracked change purposes. Refer to catalog.uark.edu to see original version formatted correctly. The following is strictly to show the specific changes being made in the text.]

The Department of ~~Drama~~Theatre offers the Bachelor of Arts (B.A.) degree in ~~Drama~~Theatre, a broad spectrum program in the context of a liberal arts education, and the Master of Fine Arts (M.F.A.) degree in six concentrations: Acting, Directing, Playwriting,

Costume Design, Scene Design and Lighting Design. (Please see the Graduate Catalog for information regarding the MFA degree.) Classes at both undergraduate and graduate levels are focused on providing a strong, professional orientation to theatre performance and technology in conjunction with appropriate research-based course work to address the required foundations in theatre history, dramatic literature and dramatic criticism.

The educational objectives of the Department of ~~Drama~~Theatre are centered on producing graduates prepared to enter the competitive world of professional play production as well as a variety of teaching and research fields. In addition a background in ~~Theatre~~~~Drama~~ has proven to be a valuable asset to those wishing to pursue a wide range of corporate and industrial occupations.

The play production program is the "laboratory" for study in ~~Drama~~Theatre. To that end the Department produces an average of 10 plays each year involving students in virtually all aspects of production. Auditions are open to all students on campus.

The Department of ~~Drama~~Theatre also supports course work in Dance, offering a variety of basic and advanced studio courses.
