No new students admitted to program after Term: ____ Year: _____

Allow students in program to complete under this program until Term: ____ Year: _____

SECTION V: Proposed Changes to an Existing Program or Program Policies

Insert here a statement of the exact changes to be made:

1) HIST faculty have added new courses to the catalog. HIST would like to categorize the courses into their geographical "groups" in order for our majors to receive accurate major requirement information. History majors must take a course from each "group" in order to fulfill the major. This program change will also make their degree audits accurate. HIST has also hired a Caribbean specialist and we would to change the title of Group 2 to include that region.

2) HIST 4893 Senior Capstone is a core requirement of the major. Honors students take HIST 3973H instead of the capstone but this is not laid out in the description of the program in the catalog.

3) Honors History majors may not take more than 6 hours of HIST 399VH Thesis Hours toward their major.

4) Move HIST 3973H from spring semester to fall semester

Check if either of these boxes apply and provide the necessary signature:

- Program change proposal adds courses offered by another academic college, and that college dean's office has been notified. The signature of the dean of that academic college is required here: _____
- Program change proposal deletes courses offered by another academic college, and that college dean's office has been notified. The signature of the dean of that academic college is required here: _____

Check all the boxes that apply and complete the required sections of the form:

- Change of Name and Code (Complete only sections I, II, V and VII.)
- Change Course Requirements: (Complete all sections of the form except "Proposed Name" in II, section III, and section IV.)
- Change Delivery Site/Method (Complete all sections of the form except "Proposed Name" in II, section III, and section IV.)
- Change Total Hours (Complete all sections of the form except "Proposed Name" in II, section III, and section IV.)
- Change in Program Policies

SECTION VI: Justification

Justify this change and state its likely effect on any other degree program (including those outside the school or college). Identify any program or program components (other than courses) to be eliminated if this program is implemented. (Program and course change forms must also be submitted for such related changes.)

1) curriculum building as new professors are hired in the department

2) Students are required to take 24 hours in history courses above the 3000 level and the additional senior capstone seminar HIST 4893, but the language of the catalog does not make this clear to students. Moreover, honors students are often confused by the language of the catalog as to whether they must take HIST 4893, and the catalog does not specify that all honors students must take HIST 3973H. The proposed changes clarifies these policies.

3) This change makes clear to honors students that they are required to take HIST 3973H Honors Methods and HIST 399VH Honors Thesis. The change also informs honors students of the number of thesis hours HIST 399VH that they may apply to the major. The language in the catalog was previously unclear.

4) This change reflects the fact that HIST 3973H has moved from a regular spring offering to a regular fall offering. The rationale is that preparing students to identify a topic early on will place them in a better position to finish in a timely fashion and apply for SURF/SILO and other forms of thesis research funding.

SECTION VII: Catalog Text and Format

In the box below, insert the current catalog text which is to be changed, with changes highlighted with the color yellow. Include all proposed changes identified in Section V. Only changes explicitly stated in Section V will be considered for approval by the University Course and Programs Committee, the Graduate Council and the Faculty Senate. If you are proposing a new program, give proposed text with all of the elements listed below. If you are proposing modified text, include these elements as appropriate.

Include the following elements, in order, in the catalog text for proposed undergraduate program(s) or program changes:

- State complete major/program name

- Briefly define or describe the major/program or discipline.
- Identify typical career goals or paths for graduates. (Optional)
- State admission requirements (if any) for entry or entry into upper/advanced level of major/program.
- Identify location in catalog of university, college/school, and department/program requirements which the student must meet in addition to hours in the major, but do not restate these requirements.
- State course requirements in the major and any allied areas, giving number of hours and specific courses; specify electives or elective areas and give numbers of hours and courses in elective pools or categories; identify any other course requirements.
- State any other requirements (required GPA, internship, exit exam, project, thesis, etc.).
- Identify name and requirements for each concentration (if any).
- Specify whether a minor or other program component is allowed or required and provide details.
- State eight-semester plan requirements

For minors, state requirements in terms of hours, required courses, electives, etc.

For graduate program/units, include elements (as needed) parallel to those listed for undergraduate programs above.

For Law School program/units, prepare text consistent with current catalog style.

For centers, prepare text consistent with current catalog style.

Courses listed in more than one group may fill only one group requirement. In consultation with an adviser, students who are history majors are encouraged to design a program of study with both breadth and depth.

History majors are strongly encouraged, but not required, to take a minor or combined major in one of the following:

- African and African American Studies
- American Studies
- Art History
- Asian Studies
- Classical Studies
- European Studies
- Gender Studies
- International Relations
- Latin American and Latino Studies
- Medieval and Renaissance Studies
- Middle East Studies
- Religious Studies
- World Languages, Literatures, and Culture

Writing Requirement: To fulfill the Fulbright College writing requirement, each history major will submit, prior to graduation, a substantial research or analytical paper, with a grade of “A” or “B” from an upper-division history course (3000, 4000, 5000 level) to his or her departmental adviser. The required senior capstone seminar, [HIST 4893](#), is designed to give history majors the opportunity and guidance to produce a paper to meet the Fulbright College requirement, but students may also submit a paper from another course. Satisfactory completion of a thesis may also fulfill this requirement.

Requirements for Departmental Honors in History: Admission to the Departmental Honors Program in History is open to history majors with a minimum grade-point average of 3.5 in all their work. Prospective Departmental Honors students must take 12 hours in Honors Studies, of which 6 hours must include [HIST 3973H](#) Honors Methods ([Spring](#) [Fall](#) semester, junior year) and [HIST 399VH](#), Honors History Thesis (Fall or Spring semester, senior year). [Departmental Honors students may not apply more than 6 hours of HIST 399VH to the history major.](#) During the senior year, the honors candidate will complete the program by writing and defending an honors thesis. Successful completion of the program will be recognized by the award of the distinction “History Scholar Cum Laude” at graduation. Higher degree distinctions are recommended only in truly exceptional cases and are based on the candidate’s entire program of honors studies.
