

ATTACHMENT 2A-2

MEMORANDUM OF UNDERSTANDING FOR STATISTICS AND ANALYTICS

1. Graduate School and International Education

- Will request budget increase for one month of summer salary for Dr. Arnold, beginning summer 2014
- Will request budget increase for maintenance account, \$250/enrolled students by 11th day count
- Administrative support with existing staff

Todd G. Shields, Dean

2. Fulbright College

- 10% increase in Mark Arnold's 9-month salary, beginning FY 15
- One month of summer salary for Dr. Arnold, beginning summer 2014
- Allow hiring in two vacant positions in Statistics in Department of Mathematical Sciences
- Six GA positions in the Department of Mathematical Sciences will be reserved for STANMS students to teach basic math courses, such as College Algebra.

Todd G. Shields, *Interim* Dean

3. College of Engineering

- Under the assumption that funding will be provided by the institution or through development to hire required faculty above current planned positions, I support the creation of an M.S. Degree in Statistics and Analytics.

John R. English, Dean

4. Walton College of Business

- Include in budget requests an additional faculty member in ISYS and allow this faculty member to contribute to STANMS/STANPH degrees, when student demand is sufficient

Eli Jones, Dean

5. College of Education and Health Professions

- Commit to maintain current faculty lines in ESRM, including allowing hiring in the position left vacant by Dr. Denny.

Tom E.C. Smith, Dean
