ATTACHMENT ____6E

ADD, CHANGE OR DELETE UNIT, PROGRAM REQUIREMENTS, OR ACADEMIC POLICIES

Complete this form consistent with the instructions in Academic Policy 1622.20. Use the form to add, change, or delete a program or unit or to change program policies. Proposed additions and changes must be consistent with Academic Policies 1100.40 and 1621.10 and any other policies which apply.

SECTION IV: Eliminate an Exis	ting Progra	m/Unit				
Code/Name Effective Code/Name	atalog Year					
No new students admitted to program a Allow students in program to complete			erm: Year:			

SECTION V: Proposed Changes to an Existing Program or Program Policies

Insert here a statement of the exact changes to be made: Changing KINS alpha code on courses only to EXSC; this is currently in progress through the CIM system. Deleting six credits of required courses (KINS 6323 Biomechanics II and KINS 6343 Physiology of Exercise II); and increasing the field of study electives from 18-24 credit hours. Note - this action does not change total hours required for the degree program and only increases the number of electives by 6 hours. In addition in the text; corrected the GRE score to the new scoring system.

Check if either of these boxes apply and provide the necessary signature:
Program change proposal adds courses offered by another academic college, and that college dean's office has been notified. The signature of the dean of that academic college is required here:
Program change proposal deletes courses offered by another academic college, and that college dean's office has been notified. The signature of the dean of that academic college is required here:
Check all the boxes that apply and complete the required sections of the form:
Change of Name and Code (Complete only sections I, II, V and VII.)
Change Course Requirements: (Complete all sections of the form except "Proposed Name" in II, section III, and section IV.)
Change Delivery Site/Method (Complete all sections of the form except "Proposed Name" in II, section III, and section IV.)
Change Total Hours (Complete all sections of the form except "Proposed Name" in II, section III, and section IV.) Change in Program Policies

SECTION VI: Justification

Justify this change and state its likely effect on any other degree program (including those outside the school or college). Identify any program or program components (other than courses) to be eliminated if this program is implemented. (Program and course change forms must also be submitted for such related changes.)

Regarding the alpha code change: this change was made because EXSC faculty felt that this alpha code better reflected what they taught. By deleting the two required courses (KINS 6323 and KINS 6343) students will be allowed to take additional course work in the areas that they will be producing research. Changing to the new GRE scoring system is necessary to conduct appropriate business and admission of students.

SECTION VII: Catalog Text and Format

In the box below, insert the current catalog text which is to be changed, with changes highlighted with the color yellow. Include all proposed changes identified in Section V. Only changes explicitly stated in Section V will be considered for approval by the University Course and Programs Committee, the Graduate Council and the Faculty Senate. If you are proposing a new program, give proposed text with all of the elements listed below. If you are proposing modified text, include these elements as appropriate.

Include the following elements, in order, in the catalog text for proposed undergraduate program(s) or program changes:

- State complete major/program name
- Briefly define or describe the major/program or discipline.
- Identify typical career goals or paths for graduates. (Optional)
- State admission requirements (if any) for entry or entry into upper/advanced level of major/program.
- Identify location in catalog of university, college/school, and department/program requirements which the student must meet in addition to hours in the major, but do not restate these requirements.
- State course requirements in the major and any allied areas, giving number of hours and specific courses; specify electives or elective areas and give numbers of hours and courses in elective pools or categories; identify any other course requirements.
- State any other requirements (required GPA, internship, exit exam, project, thesis, etc.).
- Identify name and requirements for each concentration (if any).
- Specify whether a minor or other program component is allowed or required and provide details.
- State eight-semester plan requirements

For minors, state requirements in terms of hours, required courses, electives, etc.

For graduate program/units, include elements (as needed) parallel to those listed for undergraduate programs above.

For Law School program/units, prepare text consistent with current catalog style.

For centers, prepare text consistent with current catalog style.

2013.-2014 Catalog of Studies:

Prerequisites to Ph.D. Degree Program: The applicant must have completed a master's degree or its equivalent in kinesiology or a closely related field and meet general admission requirements of the Graduate School. An application should include identification of the applicant's objectives, supportive background information, including three letters of recommendation supporting the applicant's ability to successfully pursue a Ph.D. in kinesiology, a GPA of at least 3.00 on all graduate course work, and an acceptable score on the Graduate Record Examinations (GRE). Additional prerequisites may be prescribed after review of application materials. Furthermore, applicants who present a GRE score of 1200 or greater on the combined verbal/quantitative portions, a GRE writing score of 5.5 or greater, an overall GPA of 3.85 or higher, and faculty approval may apply for admission to the Ph.D. Kinesiology program after completion of their bachelor's degree.

Requirements for the Doctor of Philosophy Degree: A minimum of 96 graduate credit hours beyond the baccalaureate is required for the degree. A doctoral advisory committee will be established by the student in consultation with the Coordinator of Graduate Study during the first semester of enrollment subsequent to acceptance into the degree program. If competency cannot be determined, successful completion of a preliminary examination may be required of the student prior to the completion of 48 hours of graduate course work beyond the bachelor's degree or as soon after admission to the doctoral degree program as possible. The degree program also requires successful completion of candidacy examinations, an acceptable doctoral dissertation, and oral defense of the dissertation. These last requirements are described elsewhere in this catalog. Further requirements for the Doctor of Philosophy degree in Kinesiology include the following:

Exercise Science Concentration:

Departmental Core Requirements

HHPR 5353	Research in Health, Human Performance and Recreation (Sp, Su, Fa)	3
KINS 5323	Biomechanics I (Fa)	3
KINS 5513	Physiology Exercise I (Fa)	3
KINS 5593	Practicum in Laboratory Instrumentation (Su, Fa)	3
Required Courses		
KINS 6323	Biomechanics II (Odd years, Sp)	3
KINS 6343	Physiology of Exercise II (Even years, Su)	3
Research and Statistica	al Requirements	
A minimum of 18 hour	rs approved by doctoral advisory committee.	18
Field of Study		
The student, in consult	ation with the doctoral advisory committee, will identify further course work comprising a field of study	/ in

kinesiology and consistent with the goals and objectives of the student and institution. Course work may be selected from several 18
