Program Change Tables

August 8, 2014

Undergraduate Program Changes:

TABLE ONE

Walton College of Business

Department of Walton College Dean

College Wide Requirement: Delete current Walton College Correspondence Course restrictions related to correspondence (self-paced) courses based on new University Online policies – Attachment 1A

The proposal requests to change the **Correspondence Course Rules** to no more than 18 hours of course work taken by correspondence may apply toward a degree. These 18 hours may not include more than 12 hours of courses in economics or business and may not include any junior- or senior-level economics or business courses without prior approval of the assistant dean for undergraduate programs.

College Wide Graduation Requirement: Walton College General Education Elective Requirements – Attachment 1B

The proposal requests to change the current general education elective requirements for Walton College students. In the previous curriculum which required 16 hours of General Education Electives, many students utilized these hours to pursue a minor in the Fulbright College (15-21 hours). Upon development of courses such as WCOB 3043, Books to Boardroom and FINN 1003, Your Money and Credit, the Undergraduate Programs Committee recommended exceptions to incorporate these courses into the General Education Elective category. As other courses emerge that may not necessarily be viable junior/senior elective credit, the Walton College has agreed to allow up to six total hours of business courses to meet requirements in this category..

Graduate Program Changes: None
