	Program Hours Change TO		18
	Program Change Justification		The AGED Minor attracts students who are interested in gaining experience and education in teaching techniques to be used out of the formal education setting. These typically include those interested in working with people in agricultural industries. However, the current minor requirements include a number of courses that focus on formal education settings, as well as courses that are only available during the AGED program's student teaching block, which interferes with the other courses students take during their spring semesters (the block courses are offered for a 2-week time span at the beginning of the semester and require students to be present from approximately 8-5 each day during those two weeks). These drawbacks to the current minor prevent students from enrolling. Currently, there are fewer than five students pursuing a minor. Those that are initially interested in a minor typically either a) pursue a double major in Agricultural Education if they are interested in teacher certification; or b) enroll in an Agricultural Education graduate program following graduation. The proposed minor would alter required courses to better align with the goals of and skills needed by students interested in the minor. All courses would follow the traditional campus course schedule and would incorporate educational techniques applicable to non-formal education.

PBHLBS	Effective Catalog Year	Fall 2013	Fall 2015

Degree	Bachelor of Science in Education	Bachelor of Science
Program Title		
Program Requirements and Description	All students must complete the general requirements as listed under University Core (http://catalogofstudies.uark.edu/2882.php). In addition, all students must take the courses listed below under required general studies for the public health major and the additional public health major requirements. A minimum of 120 semester hours is required for graduation in the major of public health.	An undergraduate major in public health leads to the Bachelor of Science degree. The minimum requirements for all students in the college are listed under general studies.
Program Plan of Study	Public Health B.S.E. Eight-Semester Degree Program	Public Health B.S.E. Eight-Semester Degree Program
CIP Code	Public Health Education and Promotion.	Public Health, General.
Phone		575-2859
Academic Unit		Major/Field of Study
Method of Delivery		On Campus
Program Goals and Objectives		The bachelor's degree in Public Health is designed for students interested in helping people and communities adopt healthy behaviors and healthy lifestyles.
Student Demand		150
Scheduled Program Review Date		2017-2018
Similar Programs Available		No
Learning Outcomes		The Public Health major will prepare students for careers in public health including worksite health promotion specialists, community health education, and jobs in public health agencies and community based organizations. In addition, the program is applicable for students interested in pursuing post graduate study in allied health fields, such as physical or occupational therapy, or public health.
Reason for Program Change		Reconfiguring an Existing Degree--(LON 11)
Does Program Add/Delete Courses form Other Colleges		No
Change Hours to Complete Program		No
Program Change Justification		The Public Health program is opting to change the BSE to a BS which is in keeping with other benchmark institutions. Renaming the degree to a BS is more indicative of the varied workforce or post-baccalaureate degree programs that graduates of the PBHLBS program are pursuing.
Program Reviewer Comments		tmartin Sat, 11 Oct 2014 20:14:48 GMT Rollback: I know the systems says to submit a LON 1, but we need a LON 11 according to ADHE. This is not a name change, but a change in the degree.
