Integrates psychological, sociological, and philosophical foundations of education with concurrent involvement in field experiences. Encourages prospective teachers to become reflective practitioners by emphasizing organization of school systems, planning and implementation of effective classroom environments, development of teaching styles, and new directions in education. A 18-hour early field experience designed to give prospective teachers opportunities to observe and participate in a variety of school settings is incorporated in this introductory course to education.

	Course Delivery Method	On campus	On campus
	Course Title/Description Change Type		Minor (stylistic/editorial) Change
	Course Syllabus		CIED 1013_SYLLABUS_Fall 2015.docx
	Justification		In the past, CIED 1002 (intro to education) and CIED 1011 (practicum) were taught by the same instructor, but listed separately. This caused a lot of confusion on the part of the instructors and students. We would like to combine the two hour and one hour class and make this a three hour course.
	Reviewer Comments		kjvestal|Mon, 01 Dec 2014 20:03:22 GMT|Rollback: Because we currently have CIED 1011 in inventory and cannot duplicate the first 3 digits of a course number, a different number will need to be selected. Thank you!

	Justification		The program has occasionally used this course to "trial run" courses that we were not sure we wanted to place in our rotation on a permanent basis. However, we have no "trial run" courses coming up in the near future, so we would like to make this course inactive for now.
