	Reason for Program Change		Making Minor Changes to an Existing Degree (e.g. changing 15 or fewer hours, changing admission/graduation requirements, adding Focused Study)
	Does Program Add/Delete Courses form Other Colleges		No
	Change Hours to Complete Program		No
	Description and Justification of the Request		Each year ADLL program faculty review student progress. From these reviews faculty have determined that students who earn a "C" are still capable of remaining in good standing and completing their degree. The only modification being made is to remove the statement, "Courses with grades of "C" or below will not count toward the degree". While the Footnotes section reflects a change, none was made.
	Program Reviewer Comments		agriffin|Mon, 10 Aug 2015 22:07:09 GMT|Rollback: Please describe changes and why they are being made in the Description and Justification block. agriffin|Fri, 14 Aug 2015 19:32:15 GMT|Edited description to clarify the modification being made.
AMPDBS	Effective Catalog Year	Fall 2015	Fall 2016

	Description and Justification of the Request	• AMPD 4093 new course incorporating additional information regarding Apparel Supply Chain and its impact on inventory control. It will also incorporate visual and spatial merchandising and management. This change will not affect the number of hours in the AMPD program. • AMPD 4043 History of Apparel to 1900 course will be inactivated; content will be merged with AMPD 4053 Contemporary Apparel 1900 to Present and will be renamed Historic and Contemporary Apparel. • AMPD 4053 will have a new title, Historic and Contemporary Apparel. Combining AMPD 4043 History of Apparel to 1900 into AMPD 4053 Contemporary Apparel 1900 to Present • AMPD 4901 title changed due to program name change and adding honors section • AMPD 4912 will change to variable credit hours AMPD 491V with course title change due to program name change and adding honors section. Variable credit hours are needed due to the nature of the study tour. International study tours need to be given 3 hours credit during the May Intercession to be full time equivalent for scholarships, honors and financial aid. This will allow for flexibility for credit hours awarded based on the study tour destination, whether domestic or international. • AMPD 5003 Apparel Sourcing and Merchandising Systems in the Global Economy title and description change. This course will better reflect upon the global apparel supply chain process consisting of every organization starting from initial fibre supplier to consumer purchasing apparel products for final consumption. Each global organization comprises various functional domains, as sourcing, manufacturing, planning, marketing etc. as it applies to the apparel merchandising and production process.	The World Language change is to allow students to matriculate without having to take a lower level language course; the remaining three hours will move to electives. AMPD 4103 will be included in the general electives for the apparel program; This will give additional elective options for on- and off-campus students through online delivery.The modification to the AMPDBS program MATH requirements is to clarify that students must complete a total of 6 hours of MATH credits regardless of entry level mathematics abilities. Students will not be allowed to complete only 3 hours of "higher level" math if they exempt from MATH 1203; the 6 hours total must be fulfilled.
	Program Reviewer Comments	kjvestal|Thu, 30 Oct 2014 18:24:22 GMT|Rollback: Rolling back to submitter for edit agriffin|Thu, 04 Dec 2014 16:27:32 GMT|Inserted program review dates with approval from department (see attached email).	agriffin|Thu, 05 Mar 2015 20:43:39 GMT|Rollback: Please edit Math and Statistics section. ljrobert|Tue, 17 Mar 2015 17:55:21 GMT|Rollback: Roll back so that World Language and elective courses can be added agriffin|Fri, 17 Apr 2015 18:55:41 GMT|Rollback: Please correct the footnote numbers, since there is no replacement for footnote 1. 	Method of Delivery		On Campus
	Colleges Used		ARSC

	Program Goals and Objectives		The educational objective of the Chemical Engineering graduate program is to prepare students for advanced roles in the profession through a combination of planned coursework and research activities so that graduates are equipped to address present and future challenges in such areas as research, teaching, management, and entrepreneurship.
	Student Demand		10
	Scheduled Program Review Date		2015-2016
	Similar Programs Available		No
	Learning Outcomes		The educational outcomes of our graduate program are to assure that each student has had an opportunity to: a. Critically analyze meaningful and technologically relevant data, and for thesis students, plan and safely conduct research; b. Demonstrate proficiency in fundamental mathematics and chemical engineering problem solving; c. Understand professional and ethical responsibility; and d. Develop and use effective written and oral communication skills.
	Reason for Program Change		Making Minor Changes to an Existing Degree (e.g. changing 15 or fewer hours, changing admission/ graduation requirements, adding Focused Study)
	Does Program Add/Delete Courses form Other Colleges		Yes
	Change Hours to Complete Program		No
	Description and Justification of the Request		The request is to remove the Preparation of Proposals and Advanced Separations CHEG classes and change them to 6 hours of a CHEG elective. The change from required set courses to CHEG electives is design to increase the flexibility of the degree for focus on more specific areas of CHEG that individual students might be interested in. There is no overall change in the number of hours. In addition, the graduate catalog text has been updated for website changes. The admission criteria was changed from requiring an MS in chemical engineering to recommending an MS in chemical engineering.

	Program Reviewer Comments		lkulcza|Wed, 27 May 2015 21:29:56 GMT| Administratively adding the program information for the thesis option requirements agriffin|Thu, 28 May 2015 21:49:08 GMT|Changed the effective catalog year to fall 2016. Also, replaced CHEG 6203 with 4000 or 5000 level CHEG elective. agriffin|Thu, 28 May 2015 21:51:32 GMT|Changed program review date from 2016 to 2015-2016. agriffin|Mon, 08 Jun 2015 14:53:06 GMT|Added change to admission criteria to the description block. Also attached correspondence to present evidence of receiving approval from submitter to make the appropriate changes to the request. agriffin|Mon, 08 Jun 2015 14:54:57 GMT|Attempted to insert attachment again. ndennis|Fri, 10 Jul 2015 16:27:29 GMT|Rollback: The non thesis option would allow students to take up to 15 hours of undergraduate level courses for a graduate degree. HLC requires that more than half of the degree requirement be satisfied with graduate level courses. agriffin|Wed, 26 Aug 2015 19:09:56 GMT|Inserted footnote 1 reference to correspond with the footnote.

	Reason for Program Change		Making Minor Changes to an Existing Degree (e.g. changing 15 or fewer hours, changing admission/ graduation requirements, adding Focused Study)

	Does Program Add/Delete Courses form Other Colleges		Yes
	Change Hours to Complete Program		Yes
	Program Hours		48
	Program Hours Change TO		42
	Description and Justification of the Request		Advanced Separations and Preparations of Proposals are being removed as required courses. One course is being replaced with a CHEG elective and the other course is being removed to decrease the number of hours. The reduction in course hours is consistent with the requirements in the College of Engineering as well as many of the other graduate engineering programs and also corrects a previous inaccurate calculation of the hours. The total number of hours is being changed from 48 to 42.
	Program Reviewer Comments		agriffin|Tue, 26 May 2015 15:20:10 GMT|Changed effective catalog year from fall 2015 to fall 2016. agriffin|Tue, 26 May 2015 15:25:57 GMT|Added the specific number of hours being changed to the description.

ELEGBS	Effective Catalog Year	Fall 2015	Fall 2016
	Description and Justification of the Request	The ELEG faculty voted in a meeting on 1/30/2015 to change the number of credit hours for ELEG 4061 (Senior Design I) to 3 hours, making the course number ELEG 4063, and to change the number of hours for ELEG 4073 (Senior Design II) to 1 hour, making the course number ELEG 4071. So that the number of hours in each semester will not be excessive, it was also voted to move the required Fine Arts elective from the second semester to the first semester of the four year.	ELEG 3304 and ELEG 3304H should have been listed in the third year, spring semester courses. This modification is simply to correct an error. Also adding CHEM 1123/1121 to Note 1(*), as well as CHEM 1133/1131, and including CHEM 1123/1121 as new options in Note 2 (**).

	Program Reviewer Comments	agriffin|Mon, 09 Feb 2015 21:14:30 GMT|Rollback: Please submit course changes first. That will allow you to select the correct course number for the program requirements and 8-semester plan. agriffin|Fri, 13 Feb 2015 17:09:51 GMT|Rollback: Please correct credit hours in fourth year of 8 Semester Plan. ndennis|Fri, 13 Feb 2015 22:41:43 GMT|Rollback: ELEG 4063 and ELEG 4071 need to be approved before the program change is submitted. lkulcza|Mon, 23 Mar 2015 20:19:18 GMT|Courses still showing as "not found" are nearing the completion of the approval process.... calison|Tue, 24 Mar 2015 16:03:22 GMT|Re-set one Core listing. Two courses are still awaiting approval.	agriffin|Fri, 29 May 2015 15:38:50 GMT|Removed additional table that mysteriously appeared in the program requirements. Confirmed with submitter it was okay to remove. agriffin|Fri, 29 May 2015 16:12:06 GMT|Rearranged requirements in fourth year to match the order of the footnotes (see attached correspondence). Changed effective catalog year to fall 2016. lkulcza|Thu, 09 Jul 2015 15:31:52 GMT|Corrected CHEM 1113 to CHEM 1103 (1113 no longer active) ndennis|Thu, 09 Jul 2015 16:47:32 GMT|Rollback: Note 1 (*) needs to include CHEM 1123/1121 as well as CHEM 1133/1131. Note 2 (**) needs to include the new CHEM options in addition to the old CHEM for Engineer options. agriffin|Thu, 09 Jul 2015 18:30:28 GMT|Rollback: Please add the changes addressed by Dr. Dennis to the "description and justification" field.

	Description and Justification of the Request			The program is seeking to remove the GRE/MAT admission requirement from the ETEC M.Ed. program. Our pool of potential students consists entirely of adult working professionals seeking career advancement. We have structured our curriculum such that the ETEC M.Ed. is a practitioner-based program, focusing on preparing students for advancement in the workplace. Our program offers working professionals the opportunity to learn skills they can immediately apply in their workplace, and as such, we recruit and attract students who are interested in job improvement and career advancement, as opposed to a path to a Ph.D. Because of the workplace focus of our program, and because we require applicants to submit a professional writing/work sample as part of the application process, we do not believe the GRE/MAT test requirement is necessary for us to adequately review potential applicants. Thus, we respectfully request a waiver from the Graduate School for this requirement.
	Program Reviewer Comments			lkulcza|Wed, 26 Aug 2015 19:42:51 GMT|Per request from Janet Penner-Wiliams, added "core" and "elective" verbiage to narrative paragraph on degree requirements.

	Does Program Add/Delete Courses form Other Colleges		No
	Change Hours to Complete Program		No
	Adding Changing or Deleting a Focused Study	No	Yes
	Description and Justification of the Request		Program review established the following: 1. Pre-requisites assigned to specific courses as opposed to only the program; 2. Adding the statement to the admissions guidelines: OMGT 5003 is foundational to all courses and must be taken in the first term; 3. Level II requirements were mandatory in the graduate school until Fall 2014, but became recommended only. The program needs Level II language proficiency for the technical writing in coursework and has returned it to mandatory. Analytical writing returned to previous required 4.5 (from 4.0) based on faculty feedback of student performance. In addition, adding the statement: The MSOM English Language Proficiency Policy requires Level II non-native speakers of English to complete ELAC 4043 Research Writing in the STEM fields no later than the first semester of graduate level courses. 4. The focus areas of Business Management, Industrial Management, Human Resource Management, and Safety and Health Care Management are being deleted to pursue new areas of concentration this year. No focus area previously led to any certificate or transcript entry.

	Program Reviewer Comments		agriffin|Tue, 03 Mar 2015 19:34:09 GMT|Rollback: Please correct the required course list and add the correct number of credit hours. 	Method of Delivery		On Campus
	Program Goals and Objectives		The major change to the curriculum is represented by the creation of two concentrations, namely: Concentration in Performance and Concentration in Design and Technology. The Concentration in Performance will expand on the foundational courses required of all theatre majors and strives to create competent performers, playwrights and directors through advanced coursework in Stage Speech, Movement, Playwriting, Directing and Acting. The Concentration in Design and Technology will create knowledgeable, working artists who will be able to design and provide technical expertise in a variety of theatrical venues through advanced coursework includes Scene Design, Costume Design and Lighting Design in addition to technical courses in Drafting, Rendering and Makeup. To fulfill graduation requirements all theatre majors must complete: the University Core (some state/university core specified by the major), Theatre Major Core common to all theatre majors, completion of one of the two concentrations, and additional electives to total 120 hours. • The Theatre Major Core requirements common to all majors changes from 23 hours to 31 hours. • Theatre electives become one of two concentrations, and requirements change from 17 to 21 hours. • Total THTR hours required by the major change from 40 to 52.

	Description and Justification of the Request		Submitted by ddraper on behalf of the Theatre Department. Contact Pat Martin at 5-2953 with questions. The newly renamed Department of Theatre is taking the opportunity to revise our current B.A. Curriculum. There are two major goals for the redesigned B.A. degree in theatre. We hope to provide a clear path to graduation in 4 years and want to prepare our graduates for the rigors of the 21st century entertainment industry. Secondly, this new curriculum more closely aligns with the Top 50 peer institutions that we consulted, as well as the national standards set forth by the National Alliance of Schools of Theatre (NAST).

	Program Reviewer Comments		ddraper|Tue, 16 Sep 2014 15:48:36 GMT|ddraper 9/16/2014 minor typographical edit lkulcza|Wed, 17 Sep 2014 16:58:40 GMT|Rollback: Donna, is this change really impacting the total number of hours required to complete a BA in Theatre? ddraper|Tue, 30 Sep 2014 15:59:52 GMT|Changed to reflect that there is no overall change in the number of credit hours required. Overall degree still requires only 120 hours total, although the number of hours required by the major has increased. These additional hours have been offset by the reduction of electives. ddraper|Fri, 03 Oct 2014 18:45:03 GMT|Needed THTR prefix for a course listed in spring year 1 8-sem plan for Performance focused study area. ddraper 10/3/2014 kjvestal|Tue, 03 Feb 2015 15:38:53 GMT|Rollback: Per Dr. Martin's request, the proposal is rolled back for further editing. ddraper|Thu, 02 Apr 2015 14:28:22 GMT|Changed "Focused Study Areas" to "Concentrations."
