Subject: MS in Executive Nursing

Dr. Hoff,

The Walton College of Business is willing to work with you so that students in the MS in Executive Nursing can take our MBA class MBAD 5241. If there is excess capacity in current courses we can enroll Nursing students in these courses. If there is not excess capacity, we are glad to provide assistance in creating new sections and identifying instructors.

Best of luck with this important program.

Anne O'Leary-Kelly
Associate Dean for Graduate Programs and Research
