To create an intellectual environment that challenges the best of students, the J. William Fulbright College of Arts and Sciences provides a comprehensive program of honors studies. This includes the ~~Fulbright~~ College Honors Program, a four-year interdisciplinary honors program for students of superior academic ability or artistic talent, and the Departmental Honors Program, an honors program emphasizing directed independent study within a department or discipline of the college.

For admission into the Fulbright ~~College~~ Honors Program, an incoming student must have at least a 3.5 high school grade point average and a minimum ACT composite score of 28 or **1310** ~~1240~~-SAT. A current Fulbright College student must have a University of Arkansas grade point average of 3.5 or above and a faculty recommendation from the department of study.

A student who successfully completes a program of honors studies within Fulbright College is eligible to receive a baccalaureate degree with the distinction ~~Fulbright~~ College Scholar *cum laude*, or Departmental Scholar *cum laude* in the major field of study. Higher distinctions of *magna cum laude* or *summa cum laude* may be awarded to outstanding honors students by recommendation of the Fulbright College Honors Council.

To earn the distinction Fulbright College Scholar *cum laude* at graduation, a student must successfully complete the honors core curriculum, maintain a minimum grade-point average of 3.5, and satisfy requirements for departmental honors in the major field of study, including preparation and oral defense of an honors thesis. The Honors Council may award the higher distinctions of *magna cum laude* or *summa cum laude* based upon a student's total academic

performance, including the academic transcript, the quality of the scholarly activity pursued within the major field of study, and the breadth of college study as a whole.

To earn the distinction of Departmental Scholar *cum laude* at graduation, a student must successfully complete requirements prescribed by the major department, including an honors thesis and oral examination, maintain a minimum grade-point average of 3.5, and take 12 hours (which may include six hours of thesis) in honors studies. If a student demonstrates superior academic performance or an exceptionally high level of scholarly activity, the Honors Council may award the distinction of *magna cum laude*. In exceptional instances where truly outstanding work within the major field is coupled with the superior understanding of its relationship to the college work as a whole, the distinction *summa cum laude* may be awarded.

## Degrees with Honors

---

The J. William Fulbright College of Arts and Sciences is dedicated to providing students a liberal education in the arts, humanities, and sciences. Such an education should be soundly based, innovative, and enriched by a creative faculty. This is especially true for students with superior academic ability or artistic talent. To achieve these aims, the college faculty has developed and participates in the ~~Fulbright~~-College **Honors Scholars**-Program and the Departmental **Honors Honors**-Program.

**Requirements for the ~~Fulbright~~-College Honors Program:** Credit or exemption for University Core in English composition, including [ENGL 1013](#) and [ENGL 1023](#), and in American history or American government, completion of the requirements for honors in a department or study area of the college, including preparation and oral defense of an honors thesis, a cumulative grade-point average of 3.5 or above, and completion of the honors core curriculum. Students who do not have at least a 3.5 GPA will not be allowed to graduate with honors.

**Requirements for the ~~Fulbright~~-Departmental Honors Program:** Specific academic requirements including course work, participation in departmental honors colloquia or seminars, and independent study projects are established by the faculty of the individual departments or study areas and are approved by the Honors Council. However, all departmental honors students must have a 3.5 cumulative grade-point average, complete and defend an honors thesis, and take 12 hours (which may include six hours of thesis) in Honors Studies. Information concerning these requirements is given within each department's catalog listings.

The minimum academic requirements of the honors core curriculum for the B.A./B.S.W., B.S., B.M., and B.F.A. degree programs can be found in the degree requirements for each program listed below.

## Humanities Colloquium

~~Note: Students who complete the fourth semester of Honors Roots Culture HUMN 2124H will receive a 3-hour waiver for the Humanities Colloquium requirement.~~

## Social Science Colloquium

## Natural Science or Math Colloquium

## World Language

0-  
12

See your adviser. Students must demonstrate proficiency in a single modern or classical language other than English (2013 Intermediate II of a world language). Usually this is accomplished by completing a sequence of world language courses (1003, 1013, 2003, 2013). See Fulbright College Admission Requirements. Students meeting the

normal admission standard (two years of high school language) may expect to satisfy this requirement with fewer courses, depending upon placement. In cases of unusually thorough preparation, or in the case of international students, exemption may be sought from the department of world languages.

World Language: (depending upon placement)

See your adviser. Students must demonstrate proficiency in a single modern or classical language other than English (2003 Intermediate I of a world language). Usually this is accomplished by completing a sequence of courses (1003, 1013, and 2003). See Fulbright College Admission Requirements. Students meeting the normal admission standard (two years of high school language) may expect to satisfy this requirement with fewer courses, depending upon placement. In cases of unusually thorough preparation, or in the case of international students, exemption may be sought from the department of world languages.

## Bachelor of Music Degree

Requirements for graduating with honors: Specific academic requirements including course work, participation in departmental honors colloquia or seminars, and independent study projects are established by the faculty of the individual departments or study areas and are approved by the Honors Council.

All honors students must have a 3.5 cumulative grade-point average, complete and defend an honors thesis, and take 12 hours (which may include six hours of thesis) in Honors Studies. Information concerning these requirements is given within each department's catalog listings.

The following outlines the minimum academic requirements of the honors core curriculum for the B.F.A. degree program. **The university/state minimum core is fulfilled by completing the college honors core.**

Specifically listed the University/state core requirements of English Comp I and II and the US History/American National Government requirement into each individual Honors degree requirement sections (BA, BS, BM and BFA).

Justification: With the implementation of the degree audit in UAConnect the move is necessary to ensure each student is aware of what is required. These general university requirements have always existed, but because they were not specified in the honors-specific requirements, they were unable to factor into the automated degree plan audits. This will simply the degree clearance process for college honors students.

HUMN 2124H is being dropped from the Honors Humanities Project (H2P) sequence (HUMN

1114H, HUMN 1124H, HUMN 2114H, and HUMN 2124H). There are several changes throughout the Honors core requirements which involve removing any reference to HUMN 2124H.

Added a clarifying statement to each honors core section to state that the University/state minimum core is fulfilled by completing the college honors core.

Added new course MATH 2445 Calculus I with Review as a math option in all plans.

BA:

HUMN 2124H is being replaced by a second world literature course (selected from WLIT 1123/H, CLST 1003/1003H, CLST 1013/1013H, or any other WLIT course) to fulfill the requirement that the 4th semester of H2P previously covered. Because of this, the BA honors requirements in the Humanities and Social Sciences Option 2 section have to be adjusted from 16 hours (the 4-course sequence of 4-hour H2P courses) at the honors level down to 15 hours at the honors level.

Description and justification of the request:

THTR 1013 is a newly approved fine arts course for university/state core, so that is being added as an option as a fine arts course for the BA and BS fine arts sections.

GEOS 2003 now has an honors section, so GEOS 2003H is being added in the social science sections. ECON 2143/2143H is being added as an option in the social science sections.

BS:

THTR 1013 is being added as an option for fine arts, GEOS 2003H and ECON 2143/2143H are being added as options for the social science core.

BS Humanities & Social Science Option 2 Core--correction to # of hours required at the honors level being changed from 9 to 12. (Students have to take 3 H2P courses which are 4 hours each, so the minimum must be 12 hours.

BS reqs under science--adding the new course BIOL 1584 Biology for Majors and CHEM 3703/3702L and 3713/3712L, since the organic chemistry for majors courses are equivalent to the honors organic chem courses.

BM:

ECON 2143H and GEOS 2003H are being added as options to the social sciences requirement.

BFA:

ECON 2143H and GEOS 2003H are being added as options to the social sciences requirement.

**ddraper (09/23/16 12:00 pm):** Minor correction to natural science/math total to account for new MATH 2445 option which is 5 hours instead of the previous max for a math course (4).

**ddraper (09/23/16 12:17 pm):** Inserted footnotes for the BM and BFA honors requirements stipulating that no more than 3 hours of required colloquia may come from abroad or intersession courses.

**agriffin (09/27/16 1:51 pm):** Changed effective catalog year to fall 2017.
