Program Title	Bumpers AFLS -College Honors Requirements
Method of Delivery	On Campus
Is this program interdisciplinary or	No

use courses from another College?

Does this change the total hours needed to complete the program? **No**

Program Requirements, Description and 8-Semester Plan

Bumpers College Honors Program ~~Honors Program~~

The **Bumpers College Honors Program** ~~Bumpers College Honors Program~~ provides students with **opportunities to participate in academic, research and creative activities beyond** ~~opportunities for intellectual enrichment beyond~~ the traditional undergraduate experience. This is accomplished through ~~special~~ honors courses, completion of an undergraduate honors thesis, and other significant activities. Students must maintain a GPA of 3.50 and subscribe to the Statement of Ethical Standards to remain in the program. ~~The AFLS Honors Program~~

~~AFLS 400VH Honors Thesis (Sp, Su, Fa) 1-6~~

~~Students in the AFLS Honors Program are required to complete 9 hours of honors courses from any college. The AFLS Honors courses include: Honors students are also required to complete 6 hours of thesis credit. Statement of Ethical Standards: Standards states:~~

AFLS 1011H	Course AFLS 1011H Not Found	1
AFLS 3131H	Honors Management and Leadership (Irregular)	1
AFLS 3413H	Honors Proposal Development (Sp)	3
AFLS 3512H	Honors Rotations in Agricultural Laboratory Research (Sp)	2
AFLS 4431H	Honors Exploring Ethics (Fa)	1
	Honors Special Topics (Irregular) (Topics include: Leadership Development in Food Policy	1
AFLS 401VH	Issues, Personal Excellence, Professional Topics include: Development, and Contemporary Readings.)	3

“As a member of the **Bumpers College** ~~AFLS~~ Honors Program, I pledge to uphold the ethical standards of honesty and trustworthiness in all academic and research/creative activities. I recognize that it is a privilege to be a member of the University of Arkansas Honors College and will dedicate my efforts to ensure that the highest levels of ethical standards are maintained.”

Student Eligibility Requirements

There are several avenues by which qualified candidates can become eligible to participate in the Bumpers College Honors Program. Students will receive an invitation to participate in the Honors Program if they are incoming freshmen with an ACT of at least 28 and/or a high school GPA of at least 3.50. Transfer students will be invited if they transfer no more than 62 hours with a college GPA of at least 3.50. Currently enrolled freshman and sophomore students who have completed less than 62 hours with a college GPA of 3.50 or greater may apply for admission to the Honors Program through the Honors College website

[\(http://honorscollege.uark.edu/\)](http://honorscollege.uark.edu/). Students wishing to join the Honors Program after completing 62 hours of college credit may petition for admission by submitting a plan of study to the Bumpers College Honors Program Director documenting how they propose to incorporate the Honors Program requirements into their remaining degree requirements.

To be eligible for continued participation in the Honors Program, students must maintain a cumulative 3.5 GPA and actively work toward earning an Honors degree designation. Students will be considered academically ineligible when:

- a student's cumulative GPA is below 3.5 for two consecutive terms or
- a student's cumulative GPA is below 3.0 for one term.

Students are required to prepare a proposal for study and identify an honors mentor who mutually agrees to the topic proposed by the end of 80 hours of course credit completion.

Honors Orientation

All entering freshman honors students are required to complete AFLS 1023H. This course will cover the requirements of UNIV 1001 and provides an overview of the Bumpers College Honors Program, program requirements, research and creative project requirements, and to introduce all honors students to potential undergraduate student mentors as a part of the Honors Mentor/Mentee program.

Honors Curriculum

Graduation with Honors Distinction from the College requires that each student must complete 15 credit hours in the Honors Program. Each student must complete at least 9 credit hours of Honors courses and at least 3 credit hours of thesis hours with a faculty mentor on the student's honors committee and thesis culminating their program. In addition to honors courses taken within Bumpers College, students are also encouraged to take Honors courses in other colleges as well.

Students are encouraged to complete 6 credit hours of Honors courses during their freshman year. This will qualify students for research and international program funding from the Honors College.

Honors Project

All honor students are required to develop and complete an honors thesis or creative project appropriate for their degree and interests to graduate from the Honors Program. Traditional research projects, such as laboratory and field studies and surveys are encouraged and welcomed in addition to novel methods of research that may be accomplished at sites other than on campus or on research stations. Creative projects are also allowed with the approval of the student's Honors Committee and a final written document is required. The thesis or creative project should consist of at least one semester of proposal preparation, one semester of data collection or creative design, and one semester of thesis preparation. Honors students are encouraged to develop proposals for funding of their projects, as well as to conduct and present their results.

The student's Honors Mentor and Honors Committee prior to graduation from the Honors Program will approve the honors thesis or creative project. Upon approval and graduation, an original copy of the honors document will be submitted to the University Library. Publication of the thesis in an appropriate venue is encouraged. Creative and research thesis project guidelines are available on the Bumpers College Honors Program website (<http://bumpershonors.uark.edu/>).

To support their research or creative projects, participants in the Honors Program are eligible to apply for undergraduate research grants from the Arkansas Student Undergraduate Research Fellowships (SURF) program awarded by the state, the University Honors College, and from the Bumpers College. The results of the student's original research or creative project can be published in *Discovery*, the undergraduate research journal of the Bumpers College or *Inquiry: ~~The~~ the University Journal of Undergraduate Research and Creative Activity*. Honors students can also apply to the Honors College for Study Abroad and conference grants and to the Bumpers College Study Abroad program. Students who have fulfilled the requirements of the Bumpers College Honors Program will be recognized as graduating with Honors Program Distinction. The transcript and diploma will designate the student as an honors program graduate of the college. At the college commencement ceremony, each honors graduate will wear special **regalia, ~~regalia and~~** have the title of his or her honors thesis and mentor's name listed in the graduation **program, and be recognized separately as part of the Bumpers College Honors Program graduates. ~~program.~~**

Honors Graduation

Honors students enrolled in the Honors Program will be expected to perform at very high levels of achievement, earning credentials beyond the classroom experiences. Therefore, they will be eligible for several privileges during commencement not accorded to other students in the College.

Bumpers College honors students will graduate as a body and as members of the Honors Program at the College Commencement each spring. Separate regalia consisting of appropriate honors hood, stole, braid, tassel, and/or mortarboard will distinguish all students in the Honors Program. Students graduating from the Honors Program will be further distinguished from students receiving traditional College and University recognition of scholastic achievement (distinction, high distinction, or highest distinction) by graduating cum Laude with Honors Distinction, Magna cum Laude with Honors Distinction, or Summa cum Laude with Honors Distinction if cumulative grade point averages of 3.5 to 3.74, 3.75 to 3.89, or above 3.9 are maintained, respectively.

Incentives for student participation in the Honors Program include:

- **Transcripts of honors students will specify that they are graduates of the College Honors Program.**
- **Honors students may request project support by applying for a grant from Bumpers College Undergraduate Research and Creative Project Grant Program.**
- **Honors students have the benefit of working one-on-one with faculty members on research or creative projects.**
- **Honors students will be eligible to apply for competitive scholarships supporting undergraduate honors studies or research (i.e., SURF grants).**
- **Honors students will receive all other rights and privileges as outlined in the Honors College benefits.**

Are Similar Programs available in the area? **No**

Estimated Student Demand for Program: **120**

Scheduled Program Review Date: **NA**

Program Goals and Objectives: **NA**

Learning Outcomes: **NA**

To better align the Bumpers College Honors Program with the majors within the college, the following changes are requested to catalog copy.

Description and justification of the request:

- 1) Total hour requirements remain at 15 hours;
- 2) Thesis hour requirement changes from 6 hours to 3 to 6 hours;
- 3) Honors course requirement changes from 9 hours to 9 to 12 hours.

The remaining catalog text for the program is updated to help the students better understand the overall program requirements and expectations.
