	Justification	Due to school- and university-wide need for honors-level courses and per the request of the AFLS dean, the request is being made for an honors section.	Human Development and Family Sciences faculty voted to change the prefix for HESC courses to HDFS in order to more clearly identify Human Development and Family Sciences courses. This also brings HDFS in line with both the Apparel Merchandising and Product Development and Human Nutrition and Hospitality Innovation areas, who have also recently adopted unique prefixes. Finally, it helps minimize confusion in degree program undergraduate and graduate catalogs.
