## Graduation Requirements for the B.S.I.B. Degree

---

Each student must have a 2.00 cumulative grade-point average in each of the following areas: all work completed at this university, all courses in the business core, and all designated international business courses/functional concentration/world language courses. In addition, students must earn a grade of "C" or better in each of the pre-business core courses.

Courses that are required in either Walton College or the international business core and also are required in one of the business concentrations cannot be used to satisfy both requirements. For example, students who take FINN 3703 to satisfy the finance concentration requirements cannot also use it to satisfy the international business requirements.

Students with no previous world language training or only rudimentary knowledge of a world language will be required to complete up to nine hours of additional world language requirements — in addition to the nine hours of specified language.
