Description and justification of the request

<b>Description of specific change</b>	<b>Justification for this change</b>
<p><b>Requesting to inactivate program. This certificate program has not been successful in recruiting students. There has not been any student enrolled in the program for a number of years. Inactivating this post-master’s certificate will allow program faculty time to continue conversations about the potential reconfiguration of this certificate program at a later date. However, if these conversations do not result in actions/strategies that can potentially result in increased recruitment/student demand, the program should be deleted/removed from program inventory as planned in 5 years.</b></p>	<p><b>Justification included in description prior to system upgrade.</b></p>
